

THE ADVERTISER

THURSDAY, FEBRUARY 20, 1879.

The U. S. Senate has passed the bill restricting Chinese immigration.

Benj. F. Jones is the name of the new U. S. Senator from Louisiana.

The Nebraska Legislature will adjourn about next Monday at midnight.

President Hayes has approved the act allowing women lawyers to practice at the bar of the U. S. Supreme Court.

A plan to colonize negroes of the South in Montana, is favorably regarded amongst the intelligent class of negroes.

S. F. Nuckolls, founder of Nebraska City and an ex-Delegate in Congress from W. T., died in Salt Lake City on the 14th inst.

The Rogers locomotive works at Patterson, N. J., were destroyed by fire on the 13th. Loss in buildings and machinery, \$250,000.

Inflated beerbottles and red nosed whisky tipplers, with fat pocket-books, can sometimes subsidize the entire press of a metropolitan city. — Omaha!

The Omaha whisky and beer power is immense. It runs as well oiled machinery, all the newspapers of that city, irrespective of party or previous condition of servitude.

In the great billiard tournament just ended in New York, Schaefer was awarded the first prize, \$1,000, in gold and silver ware. Slossen took second prize, Sexton third and Daly fourth.

The greenbackers of Congress say that in the next Congress they will have seventeen members, holding the balance of power; and will act with no party in any measure adverse to the greenback interests.

The papers say that Gutz of Omaha, Bership of Nebraska City, the two rich old brewers of Nebraska, after successfully combatting the prohibitionists, at Lincoln, have gone home happy.

Senator Church Howe introduced a bill for an act providing for collection and preservation of statistics relative to grain, fruit trees, and stock, and prescribing the duties of officers relative thereto.

The bill appropriating \$10,000 to prosecute the Custer county lynchings has become a law. There are no provisions for bringing to justice the "gentlemen" at Nebraska City who recently murdered two negroes.

The Republicans of the Michigan Legislature have called Zack Chandler to the U. S. Senate, to succeed Christiancy, resigned. Another "star-wart," and the exchange is a profitable one to the country and the Republican party.

Senator Church Howe's local option bill has been laid on the table, where it will doubtless remain the balance of the session. Several bills regulating the liquor traffic has been introduced in the House, but no stringent law, or one better than we now have, need be expected by this legislature.

When the test vote was taken on the local option bill, introduced and championed by Senator Howe, "four friends of the measure" were absent and two enemies. We notice that "friends of the measure" make it convenient to be absent every time their votes are needed. Had those four been firm and at their posts of duty, the option bill would now be alive with fair prospects.

Great excitement was recently aroused in England over the news of a serious disaster to British troops in a battle with the Zulus, of South Africa, on the 23rd of January. The Zulus attacked an overwhelming number, making the conflict something like a massacre. The British had 30 officers killed and about 500 imperial troops and 75 colonial troops. The trouble was, the British underrated the fighting qualities and facilities of their heathenish adversaries.

The Nebraska Press Association, at its recent session, adopted the following:

WHEREAS, The publishers of newspapers in this State have been imposed upon by various advertising agents in the east, and swindled out of much advertising space that was valuable; therefore, be it

Resolved, That this association request its members to entertain no proposition for an advertisement, unless the pay therefor shall be all in cash or all in goods.

THE NEBRASKA ADVERTISER adopted that preamble and resolution 20 years ago, and strictly adheres to it.

The Adventists of Battle Creek Michigan, are about to erect a paper-mill. They will then be able to manufacture their own paper, stereotype and print it, bind it, and publish without assistance from the "world's people." Their growth has been marvelous. From a few wooden buildings, six or eight years ago, they now occupy the finest part of the city, and their numbers have increased from scores to thousands. Their property, consisting of a rickety printing office and a small water can, has increased to a magnificent sanitarium, costing \$125,000; a college, \$40,000; a tabernacle, \$50,000; and a large printing office and bindery, \$25,000—their society property being worth about \$250,000, all constructed within a few years.

On motion of Senator Howe, in committee of the whole, the capitol appropriation bill was amended to read \$7,000,000 instead of \$100,000. The committee then rose and reported without recommendation, but the bill will probably pass this amended.

The House has passed a bill creating a board of fish commissioners. A bill setting apart a half section of saline lands belonging to the State, for use of insane hospital, passed the house.

A bill passed for paying bounties for destruction of certain wild animals. Mr. Stout's proposition for six years further lease of the penitentiary has been accepted by the Senate. This is a further deadly thrust at home manufactures.

The Senate finance committee reported the following annual salaries not fixed by law: Deputy treasurer, \$1,200; deputy auditor, \$1,400; deputy commissioner public lands and buildings, \$1,400; adjutant general, \$500; deputy secretary of state was placed at \$1,500, and superintendent insane asylum, \$2,500, as fixed by law.

Congress did a just thing to the pensioners of our country by the passage of the late law granting them pensions from the date of discharge. It may now do another equally as just a thing for soldiers by passing a law equalizing bounties. If one soldier is or was entitled to bounty for serving two years or over, at the rate of \$8.33 a month, so every soldier is equally entitled to the same amount for every month he served. We know soldiers who served well their country for a time lacking a little of two years, yet for this reason they have never received any bounty, while other soldiers, in the same service, who served only a few days over two years, received their \$200 bounty. This is not serving all alike, and is therefore very unjust.

The Nebraska City News went to the penitentiary the other day to see Richards, the Kearney county murderer, having a burning desire to interview and enlighten the world regarding that convict's dark deeds, as there has been hardly anything said by the papers about him. In giving a "pen picture" of Richards, Mr. Potter, who is a literary gymnast, stood on his head and said:

"Richards stands six feet two inches in his stocking feet, has brown hair inclined to be curly, a pleasant eye, and is but twenty-two years of age." And it was only last Spring that Mr. Potter, the poor fellow, took the pledge.

Atholton Globe: John H. Croxton of Nebraska City, is at Lindell. Mr. Croxton was once the Democratic candidate for Governor of our sister State, and he and Senator Tipton were so rash as to engage in joint discussion with O. P. Mason, the Ingalls of Nebraska. In referring to some of their statements, Mr. Mason said: "Now, Tipton, the old scoundrel, knows better; but as to old Grandmother Croxton, I don't know whether she does or not!"

Roek Port Journal: On both Saturday and Sunday nights last an unsuccessful attempt was made to ditch the south-bound passenger train on the Kansas City, St. Joseph and Council Bluffs road, near Craig. Piles of cord wood and ties were placed across the track, but the engineers discovered them in time to prevent any harm.

Senator Widom, on the 17th, presented a petition of the negro co-operative association of Shreveport, La., favoring the passing of the resolution regarding the migration of colored people. It was signed by a large number of ministers representing the colored congregations of that place.

John Bertz, of Bushnell, Ill., and Frank Fees, of Seward county, Neb., both young men, were run over by cars at B. & M. depot, Lincoln, on Friday last. Bertz lost both his feet. He may live. Fees' thigh was crushed, and he died soon after amputation.

A man named Jim Johnson was shot and killed, at Rulo, on the 15th inst., by Garret Joy, a stone mason of that town. According to reports Joy acted in self defense. The row was about Joy's wife, whom Johnson persecuted in insulting.

A bill has passed the lower house of the Missouri legislature reducing the legal rate of interest to 5 and 6 per cent. The Globe Democrat says the bill should be entitled an act to drive capital out of the State.

By the proceedings of the anti-temperance people of Omaha, which we publish to-day, one is enlightened as to the kind of trash and falsehood that aways the Omaha press and the Omaha legislators.

U. S. Senator Vorhees, of Indiana, is earning the gratitude of soldiers of the Mexican war by his effort to procure the passage of a law granting them pensions.

The Democrats of Congress are going to attempt the repeal of the test oath. Well, let it be repealed—what good did it ever do any way?

The Fairmont Bulletin of the 13th inst., was filled with excellent matter advertising Nebraska, Fillmore counvils, and the city of Fairmont.

A bill providing for the construction of a bridge across the Missouri river at Decatur, Nebraska, has passed the U. S. Senate.

Proceedings of an Anti-Temperance Meeting in Omaha.

The fight over the liquor business, so far as the legislature is concerned, is about over, yet we will publish the following for the curiosity of those of our readers who perhaps never saw such a mass of logic in so short a space.

And as the resolutions may be taken as embracing about all the arguments and points in favor of regulated whisky and free drunkenness, they may be to every one a source of interest. We copy from the Republican:

Metz Hall was crowded last night by a mass meeting of citizens of every nationality who assembled for an expression of views on the proposed prohibitory law. P. Andres, president of the Turn-Verein, called the meeting to order.

Charles Bankes was elected president and in a brief but good speech stated the object. Homer Stull and Charles Smith were elected secretaries, and A. Jones and E. M. Stenberg vice-presidents. Hoffman's orchestra furnished music during the meeting.

Speeches were made by Alf. Jones, Col. E. F. Smythe, Judge Hasler and J. Jones. Carrigan, of Blair, all tending towards a denunciation of the proposed law, except Mr. Carrigan, who at the start gave his hearty apology for Dr. Miller.

At the close, Mr. Lyon, and C. Smith were appointed a committee on resolutions and presented the following which were adopted:

WHEREAS, A set of fanatics, styling themselves the temperance committee, who form a small but active and noisy party, are working with might and main to encompass the passage by the State legislature of a law to prohibit the sale of spirituous liquors, wine, beer and even cider;

AND WHEREAS, We are all in favor of true temperance, by which we understand the moderate indulgence of anything, whether it be in food, drink, or any other pleasure, and as we are opposed to allow any man or any set of men to dictate to us what we may drink or may not drink, any more than we would tolerate their dictating to us what we may eat or not eat;

AND WHEREAS, The passage of such a law is opposed to the constitution of the United States, as well as to that of the State of Nebraska, which constitution guarantees us full personal liberty;

AND WHEREAS, Such legislation as that proposed by the self-styled and so-called temperance party will prove a serious check to immigration into our young State, whose greatest need is population to develop her latent resources;

AND WHEREAS, The prohibition law will prove a serious blow to our agricultural interests, as it will deprive the farmer of a ready sale of millions of bushels of grain in a market on the spot; and thus reduce the price of grain by glutting the market with a surplus, a proceeding that will bring poverty into the household of many a farmer; therefore be it

Resolved, That this mass meeting do hereby protest against the passage of the infamous prohibitory law, and demand that copies of these proceedings and resolutions be forwarded to each of the senators and representatives from Douglas county with a request to cast their vote against the passage of the bill.

Resolved, That a copy of these proceedings and resolutions be forwarded to his Excellency, the governor, with a request that if the bill be passed he may veto the same.

Resolved, That this mass meeting, consisting of citizens of all parties, recognize the fact that the efforts made to force sumptuary laws in Nebraska, are due to the Republican party, who have hitherto tolerated majorities in the State and in the present legislature;

Resolved, That should the Republican majority persist in their efforts and succeed in passing the prohibitory law, that every citizen, irrespective of party will at the next election in 1880 use his efforts to prevent the election of a Republican legislature, and to elect a Democratic legislature;

Resolved, That the chair appoint a committee of three to present these resolutions in person to the governor, the president of the senate and speaker of the house.

Resolved, That a committee on printing be appointed by the chair to have the proceedings of this meeting printed, and a copy sent mailed to every member of the legislature.

A committee consisting of the chairman of the meeting, Col. E. F. Smythe and F. Krug, was appointed by the president to present the resolutions to the governor, president of the senate, and speaker of the house.

Of the \$45,000,000 fractional currency issued, there remains outstanding about \$16,000,000, of which amount \$2,000,000 is 3 and 5 per cents. It is now estimated there will ultimately be redeemed only \$4,000,000 of the \$16,000,000, leaving \$12,000,000 as profit, that amount being lost or destroyed.

TUTT'S PILLS!

A NOTED DIVINE SAYS THEY ARE WORTH THEIR WEIGHT IN GOLD READ WHAT HE SAYS:

Dr. Tutt's Pills: Dear Sir: For ten years I have been a martyr to Dyspepsia, Constipation and Pile. Last Spring, I was recommended to you; I used them (but with little faith). I am now a well man, have good appetite, digested food, regular stool, fine nose, and I have gained forty pounds solid flesh. They are worth their weight in gold.

Rev. L. L. SIMPSON, Louisville, Ky.

Dr. Tutt has been engaged in the practice of medicine 30 years, and for a long time was Demonstrator of Anatomy in the Medical College of Georgia, hence persons using his Pills have the guarantee of scientific principles and are free from any deleterious ingredients. This being the case in combining them with the heretofore antagonistic medicinal substances, a strengthening, purgative effect is produced, and the food is properly assimilated. Thus the system is nourished, and the liver and bowels are kept regular, a condition which is highly essential to good health.

While the moderate indulgence of anything, whether it be in food, drink, or any other pleasure, and as we are opposed to allow any man or any set of men to dictate to us what we may drink or may not drink, any more than we would tolerate their dictating to us what we may eat or not eat;

WHEREAS, The passage of such a law is opposed to the constitution of the United States, as well as to that of the State of Nebraska, which constitution guarantees us full personal liberty;

AND WHEREAS, Such legislation as that proposed by the self-styled and so-called temperance party will prove a serious check to immigration into our young State, whose greatest need is population to develop her latent resources;

AND WHEREAS, The prohibition law will prove a serious blow to our agricultural interests, as it will deprive the farmer of a ready sale of millions of bushels of grain in a market on the spot; and thus reduce the price of grain by glutting the market with a surplus, a proceeding that will bring poverty into the household of many a farmer; therefore be it

Resolved, That this mass meeting do hereby protest against the passage of the infamous prohibitory law, and demand that copies of these proceedings and resolutions be forwarded to each of the senators and representatives from Douglas county with a request to cast their vote against the passage of the bill.
