NEBRASKA ADVERTISER

A GENEROUS OFFER.

We address the following to the intelligent people of Nemaha county, and especially to the Republicans, and ask their careful and generous consideration of what we say and propose,

Believing that this is an auspicious time to solicit subscribers, and that

THE ADVERTISER

ought to be and can be greatly increased, at this time, if due effort is made, we now offer, to new subscribers,

THE ADVERTISER to November 15th, 1880, for \$2.00 in Advance.

This offer we extend to present subscribers whose time expires while this proposition holds good.

THE ADVERTISER has just entered upon its TWENTY-FOURTH year. It will continue, as in the past, to use its best efforts to be the best county paper, irrespective of locality, magnanimously wishing for and working for the success of all; never tolerating the injudicious and selfish idea that it is necessary to crush one locality to build up another. Whilst all matter must be suhordinate, or secondary to this local feature, THE ADVERTISFR will continue to be deservedly 100 popular in the families of the people, on account of its choice literary matter, and its fearless and positive style of advocating what it believed 100 to be best, socially, morally and politically.

Why is this a good time to subscribe, and why extend the inducement to subscribe to November 1880? The Presidential campaign of 1880 will soon be open-in truth we may say, the "Confederate Brigadiers" of Congress having forced it, it is upon us now; whisperings are already heard in the rural fields of local politics; politicians and office-seekers have already begun to play their cards; hence every intelligent, wideawake person who feels an interest in the movements being made, and to be made, on the political chess-boards, national, State, and local, should 7 06 take THE ADVERTISER, which, it is conceded by all, to be stalwart, independent, consistent. Having NO AXES TO GRIND, nor cliques or rings to nourish and foster, it is

Fearless and Free in Opinion,

strikes to hurt, seldom wears gloves in doing its work, and never uses words to conceal its ideas. By computing the time, the importance of our offer to new subscribers

will be readily seen, and that if taken advantage of at once, they may re-

ceive our paper SIXTEEN MONTHS FOR TWO DOLLARSthe yearly subscription price-a rate less than \$1.50 a year. Postmasters of the county are requested to receive for us and forward subscriptions and money. Send in your names promptly, to us or our agents, and receive the benefit of this unprecedentedly low price from the

very beginning of our campaign terms. If any one will make the effort among their neighbors to get us subscribers and will send us not less than ten names of new subscribers, we will send them a copy of THE ADVERTISER free during the time

On the terms offered we connot accept any names unaccompanied by the cash, nor can we receive on these terms any aubscription for less tha the full time named. Our object in making this liberal offer to extend through the coming great campaign of 1880, is to get our paper into the hands of the Republican party as fully and completely as we possible can. And we earnestly ask the co-operation of our friends in every
