Isaac Black, formerly of this county, now of Bloomington, Neb., and Maggie Ross, of Douglas county, Kansas, were married at Lawrence, Kansas, last week. Last Saturday was the meanest and dirtiest day we ever saw. Not cold, but a regular young cyclone howled all day, keeping up a dense fog of sand and dirt.

FOR SALE OR TRADE.—Two dwelling houses in Brownville, good locations. Will sell cheap or trade for land. Address, R. A. HAWLEY, 40w2 Sutton, Neb. The grand jury last week found several indictments against Conrad Schriener, a beer brewer of this city, for selling his liquor without proper authority and to minors. He gave bail to appear at the next term of the court. We learn that the U. S. authorities will also make trouble out of this.

The following is a list of judges and clerks to serve at the ensuing city election; and the voting places of the different wards: First Ward—at Dr. Crane's office (Roy's old stand). M. M. Conner, J. Fudge, F. August, Judges; A. Conner, L. L. Hulburd, clerks. Second Ward—at Court House. J. Love, M. L. Emery, Robt. Carr, Judges; J. Cochran, D. J. Arnold, clerks. Third Ward—at Whittemore's store. Last Saturday, upon information of Policeman John Love, in Judge Stull's court, Mr. A. W. Nickell, a prominent druggist of this city was arrested by Sheriff Kleckner for retarding alcoholic liquors in violation of law. Mr. Nickell being arraigned, entered the plea of guilty and Judge Stull fined him \$25 and costs. Considering the standing of Mr. Nickell in the M. E. Church, as treasurer of the American Bible Society, and as a member of the Temple of Honor, to be thus compelled to plead guilty to so undignified a charge must have been intensely humiliating to him. Since the above was put in type we received Mr. Nickell's defense, and for fear of being unjust to our reflections, we forbear further remarks. It is true that there are two sides to nearly everything.

The following gentlemen are mentioned as candidates, not by their own solicitation, we believe, but by their friends who desire to utilize just now their supposed merits and popularity: For Mayor, John L. Carson. For Police Judge, Oscar Cecil. For City Treasurer, S. A. Osborn. For Councilmen, in the first ward, W. A. Polock will be voted for by the prohibitionists, and W. W. Hackney by the saloon advocates. In the second ward J. W. Trowbridge will be the prohibition candidate, and the whiskeyites will whoop it up for Alex. Robinson. In the third ward Lewis Hill will be run for re-election by the prohibitionists, against Charles Neidhart. These are all good men outside the question of temperance. Mr. Schick, who had been favorably spoken of for Police Judge, declines the honor, and Mr. Cecil, we presume, will have no opposition. We have heard of another candidate than those we have mentioned.

Mike Barada, while at the Island last Monday landing his boat with wood, was suddenly seized with inflammatory rheumatism, which caused his friends some alarm, but we are pleased to say he is better now. Falls City News. We regret exceedingly that in our notice of the Brownville Pinafore Company, after their rendition of that opera in this city, we neglected favorable mention of James C. McNaughton, Esq., who had a prominent character in the cast, and to whose energy and good judgment the success of the performance was more largely due than that of any other member, if we except, perhaps, Miss Cora Gates. Mr. McNaughton not only played and sang his part in an excellent manner, but as business manager of the troupe he closely watched every detail, and the result was a gratifying financial success. The notice was hastily written, just before going to press, which is our only excuse for the omission, and we trust it will be pardoned by Mr. McNaughton and each member of the excellent combination of musical talent.

I have for sale, cheap, some choice lots, in Nemaha City, for those who want to build. WM. H. HOOVER. A ticket headed "Temperance Ticket," printed at the Granger office, has been placed in our hands. The names on this ticket are as follows: J. L. Carson, for Mayor; police judge, L. L. Hulburd; Clerk, B. B. Thompson; Treasurer, T. L. Schick; Marshal Wm. H. Loranee; Councilman, First Ward, W. A. Polock; Second Ward, B. M. Bailey; Third Ward, John S. Minick. We do not know the getter up of this ticket, but it seems to us to have been not well considered; for Judge Hulburd, Mr. Thompson, Mr. Schick, Mr. Bailey and Mr. Minick, have each authorized us to say to the voters of this city, that their names are used on said ticket without their knowledge or consent; that they are not, and will not be candidates for the offices for which their names are used, and that if elected, would not serve. The people must be on their guard against deceptive, or "bogus" tickets, and let their be a free and fair election, and the will of the majority respected and enforced.

For a good set of harness fully warranted, go to Souder's. Extra copies of the ADVERTISER at A. W. Nickell's. We publish to-day an article from the pen of Mr. Nickell, regarding his arrest and fine for selling intoxicating liquors without a license. We will refrain from comment at this time, and until the charge is investigated by his brethren of the Temple of Honor, except to say that we feel sure he is mistaken in saying that his prosecution was prompted by the advice of enemies. His arrest was advised by at least some of his friends, for the purpose of vindicating the temperance and to give Mr. Nickell an opportunity to vindicate himself of the numerous charges and rumors that he was illicitly and constantly selling intoxicants to toppers and everybody else who could bring a doctor's prescription.

Organs! at low prices for cash or on monthly payments—by D. T. Smith. Samples at B. STROBLE'S. There seems to be some misapprehension regarding the qualification of voters at city elections, and to prevent dissensions and quarrels regarding this matter we will here quote the law. On page 208, in laws of Nebraska, 1879, Section 61, under title of "General provisions applicable to cities of the second class, and villages," reads as follows: "All qualified electors of this State who shall have resided within the limits of any city of the second class, or village for three months preceding any election therein, shall be entitled to vote at all city and village elections."

This provision, it will be perceived is a special law for cities of the second class, and villages, and does not conflict in any way with sec. 3, page 240, of the law governing general elections, which requires electors to reside in the "precinct, township or ward, ten days." The first has reference to city and village elections only, while the second governs general State or county elections. Persons frequently, misunderstanding the application of these statutory provisions get them confused, and conclude there is a conflict, when in reality there is none. Then let it be understood that the city election next Tuesday will be under the law which requires three months residence of electors.

Fairbrother: DEAR SIR AND BROTHER:—I have just looked over the BROWNVILLE ADVERTISER, for this week, and am so well pleased with it that I cannot refrain from writing and thus expressing myself. I am constantly receiving temperance papers, but I receive none from east or west more staunch than is your paper. Such an editor is a real factor in any community in which he lives. I am also glad you are getting along so well with your temperance work in Brownville and throughout the county.
