

Gen. Grant met with a nice reception at New Orleans.

140,000,000 bricks have been used in Chicago within six months past.

The Republican State Central Committee meets on the 25th inst at Lincoln.

The U. S. Senate has passed the bill providing for an international exhibition at New York in 1883.

Lincoln Democrat: The delegation from this State to Cincinnati is a Tilden delegation and we are sorry for it.

Thirty-five thousand emigrants have landed at New York from Europe since the beginning of this year.

Senator Paddock's bill to equalize homesteads, by allowing persons who cannot get 160 acres in one body, to locate the balance elsewhere.

A Chicago lawyer named Patten was recently sentenced to imprisonment six months in the county jail, for attempting to bribe jurors.

Senator Blaine caused astonishment amongst his stalwart friends a few days ago, when, like the traditional oon, he "came down" and favored a "ride" on an appropriation bill.

New York Independent: The prevalent good humor of the republican party, notwithstanding its conflicts as to candidates, gives a good prospect that at last the right ticket will be selected, and that it will be successful.

Senator Paddock has done the job for Balcombe. The Senate has refused to confirm him as U. S. Marshal. It wasn't Balcombe so much as it was the Bee that Pad. "went for." He didn't want the Bee confirmed, and that was a sensible idea.

PHOENIX, Ill., April 4.—Joseph Shoch, a carpenter making repairs on a mash-tub at the Monarch Distillery, yesterday, fell in, and was scalded to death.

There it is again—whiskey is a bad thing to do with, any way you may take it.

The Republicans of Jacksonville, Mississippi have organized a Republican club. More than one hundred joined the club on the evening of its formation. A series of resolutions of the true kind were adopted, and amongst them one endorsing Gen. Grant for President.

The temperance people of Lincoln, Ill., intend to erect a tabernacle at the cost of \$10,000. It is to be one of the best buildings of the kind in the city. It is to have a fine stage, full set of scenery, and is to be used for lectures, theaters, balls, and such entertainments. It will add greatly to the appearance of the city. It is to be used for temperance.

Blair Pilot: We don't think it necessary to quarrel with those republicans who differ with us in their choice. We expect all will submit to the popular expression indicated at Chicago and work as enthusiastically for the nominee as they would had their choice received the nomination. If they do not do this they are unworthy the name of republicans.

Crete Standard: A secret Irishmen's meeting was held at Philadelphia recently and a committee was appointed to organize a revolutionary movement in America to free Ireland from England's rule. Circulars have been issued to 1,000 Irish societies and organizations and a convention will be held in Philadelphia, lasting from June 24th to July 3d, to further their project.

The Democratic leaders who met at a State convention at Columbus last week elected delegates to the National convention, as follows:

George L. Miller, Sterling Morton, Dr. B. S. Maloney, James E. North, J. W. Pollock, F. A. Harmon.

This outfit has each fitted snugly to his neck a brass collar inscribed "George L. Miller, his dog," and of course is solid for Tilden.

SPRINGFIELD, Ill., April 4.—The Springfield firm of Company Saturday advanced the wages of their employees in all departments of the mills—over 800 in all—10 per cent., restoring wages to the prices paid before the reduction in the summer of 1875. This advance was made voluntarily, the men knowing nothing of it until the bulletin was posted to-day.

NEW YORK, April 4.—The carpenters and fresco-painters ask fifty cents a day advance in wages.

KOKOMO, Ind., April 4.—Mr. John Walsh, a gentleman of this city, while in swimming, nearly ten years ago, accidentally got a pebble, about the size of a bean, in his ear, which has been the source of considerable trouble and pain to him, having gradually worked its way to the brain, on which it constantly pressed, and which affected the muscles of the jaw that he was compelled to try open his mouth in order to relieve food. The stone was removed by the physicians on Monday, relieving him of great pain, which he had been compelled to endure for ten years.

TECUMSEH CHIEFTAIN: Mrs. Comstock of the Freedman's Relief Society, addressed a large audience at Bartlett's Hall in this city on Wednesday evening last. She recited some of the many beautiful stories that have been committed on the colored people by charity, and the general human treatment they are still receiving, in consequence of which they are compelled to leave the sunny south and

seek homes elsewhere. The State of Illinois has agreed to furnish homes and employment for fifty thousand of these oppressed people, and large numbers are to be sent to nearly all the northern States. Johnson county will receive its quota, as a number of families were applied for at the meeting. None will be allowed, except to those who apply for them.

The Democrats profess horror at the idea of Grant and third term; and a fellow of the Ohio Democratic committee the other day said it meant "Empire." He lied when he said it, and every person, Republican or Democrat, who intimates that such a result is possible in this country, is a knave or a fool. The truth is, deduced from the strongest evidence, that the greatest danger menacing our republic is the fact that it is a Democratic party. That party, while like the thief that it is, cries "Caesarism," "empire," has been and is now, in every locality, and State, officially and otherwise, where it has the power, subverting and setting aside Republican government. It is by such anti-republican and anti-democratic practices, that we have a solid South; that there are none with a grain of honesty who will deny that with a fair expression of all the votes of the Southern States, the Republican party is stronger than all other parties in those States. By the most flagrant violations of republicanism by the late Democratic outrages in Maine attempted, and it having the general approval of the Democratic party, and all the national leaders of the party, is as strong evidence as the loyal people could desire, that what they attempted to do with a State they will do or attempt to do with the Nation the very first opportunity they have. The Democratic party, led as it is by such a man as Grant, is as much to be dreaded as the Brigandier in Congress, and the plaudits of his treason-baiting co-workers, declared their intention of overthrowing constitutional provisions, laws, and supreme court decisions, because of their conflict with the plans of the Democratic party to overthrow a republican form of government. And now they are bending all their energies preparatory to seizing the presidency and the government regardless of the true principles of a democratic government, regardless of constitution, laws, or the expressed choice of the voters of the country. Let the people who want to be right be not mistaken, or blinded, or confused, by the hypocritical cry of "empire." It is a rebel yell, it issues from the heart and throat of treason. It comes from those who would really prefer a monarchy to a republic. Cannot the people see that the terrible noise against Grant is in reality occasioned through a dread of something the very opposite of Caesarism; for more than the Democracy dread the rigid enforcement of the constitution and laws made to protect the people in their political, religious and social rights.

For Senator Saunders. The Seward Reporter has a Washington letter from which we extract the following: The amount of funds handled by Senator Saunders for the State of Nebraska was over \$52,000. To the faithful payment of this sum to the State Gen. McBride, who was then State Treasurer, has been borne witness, and caused the same to be published. The balance of the grasshopper fund was much larger than that handled for the State, and was all received and paid out by the State Bank of Omaha. So if, for instance, Mr. Nye had been anxious to know the truth of the matter, he could easily have learned it by stepping across the street to the Omaha National Bank and talking with Ezra Millard, who was president of the grasshopper committee, or he could have gone a few doors further and interviewed Mr. Ben Wood, of the State Bank. He could there have learned that every dollar and cent received by Senator Saunders as treasurer of the grasshopper fund had been paid out in order of the chairman of the committee. When will the time come when men who differ with others on political matters will have the manhood to do their own work justly? If a prominent public man commences to answer and deny every malicious charge trumped up against him, then will his life be a perpetual flou-bout.

Now, is Mr. Nye a figurative flea? and is it now smothered? Say, Mr. Nye, "step across the street" and talk with Mr. Millard, and then report truly the result. If you have been scandalizing the Senator unfaithfully, skin it back like a little man.

THE NEGRO EXODUS. Senator Voorhees Disgusted. WASHINGTON, March 31.—Senator Voorhees declines to go on with the exodus investigation because the negro witnesses the Republicans have brought to testify about Southern outrages "have such an offensive odor about them that it makes him sick," Republican Senators have not noticed any offensive odor, and think that it must be their testimony that makes Voorhees sick. The sickness first appeared when a carpenter named Adams, from Louisiana, named to testify, Adams related the circumstances of outrage after outrage of which he knew personally in which colored people had been murdered, wounded, whipped, and hung, some of them, including people of both sexes, and even children. He did not testify from hearsay, but from actual knowledge, and his testimony is such an arraignment of the white people of Louisiana as was never presented before.

His testimony covers a period of ten years, and makes 250 pages of incidents that will make the blood run cold. It was this evidence that made Voorhees sick, and he has since lost all interest in the investigation.

Lieut. Governor Carns was recently married at Omaha, to Miss Maggie Burke.

Bismarck was 66 years old on the 1st inst.

CYCLONE.

A Terrible Tornado Visited Ottawa, Kansas—Several Persons Killed—Great Destruction of Property. St. Louis, April 3.—A Post Dispatch special from Ottawa, Kansas, says a cyclone struck that place about 7 o'clock last evening, completely demolishing seven residences on Elm street, and badly injuring five others in the same vicinity. It then jumped five or six blocks and again struck the ground near the river where it destroyed several residences and barns, tore the roof off the K. C. L. & S. R. freight house and overturned several freight cars. In North Ottawa twelve or fifteen residences are totally destroyed or badly damaged. The evening train for Lawrence was caught at the junction a mile north of town. One passenger car and two freight cars were upset and one passenger seriously injured. The storm proceeded to the northeast, destroying the Spencer and Wilkinson and two other farm houses on its way. Among the persons seriously injured are S. F. Bevier and family, J. Marshall, A. H. Baldwin, Mrs. Black, Mrs. Harting, and Mr. Jones. A child of Mrs. Black was killed. Some 20 others are slightly wounded. Lumber and furniture are scattered for blocks around, and in some cases horses, cattle, wagons, and even persons were hurled through the air.

Fort Scott, Kas., April 3.—A special to the Monitor from Girard says at 7 p. m. last night a cyclone whirled up the valley of Thunderbolt Creek to within a mile of Girard, and then went directly east as far as the Missouri line. Seventeen houses were destroyed. S. A. Sanders, a carpenter, was killed. Mrs. Jones, living near Mulberry Grove, was killed. A five-year-old child named Morgan was badly injured that it will die. Many others were badly hurt. Grass, hedges, grain and trees were pulled out of the ground. Feathers flew from ponds, and houses torn to splinters. The track of the storm varied in width from 3 to 50 rods.

Mrs. Sarah E. Gordon, wife of Chas. Gordon, has commenced an action in the district court seeking to recover \$2,000 as damages from Thomas Brothers for selling her husband liquor on the 20th day of May last, which caused his shooting and wounding at Mcintosh, and imprisonment in the county jail. She claims \$5.00 per day during his confinement, which he derived her of the fruits of his labor and support.—Seward Reporter.

And here is another case from the same paper: Richard Conway filed complaint before Justice McLean on the 23d day of March, against Josiah Anderson, charging "that the said defendant on the 7th day of February, 1880, sold to said plaintiff a large quantity of malt and spirituous liquors at his place of business in the city of Seward, and caused the said plaintiff to become drowsy and totally unconscious," and while in this condition, the complaint further says, that plaintiff was taken into the cellar under the saloon by the defendant or his servants (to sleep) and while there the sum of \$15.00 was stolen from him, this sum he now seeks to recover with costs of suit, from the defendant.

The saloon keepers and their bondsmen, are held responsible for all damages occasioned by their drunk customers. If the law is enforced Jordan will be a hard road for drunk makers to travel. The "Law and Order League," now numbering hundreds in Nebraska county, will see that every violation of the liquor law finds adequate punishment in this county in the future.

A War Whoop From Pawnee. Pawnee Republican. Gen. Remick arrived in the county last week, having come by request of C. E. Perkins, vice president of the C. B. & Q. railroad, to consult with our citizens in regard to the proposed route of the B & M. through Pawnee. Surveys have been made from the Missouri river east and west, and the company will proceed to make a survey across the county to connect with their lines. About the first of May they will be able to decide which route would be most profitable for them to take. If our people take hold of the matter in the right spirit, and show sufficient encouragement to warrant it, a proposition for aid will likely be submitted to the tax-payers of the county about the 10th of May. If a proposition for aid is submitted and carried, the road will be built.

The Omaha Herald says J. S. Morton has recently been elevated again to the leadership of the Democracy of the State. And so, in consideration of the aid and comfort received from that "bar," the Herald is for Tilden, and in consideration of the Herald's friendship Morton must be for Tilden. A rather startling bargain, for Mr. Morton, we should think.

WASHINGTON, April 1.—The Senate Exodist Committee to-day examined James T. Hapner, colored, of Alabama. Among the reasons which contributed to the exodus in Alabama he mentioned poverty of the soil, want of school facilities, and local laws prejudicial to the interests of black children.

The rumor that the steamer containing Gen. Grant and party was lost in the recent gales occurring on the Gulf, is unfounded.—Seward Post. Ah, what a thrill of relief and gratitude will this announcement from the Post cause throughout this great republic. We had begun to be real uneasy.

Seward Reporter: Farmer Gore, whose homestead lies about five miles northeast of Utica, had the misfortune to lose his stable by fire last Sunday afternoon with four head of horses. His children were playing with matches and started the fire.

Bismarck was 66 years old on the 1st inst.

A New Railroad Project.

The importance of direct railway communication with the great marts of this country is constantly pressing itself upon the people of Rock Port, and the necessity for adopting some settled and well-defined line of action for the purpose of accomplishing this end, is growing more and more apparent. The latest, and perhaps most feasible project is the building of a road from Brownville via Rock Port to Burlington Junction, forming a connection with the Wabash, St. Louis and Pacific. Our people have had assurances from the officers of that company that they would take hold of the project; leastwise they have promised to give the matter early and serious consideration, and we believe with many of our leading and most influential citizens that the time for action has arrived.

The route from the Missouri river to Burlington Junction is better than the average of that of the main line of the Wabash in this State, and the territory through which it would pass, and which would become tributary to the new line, is not to be surpassed anywhere. It is a grand country, and its capabilities are simply beyond comparison.

That the proposed line would be a powerful feeder to the Wabash line will scarcely admit of a doubt. The products of this country are wonderfully enormous, and all things being equal, St. Louis would get the bulk of it.

The people residing along the proposed road in Atchison county have always favored an east and west line of road, and will contribute most liberally to an enterprise of this sort. They are thoroughly alive to the importance of the undertaking and will speak in no uncertain tones when called upon.

Prominent citizens of Brownville have also recently expressed a willingness and desire to contribute to this enterprise, and stand ready to join hands with us in carrying out the project.

A meeting of our citizens will be held at an early day—possibly next week—to consider and mature some definite line of action.

George E. Greene, Johnson Co. Nebraska, was recently found dead in the Nemaha river. It is believed his drowning was accidental.

E. K. Allen, express agent, has been arrested for the recent heavy robbery of a bullion from the U. P. cars at Sidney, Neb.

A boy aged 10, named Rogers, of Sanders county, was recently burned to death in a prairie fire. The fire also swept away all Mr. Rogers' buildings and stacks.

Geo. W. English, treasurer of Bordenstown, N. J. hanged himself on all four days.

It is reported that a long continued drought has caused a failure of the tobacco crop in Cuba.

Mrs. Ottman and Miss Hanna were recently drowned, near Terre Haute, Ind., by the upsetting of the wagon in which they were riding.

At Silver Lake, near Warsaw, Ind., on the 21st inst. the residence of Mr. Holloway was burned, and his wife and child perished in the flames.

In Clark county, Ky., 1st inst. Ben Johnson, a negro was lynched for outraging the person of Mrs. Anna A. Ball.

At Farmer City, Ill., April 1st Levi Coleman was taken out of jail, tarred and feathered. He is charged with assaulting his sister-in-law, Mrs. Oleson.

Warren Merchant, for robbing the post office at Mt. Sterling, Wisconsin, has been sentenced to four years in the Joliet prison.

The Omaha Republican gives an account of the poisoning to death of two children, by eating wild parsnips.

On the 21st ult. in Leadville, T. C. Dixon was shot and killed by F. A. Prentice, of the mining firm of Prentice, Havens & Co. Both were considered respectable men, but quarrelled and fought about a very foolish matter.

Recently at Somerset, Iowa, David Hamilton, merchant and agent of the R. I. road, was chloroformed in his room and robbed of watch and money.

A man in Wisconsin recently had his hand ruined by the explosion of a shell which he was preparing for a breach loading gun.

The Omaha Marshalship. Inter-Ocean Special. Last Wednesday the senate committee on judiciary decided unanimously to recommend the rejection of Balcombe, nominated as marshal of Nebraska. Senator Saunders, who supports Balcombe, claimed that he had not had a fair show, and asked a hearing, which was given him yesterday morning. Senator Paddock was present to oppose Balcombe's confirmation, and there was a lively discussion, both Senators being very much in earnest; but the committee sustained Senator Paddock unanimously, and this afternoon in executive session reported Balcombe's nomination with a recommendation that it be rejected.

A Washington correspondent to the Chicago Inter-Ocean says: The Senate Judiciary Committee has decided unanimously to recommend the rejection of the nomination of Balcombe as marshal for Nebraska. This is the result of a somewhat bitter contest between Senators Paddock and Saunders of that state, Balcombe was appointed at the request of Saunders against the protest of Paddock, who represented that the appointment is very offensive to the Republicans of the state. Paddock has no influence at the White House, but his wish is respected by his fellow-senators of both parties.

ITEMS OF INTEREST.

The United States Government pays salaries to 28,000 persons. The Republican opponents of a third-term have called a National Mass Convention, to be held in St. Louis on May 8th.

Amelia Bloomer, the inventor of the Bloomer costume, is the wife of Dr. C. Bloomer, ex-Senator of Iowa and ex-Mayor of Council Bluffs, in which city they live.

They have discovered a new way out West to hasten the disappearance of the Indians. They make braken of them and set them to coupling cars.

There is a revival of Methodism in Sweden. At one recent meeting sixty new members were enrolled.

In January, 1879, the United States contained 10,953,700 horses, 1,713,100 mules, 11,826,400 cattle, 21,408,100 oxen and other cattle, 38,123,800 sheep, and 34,766,100 swine; an increase of 14,079,100 head in two years, the aggregate of all being 118,776,200.

The United States Circuit Court has pronounced unconstitutional the law recently passed by the California Legislature forbidding the employment of Chinese by corporations chartered by the State.

The annual report of pork packing in Chicago for the past year, gives the following details: Packing of hogs during winter season, 2,525,219, a decrease of 417,896 from the preceding year; packing during fall twelve months, 4,680,637, a falling off of 280,319. Most other Western cities have suffered in the same ratio.

Lead City has a wire rope weighing four tons. It was manufactured in England, and was made especially for the Homestake company, to be used in the hoisting works of the Giant & Old Aue. It is 2,100 feet in length, is four and a half inches wide, and one-half inch in thickness. It is made of steel wire, and is one of the best ropes ever made.

The story is told of a very artistic man in Boston who broke an engagement with a charming young lady on account of incompatibility of complexion. She did not match his furniture.

New York Herald: Mr. D. R. Locke (Petroleum V. Nasby) has sold "Widow Hedott" to Mr. J. H. Haverly for \$30,000. The comedy is drawing very large houses. Mr. Haverly intends to make it a specialty in his various theatres and elsewhere.

Omar D. Conger has so far the best chance of being Senator from Michigan, for the full term beginning March 4, 1880.

Emperor William is, it is said, averse to the idea of another war in his lifetime. Having gained everything by war, he desires to end his days in peace with all mankind.

There are a whole lot of enterprising fellows round in the state who are setting their pins for Congress. We just want to live long enough to put some of these pins out and leave the hole open.—Plattsmouth Herald.

And then, Mac, wouldn't it be nice to just slip into one of them holes yourself?

Omaha Republican: Among influential papers that are not pronounced in their advocacy of another candidate and are not distinctively "anti-Grant," are the Nebraska City Press, Brownville Advertiser, David City Republican, and Osceola Home News.

In the Minnesota Congressional contested election between Donnelly and Washburn, the committee has reported that neither of them are entitled to the seat. This is the majority report.

San Francisco held her city election April 1st, and the Citizens ticket was elected by about 6,500 majority. This would seem a deadener on Kearney communism.

Kansas has chosen a Blaine delegation. Nebraska will follow suit, we believe.

Suffering Woman. There is but very small proportion of the women of this nation who do not suffer from some of the diseases for which Kinney's is a specific. When the bowels have become constipated, headache torments, kidneys out of order, or piles distress, take a package, and its wonderful tonic and renovating power will cure you and give new life.

Color Your Butter. Farmers that try to sell white butter are all of the opinion that dairying does not pay. If they would use Wells, Richardson & Co's Perfected Butter Color, and market their butter in perfect condition, they would still get good prices, and it will not cost them a cent more to make any but the best in color and quality. This color is used by all the leading creameries and dairymen, and is sold by Druggists and merchants.

Listen to This. The unbiased opinion of some of the most intelligent medical men in this country and Europe, support the statement that Kinney's Wonderful Kidney and Liver Tonic, for curing Kidney and Liver troubles, pleases and constipation, it acts on both Kidneys and bowels at the same time and thus cleanses the whole system.

Every Invalid a Druggist. By buying the new and popular medicine Kinney's Tonic, you get in each package enough of the dry compound to make six quarts of medicine, thus saving double the money which is usually paid for medicine prepared on liquid. It is a specific cure for Kidney and Liver diseases.

Give Your Butter. There is always an active demand for butter that is up to the gilt-edged standard in quality and color. Much butter that is otherwise good, is lost from the market because of its being deficient in color. Druggists should then use Wells, Richardson & Co's Perfected Butter Color to give a bright June color. This color is by far the brightest, purest and best made.

Water is Free. You pay for it, but in most patent medicines you get it at the rate of a dollar a quart. Kinney's Tonic is a dry compound and one package is enough to make six quarts of medicine without addition of any poisonous liquids. It is nature's remedy for Kidney Diseases, Liver Complaint and Piles, for its both diuretic and cathartic, tonic and healing. Try it.

The quickest and most certain remedy for colic, dysentery, diarrhoea, etc., is Dr. J. C. Marshall's Arabian Oil. Try it. Sold by A. W. Nickell.

Have you tried Dr. Marshall's Arabian Oil? It is the most effective pain killer known. Sold by A. W. Nickell.

LEGAL ADVERTISEMENTS.

IN THE COUNTY COURT OF NEBRASKA. Notice is hereby given that an application has been made to the County Court of said County to appoint A. M. Waterworth as administrator of the estate of said Benjamin W. Atchison, deceased, and that April 12th, A. D. 1880 at 12 o'clock noon, at the office of the County Judge of Nebraska County, Nebraska, in Brownville, Nebraska, will be fixed by the court as the time and place for the hearing thereof, when and where all persons interested may appear and contest the same. Dated March 29th 1880. JOHN S. STULL, County Judge.
