The miserably lies and subterfuges of the Lincoln Globe are evidences, sufficient, of its weakness.

The Michigan Senate voted on the proposition to submit a prohibitory amendment to the people. It failed to receive the requisite two-thirds.

The Lincoln Globe, from the light recently thrown on its motive power, is another practical illustration of the thief standing on the corner crying "stop thief."

Omaha has taken steps to erect a grain elevator of 600,000 bushels capacity. The U. P. R. R. company subscribes \$50,000 and the citizens \$40,000 toward the enterprise.

One page of the Lincoln Globe of the 18th is devoted to THE ADVERTISER. The yellow dog of the Globe always sets up a prolonged howl when we amuse ourselves by kicking him.

They have a Nemaha county in Kansas, but they have no William Daily.—Omaha Republican.

And we have a Howe in Nemaha county Nebraska, but no John D.

An aged paper of Brownville expresses itself "satisfied" with the result of the senatorial election. That paper was for Nance.—Lincoln Globe.

The Globe lies, if it means THE ADVERTISER.

Mrs. Martha J. Evans, of Richmond, Indiana, was recently commissioned a notary public by the Governor. Governor Williams, during his term, gave notary commissions to three women. That's all right.

The river and harbor appropriation bill passed the House on the 17th inst. The amount is about \$10,150,000. We notice that Mr. Valentine's vote appears among the nays. We have not seen the provisions of the bill.

The Lincoln Democrat says Finch bought the Globe for \$15, and offers proof thereof. We can't believe it. The Democrat puts the price too high. Would Finch give ten dollars for a rotten apple when he could get it for five cents.—Omaha Republican.

Eaton charged Hon. Church Howe with bribery. Now the former has to face the same charge. The only difference between Howe and Eaton is, the former had a reputation to sustain while the latter has none to damage.

La Porte, Ind., stores a considerable quantity of ice. This winter the aggregate number of tons put up by nine dealers is 277,700 tons, or 555,400,000 pounds. There are several beautiful lakes in the vicinity of the city, from which the ice is taken.

The Oklaoma Southern States lived to see Garfield elected and then died. Now what shall we do for the genuine "flabbergaster," to reveal the true inwardness of radical Democracy? But we doubt not there will be a Moses for the emergency.

The papers are discussing the probable "attitude" of Senator Davis, of Illinois. This is a waste of time and space. Davis is a Democrat, has always voted as such when party lines were drawn, and of course such will be his future "attitude."

A New York dispatch says: "The talk at the Windsor Hotel last night was that wheat would fall off ten points before the 1st of May, the crop not yet forwarded being immense, and there are tremendous amounts on the ocean and in storage here and in Europe."

It is generally regarded as a fact that Senator Blaine is to be President Garfield's Secretary of State; and he is advised to resign, so that the Maine legislature, now in session, can immediately choose his successor. In case of his resignation, Mr. Fry will in all probability succeed to his place in the Senate.

The postmaster at Fairview, Hitchcock county, Nebraska, Mr. Loran V. Kennedy, was arrested last week by Inspectors Furay and Seybold, for robbing the mails, and is now in the Omaha jail. He has been at the business of pilfering letters for some time, and he confesses his crimes, he is sure to have an experience in the penitentiary. Kennedy is about 25 years old.

On Tuesday 13th inst. the Lincoln Globe contained, amongst other trash this item:

The railroad companies are doing their best to prolong this whisky discussion. In that way they occupy the time of the house and prevent any railroad legislation. The people of the state will do well to remember the fact. Even Church Howe understands this, and is doing everything in his power to keep up the fight.

On Wednesday, 16th it contained this:

In the house this morning the bill providing for submitting the amendment to the constitution prohibiting the sale and manufacture of alcoholic liquor was taken up. Mr. Howe moved that the bill be engrossed for a third reading. Mr. Ransom moved as an amendment, that the bill be recommitted to the committee and upon this question Mr. Windham moved the previous question which was seconded by a majority of the house, and the vote was taken, which resulted in ordering that the bill be engrossed for third reading.

The whisky fight proposed to make thirty or forty amendments and discuss each and every one of them for the purpose of killing time, but the temperance members did not propose to stand it, and they took the hits in their teeth. The people of the state of Nebraska will say well done.

We look all over the Globe for an apology to Mr. Howe or a retraction of its lie about him, of the 15th. But the editor, who is mean enough to lie is not man enough to be just.

THE ADVERTISER

BROWNVILLE, NEBRASKA, THURSDAY, FEBRUARY 24, 1881. VOL. 25.—NO. 36.

Whether THE ADVERTISER can afford to bolster up such a man as Howe by abusing such a man as Reymann is a matter of its own.—Lincoln Globe.

THE ADVERTISER has never abused such a man as Reymann—the lord forbid! In an article in THE ADVERTISER of the 10th inst., after reviewing what our Lincoln correspondent, Mix, had said, whom, it had been charged, abused or attacked Daily and Reymann. We said:

Has the truth been published regarding Messrs. Daily and Reymann? The matter of "attain" does not concern him [the editor] at all, but that of the justice of the attack does concern him, as a faithful and fair journalist; for he would not be unjust to any man, especially toward Daily and Reymann, whom our representatives of this county would defend against false or unjust attacks.

The lies, misrepresentations, and squirmings of the Globe cannot affect the bedrock position of THE ADVERTISER. If Mr. Reymann has been misrepresented, let him avail himself of our proposition, and come to THE ADVERTISER through some authority other than a paper made notorious in its little circle for its malicious falsehoods and low down methods to deceive and misinform its readers, and he shall stand before his constituents in the light of perfect justice. The enemies of Mr. Howe, in their editorials and guerrilla warfare, have invariably hitched together the names of Daily and Reymann, until this article before us now appeared in the Globe, when Mr. Daily's name is dropped. Daily, it appears, is not one of the much abused after all—it is Mr. Reymann alone who is abused. Mr. Reymann, as we supposed would be the case from the time he hunked in with Daily and Majors, like old dog Tray, would suffer for being in bad company.

The prohibitory amendment came up in regular order in the house on the 18th. It had passed the second reading and been engrossed. The friends of the measure did not want it to come to a vote at that time from the fact that three or four members who would vote for it if present were absent, and for the requisite three-fifths—51 votes—it was deemed necessary that all the friends of the proposed amendment should be present. The anti-embodied the opportunity to try to crowd it to a vote, while the friends fought it off by parliamentary filibustering. Hon. Church Howe led the prohibitionists, and did it well, illustrating again his readiness at retort in debate and aptitude in parliamentary tactics. After filibustering for two hours, Mr. Howe, to the consternation of the opposition, moved to recommitt to the committee on amendments, and the amendment was recommitted, as Mr. Howe said, for safe keeping until the friends all returned and they should see fit to take it out of the hands of the committee again. That may be the end of the fight for the amendment. If the necessary 51 cannot be polled, the matter will not come up for final action, unless it is desirable that the members be compelled to go upon record for or against a measure proposed to give the electors of the State an opportunity to vote upon the vexed question of prohibition. The Omaha Republican has said that 34 votes is conceded to the opposition, this being the case the prohibitionists would have but 59—one short.

The majority of the Congressional apportionment committee reported a bill to divide the State into three Congressional districts, as follows:

The first district shall comprise Sarpy, Douglas, Cass, Otoe, Nemaha, Pawnee, Richardson, Gage, Lancaster and Saunders counties.

The second district includes all the remaining counties south of the Platte.

The third district contains all counties north of the Platte except Sarpy and Douglas.

The minority of the committee reported:

First district—Cass, Otoe, Nemaha, Richardson, Pawnee, Johnson, Gage, Lancaster, Saunders, Butler and Seward counties.

Seward district—All the remaining counties south of the Platte and Hall, Buffalo, Dawson and all counties on the Union Pacific road west of these.

Third district—All north of the Platte, except those named above.

The Lincoln Globe, 18th inst., says an article "from the pen of Hon. Church Howe," appeared in THE ADVERTISER of the 10th inst. and thus the editor of that most unscrupulous abuser burdens his conscience with another unmitigated lie. No article appeared on the 10th inst. from Mr. Howe's pen. Mr. Howe never wrote an article for our paper that did not appear over his own name.

The movement of Church Howe in the house yesterday morning, besides being parliamentary, was, in western parlance, decidedly "slick." Howe wanted the amendment bill engrossed and Windham followed by moving the previous question, which shut off all debate, though no doubt there was plenty of talk waiting to be let loose on both sides. When the motion was made the opposition looked, if they did not say it, "Good heavens, we were not prepared for this."—State Journal.

Criticism Church Howe as we may, and it still remains unquestioned that he is an able man. Because of natural ability and experience, he is a leader in the lower branch of the legislature, and so far as we can gather is doing good service.—Pawnee Enterprise.

Church Howe caught the "whisky ring" asleep.—Omaha Republican.

A Word From the People.

To the Editor of the Advertiser: LAFAYETTE, Feb. 10th, 1881. It affords me pleasure to write my first letter for THE ADVERTISER from this precinct, for I can cheer you with the news that it is being appreciated as a journal in this part of Nebraska's banner county.

As a people we are wagging along after the good old-fashioned manner, trying to live and let live. The extreme cold weather of the winter keeps us busy in providing for the wants of our homes, and what we have around us. But we expect to weather it through. Our schools are in a prosperous condition; in short, every avocation in which we are engaged promises to culminate successfully.

But I didn't sit down to write a newsy letter; rather to notice the senseless tirade against the Hon. Church Howe by the mass of Nebraska's journalists and one of his correspondents. But it seems almost a folly, when I consider the standard of intelligence with which I propose to deal, for when an editor puts forth such defusions as "The snow stays with us; an occasional thaw or sunny day gets thoroughly chilled by a polar wave when the stars twinkle out," the capacity of his mind is easily measured. Had he written "The Post is twinking out," there would have been some sense and a vast deal more truth to the jargon.

Heretofore, I have been a Daily man and anti-Howe, but when a man forgets his political honor, and sells himself, if for no other purpose than to gratify personal malice, it is time for his constituents to forget him. I have been slow in making up my mind as to the merits of the work of Daily and Howe, during the recent contest for the United States Senate, and have taken into consideration the facts, as presented by the leading and most reliable journals of the State in so doing; and but one conclusion is left me, and that is that the former acted for the part of a demagogue, while the latter acted the part of a man. I regret that Mr. Daily has fallen—as much, perhaps, as any man in this county—but there is no reason why the truth should be covered up by his "organ," and one who has acted the part of wisdom grossly and maliciously misrepresented by it and its correspondents. So far as the writings of David Mercer are concerned, I know nothing; but I do know that he is a young man of too much honor and integrity to misrepresent or even color the doings at the capital this winter, the Post to the contrary notwithstanding. "Sir Charles" enigmatically pronounced upon the Hon. Church, just after he was declared U. S. Senator elect, verifies the pen pictures by the State Legislature. I have forgotten the General's exact language, or it would afford me pleasure to give it here. But in substance he said that "Church Howe is Captain General of the political situation in Nebraska; that Majors, assisted by Daily, had dug their political graves, and that their former constituents would rally to the true standard bearer, and aid him in covering them out of sight forever." Much has been said by the Post concerning the manner in which he received his nomination and election; and it is fitting for me to say that, while he failed to obtain the position to which he aspired, and of course in a measure regretted it, yet he in no way begged the one he received, as every unprejudiced person knows full well who attended the county convention. His fight was made in a manly, straightforward manner, and the same cannot be said of his opposition.

Now, if the Post thinks Daily's political integrity will stand a little more straining, I will volunteer to give a few facts in my possession, so firmly soldered by truth that they will not bear "explaining away." If not, I want to see the rasping whine from that glibbed of his case, and at once. MR. WARD.

ALL DAY AND NIGHT

Will the Spectacles and Display at Washington be kept up—What the Baltimore and Ohio is Doing.

The programme for the inauguration of Garfield next month is being constantly added to, and by the time it is fully completed it will be upon a scale of magnitude requiring fully the whole day and all the night to carry it out. The weather just now at Washington is delightful. The snow has all disappeared and the streets are in excellent condition, and the bright and warm sun is exhilarating. The Baltimore and Ohio Company has ordered the speedy completion of quite a large number of cars that it has in the course of construction and reaching the National Capital next day at noon, being almost uniformly on time and doing a very large business. This train is seven hours the fastest of any train running into Washington from the West, and in point of elegant cars, luxurious accommodations and a most comfortable transit generally, it is beyond comparison the monarch of all routes to Washington. The low round trip tickets which will be placed on sale for the inauguration will be good going from the morning and reaching the National Capital next day at noon, being almost uniformly on time and doing a very large business.
