Old Abe, the famous war eagle is  
dead.

In the year '80, 95,857 Irish came to  
America.

Lord Beaconsfield is dangerously ill  
of asthma and gout.

The reduction of the public debt for  
March is \$5,000,000.

Gen. Grant has gone to Mexico to  
see to his railway matters.

The Omaha Bee bolted the the Re-  
publican City ticket of Omaha. Rule  
or ruin is its game, always.

That foppish demagogue, Thomas  
Jefferson, who got up the Declaration,  
parted his hair in the middle.

Ben. Hill, of Georgia, is a bad liar,  
and Gen. Logan told him so the other  
day, and then Hill cringed like the  
coward he is.

Senators Brown, Johnson, Hampton,  
and several other little democrrts last  
Tuesday took occasion to shoot their  
poguns at Senator Mahone, but he  
wasn't hurt.

It is believed at Washington that the  
president will not withdraw the names  
of Chandler and Robertson, with-  
standing the pressure made upon him,  
even in the cabinet, for him to do so.

In Bernardino county, Cal., Daniel  
Klester, a stock raiser, was shot dead  
by an Indian. The Indians delivered  
the murderer to the authorities, when  
a mob forcibly took charge of and hung  
him.

On the 29th ult., a snow storm pre-  
vailed through Ohio and Indiana. At  
Dayton, says a telegram, it was the  
heaviest of the winter. At that date  
southeast Nebraska had bright, genial  
weather.

Senator Bayard is a stickler for  
the fine points of modern Democracy.  
He has written another letter for the  
Delaware legislature regarding tem-  
perance laws. This time he hopes not  
even a local option law will pass.

E. Rosewater of the Bee, supported  
the Democratic nominee for Mayor of  
Omaha. One finds him in the role of  
a bolter in every political contest that  
takes place, yet he assumes to run the  
republican party of Nebraska.

The republican party is the only  
political organization that ever under-  
took to pass laws regulating the appet-  
ites of men.—Neb. City News.

The Republican party never under-  
took any such thing. Even prohibi-  
tionists do not pretend to dictate what  
people shall eat or drink.

Only four States now remain as  
October States—Georgia, Iowa, Ohio,  
and West Virginia. Michigan and  
Rhode Island vote in April, Oregon in  
June, Alabama in August, Arkansas,  
Maine, and Vermont in September.  
The others, twenty-seven in number,  
and all the Territories vote in Novem-  
ber.

Miss Hattie Duol, the Iowa City  
faster, has not eaten anything for nearly  
forty days and is doing as well as  
could be expected, but is not getting  
fat. They say this is will power, as  
in the case of Dr. Tanner, but we can't  
see how that is so when she wants to  
die, and is living on in spite of her  
will. That will-power theory is a  
humbug we think.

Venor's predictions for April are  
as follows:

Sharp frost in the beginning of the  
month, with snow-fall on the 4th and  
5th, but the spring will open favorably,  
and everything will be pretty well ad-  
vanced by April 15th. Floods may be  
expected in Chicago about the first  
week in April, with high winds also  
prevailing in the early part of the  
month. Snow falls are probable about  
April 5th. The weather will be stormy  
in the lower provinces about the 20th,  
with very high water prevailing, but  
in the west April will be a dry month.  
There will be warm weather just fol-  
lowing the 20th, ending in thunder  
storms on the 25th and 26th. Snow  
storms are probable in the far west on  
the 25th, and snow falls are not un-  
likely to occur in England at the close  
of the month. The month will end  
wet and cold, but, on the whole, will be  
like a May month.

### THE CITY ELECTION.

The License Ticket Elected.

The election Tuesday resulted in a  
complete victory for the license party,  
with the exception of the Second  
Ward, councilman, which was a tie.  
Below we give the vote:

#### FIRST WARD.

Mayor.—J. L. Carson, 33.  
J. C. Bausfield, 48.  
Treasurer.—S. A. Osborn, 35.  
O. A. Cecil, 45.  
Clerk.—D. H. Mercer, 79.  
Police Judge.—J. G. Russell, 34.  
S. M. Rich, 46.  
Councilman.—B. F. Sauder, 38.  
Thos. Richards, 43.

#### SECOND WARD.

Mayor.—J. L. Carson, 48.  
J. C. Bausfield, 54.  
Treasurer.—S. A. Osborn, 47.  
O. A. Cecil, 55.  
Clerk.—D. H. Mercer, 96.  
Police Judge.—J. G. Russell, 40.  
S. M. Rich, 60.  
Councilman.—A. H. Gilmore, 49.  
FRANZ HELMER, 49.

#### THIRD WARD.

Mayor.—Bousfield, 8 majority.  
Treasurer.—Cecil, 8  
Councilman.—Armstrong, 4 majority.

Every farmer should procure a  
copy of the new railroad law regulating  
freights, and study it carefully in all  
its bearings; when he has done this he  
venture the assertion he will have  
learned something new about railroad  
rates and railroad management of  
which he had never thought. Among  
other things they will probably find  
that it will affect the emigration in-  
terests of all the frontier counties.—How-  
ard County Advocate.

This law, it should be borne in mind,  
was gotten up by a special anti-monop-  
oly committee. Appointed for the spe-  
cial purpose of devising a bill to pro-  
tect the people, and especially the farm-  
ers, against present or prospective un-  
fair doings of railroad companies, an  
effort was made, and a successful one,  
we think, to select a special committee  
combining the essential qualifications  
of honest intentions and ability. Our  
new railroad law is the child, after due  
labor, that was brought forth. That  
committee was composed of men of  
ability; one of which was no less a  
personage than a U. S. Senator. It is a  
matter of regret that it is not satisfac-  
tory, that it really will work injury to  
the farmers and shippers—hence to all  
the people. Now it strikes us that if  
that bill is a failure, considering the  
ability and experience of its authors, it  
would be a hard matter to construct a  
law, touching the points touched in  
that law, that would be just to all par-  
ties. And we are convinced that while  
the people have the right to regulate  
railroads, it is a very difficult work to  
so legislate as to not do more harm than  
good.

The Lincoln World of March 5th,  
organ of the Good Templars of the  
State, owned and sustained by that  
order, in the "Grand Worthy Chief  
Templer's column," gives Senator  
Church Howe the following unequivocal  
indorsement:

One of the most prominent members  
of the Nebraska legislature is the Hon.  
Church Howe. His career has been  
one of industry and never ceasing ac-  
tivity, and the rewards that have come  
to him are of sterling merit. \* \* \*  
He has been twice senator and this is  
his second term in the house, being the  
only member that has served four con-  
secutive terms, while he is the only  
one in the present house who hails  
from Massachusetts. Mr. Howe is  
thorough in all that he undertakes.  
He is a hard-working Republican and  
is well posted in parliamentary law and  
tactics. His attitude on the temper-  
ance question accords with the genius  
of the State from which he comes—he  
is "true as steel." There is never a  
doubt as to Mr. Howe's position on  
this question, and the people of Ne-  
braska will not forget that in due time  
the Hon. Church Howe will be re-  
warded by still more distinguished  
honors than he has yet received at  
their hands. It must be added here  
that Mr. Howe led the movement by  
which Mr. Van Wyck was elected to the  
United States Senate.

Perhaps Mr. Daily can't run as well  
as he used to before he made his fatal  
mistake.—Lincoln Globe.  
Col. Tom, the slick jockey, was  
Daily's groom. Further comment is un-  
necessary.

### STATE NEWS.

—The saloon license of P. J. Grant,  
Lincoln was recently revoked by the  
city council, for violating the law.

—A society at Kearney calling itself  
a "Temperance Alliance," recently dis-  
cussed during two meetings the ques-  
tion of the respectability of the liquor  
traffic and finally ended the matter by  
laying the resolution on the table.  
That is certainly a curious kind of a  
temperance alliance.

—Arapahoe Pioneer: Senator Saun-  
ders and Representative Valentine  
deserve the thanks of all veteran  
soldiers in Nebraska for the promptness  
with which they secured the passage  
in the senate and house of a resolution  
allowing the G. A. R. tents and equip-  
ments for the next reunion in Nebras-  
ka.

—Arapahoe Pioneer: About seventy  
teams were in town Wednesday to re-  
ceive the aid corn and provisions sent  
from Falls City to a colony in Norton  
county, Kansas.

—August Beckman, residing near  
Central City, suicided recently by hang-  
ing. He of late years had become a  
drunkard and squandered a fortune.

—On the morning of the 29th ult.  
at Omaha a painter by the name of  
Fortsfeldt was found dead in his bed.

—The Blue river is said to have  
been higher this year than ever before  
known, and the destruction of bridges  
has been immense.

—Fremont is to have a large new  
creamery.

—Editor Wright, Pawnee Enter-  
prise has gone to Ohio after a wife.

—The Dawson County Pioneer says:  
The past few weeks have resulted in  
greater loss to the stockmen than all  
that portion of winter preceding.  
The cold storms of rain and sleet have  
been death to thin cattle, and the snow  
and cold which followed still made  
matters worse. Stock-owners are des-  
pondent.

—The Baptists intend building a  
fine church edifice in Hastings this  
season.

—Central City Courier: Experi-  
ments made on the chinch bug show  
that that interesting animal is in statu  
quo—or in other words defunct. All  
attempts to thaw him out have proved  
futile. Good enough.

—It is said that Hon. E. M. Corell  
will start a woman suffrage paper in  
Lincoln within a few weeks. And  
that will probably be the death of the  
proposition.

—The B. & M. surveyors are es-  
tablishing the grade east from Blue  
Springs. The dirt was to begin to fly  
all along on that line April first, but it  
may be delayed until the snow quits  
flying.

—State Journal: The New Mexico  
fever is breaking out in Lincoln.  
Maps of that country are now in de-  
mand, and we predict a heavy emigra-  
tion to that country during the sum-  
mer.

—An old man named John Green  
was a few days ago found dead in the  
road near Fort Omaha. He was much  
addicted to strong drink.

—The wife of Louis Castner, of  
Knox county, recently while attempt-  
ing to return home from a neighbor's  
house, got lost and froze to death.

alias McKay and his companion Frank  
Flynn, who some time ago burglarized  
the safe of the B. & M. company at  
Bloomington, have each received sen-  
tence for eight years in the peniten-  
tiary.

—A Mrs. Wicks, of Falls City, was  
recently found dead leaning over her  
washboard, where she had stood wash-  
ing clothes, her face in the water.

—Lincoln Democrat: As the ex-  
press from the east was leaving New-  
ton station for Lincoln last evening an  
accident occurred which cost a Ger-  
man passenger named F. Otto his life.  
He was from Cass county, Illinois, on  
his way to a farm which he had recent-  
ly purchased in this county near New-  
ton. He had bought a ticket for Lin-  
coln, but before reaching Newton re-  
marked to some fellow passengers that  
he could save several miles of travel  
if he could get off near Newton. He  
finally resolved to jump the train at  
all hazards. Several passengers saw him  
on the platform of the second car from  
the rear, and shortly afterward saw  
him jump or fall, as the case may be,  
he struck upon a bank of snow close  
to the track and slipped back, head  
foremost, under the rear car, the trucks  
passing over his head just above the  
eyes, completely severing the top of  
the head from the body.
