We regret to learn of the death of Mr. Peter Engle, of Bedford precinct, which occurred Tuesday morning of last week. Mr. E. had been sick for some time.

Our business men would do well to remember that THE ADVERTISER has a circulation of about three hundred more than any other paper in the county, thus making it a much more valuable advertising medium.

"Bread is the staff of life," and Homewood & Shiffer's flour is what ladies generally use now when they want a good article of the "staff." Can be had at the stores and groceries at Brownville and Nemaha City. 27ff

The time is not far distant when the Post will be proclaiming in thunder tones, etc.—Sheridan Post.

We have heard of the jackass who attempted to roar like a lion, and the ludicrous noise he made. And now there is one at Sheridan proposing to imitate thunder.

The B. & M. railroad is being constructed from Nemaha City to Pawnee City, and this will be the route taken to get there: First it will run to the center of this county, then on west to Tecumseh, then southeast down the A. & N. twelve miles to Table Rock, then west eight miles to Pawnee. This is supposed to be the straightest railroad route on record, and is doubtless the principal cause of so much rejoicing by the aborigines of Pawnee. When the road is constructed straight on from Tecumseh to Beatrice, which it will be, then Pawnee will have a bobtail railroad connection—with a very perceptible crook in the tail, however.

Dr. A. L. Child, of Plattsmouth, who writes intelligently, regarding high waters of the Missouri, has a letter upon the subject, in the Enterprise, from which we extract the following opinion:

As to what we may look for in a June or July rise, we have some facts to base calculations upon. The U. S. signal office furnishes us with a daily bulletin from Omaha, which with much other matter gives us the temperature of several stations near the headwaters of the Missouri river, and from these bulletins, we learn that an almost summer heat has prevailed up in those northern mountains, through February and March past, while we have lived in midwinter.

From the effects of this remarkable unusual condition of the weather, the northern mountain snows have melted and passed down just in time to unite with our usual April rise; thus combining the April and June floods and thus accounting for this excessive rise. From this I infer that our June rise will have nothing to support it, and that it will prove a failure.

Jones Bros. have made a convenient clean ice room for their fresh meat this summer.

Every lover of good singing should hear Miss Fannie Arnold and her company on Thursday evening 19th inst.

Cabbage Plants for Sale. Large lot of cabbage plants for sale—25 cents per hundred.

JOHN DAVIS.

We understand that Mr. Schick has, in some way or other secured an interest in the Sheridan Post, and placed his brother-in-law at the helm. Mr. S. thinks that unless he blows his own horn, his horn will not be blown.

Miss Fannie Arnold probably has no equal in Nebraska in musical education or in compass and control of her vocal powers. On Thursday evening 19th inst. the public will have a chance to hear her at the opera house.

For nice chevoit shirts, go to J. L. McGee's.

Some fellow by the name of J. K. Fairbanks writes a communication for the Lincoln Journal telling what he knows about the battle of Shiloh. The article bears the marks of a malicious fabrication, and there is plenty of good evidence that it is such, of brave men of Shiloh.

Palmer & Furman have fixed up a room at their place of business for the accommodation and comfort of all who desire to enjoy a dish of ice cream. It is cosy and convenient, with clean nice tables and other fixtures. Ladies and gentlemen of town and country are solicited to call at Palmer and Furman's and test the quality of their ice cream.

Fine dress goods of all kinds, cheap, at J. L. McGee's.

New Firm.

Lon. and Milt. Jones, under the firm name of Jones Bros., having purchased the meat market of Bath & Body, would respectfully invite the public to call and see them. Jones Bros. claim to understand their business, and will not only keep all kinds of meats that can be had in this market, but deal it out in choice parcels, tastefully cut, to suit purchasers. Remember the place—old stand of Body Bros.

Gents' summer wear, plenty, at J. L. McGee's.

Hon. J. B. Finch lectured in the Opera House, Sunday evening last. Notwithstanding it was an impromptu affair, as he knew nothing of the appointment until he arrived in town, the house was crowded with an appreciative audience, and the speaker made one of his happiest speeches. He suited his remarks to the occasion and the present status of the liquor question, and as he always does, said the right thing at the right time and place. Our people like Finch and they go to hear him on every occasion. He draws better than any other lecturer, and always strengthens the works, wakes up the pickets, points out the dangers and weak places along the lines and enthralls the rank and file to renewed vigilance.

Trade good at J. L. McGee's.

Mr. P. O. Avery, has a letter in the Humboldt Sentinel that is anything but complimentary to the grain and stock dealers of Humboldt. He charges them with pooling, dishonest scales, and other methods of swindling the farmers. Mr. Avery comparing Humboldt and Brownville says:

Now as to the markets in other towns, I will state only what I know. I was in Brownville in January, they were then paying 25 cts per bushel more for wheat and 2 cts per bushel more for corn than they were paying in Humboldt. I have hauled wheat there myself and got ten cents per bushel more than I could have got in Humboldt, but who could haul corn 25 miles for two cents per bushel. You say "the town that pays the most for stock and grain will get it." Providing they pay enough more at other towns to pay for the extra hauling. I have bought the principal part of the lumber that I have used on my farm for the past two or three years in Brownville and have saved enough to pay me for hauling it and I have got a much better article of lumber, and I can name other parties that have done the same on lumber bought in Brownville and Tecumseh.

For a month past the Express has been warning its readers to be prepared for the cloth peddlers that have been "working" this part of the State. One unlucky farmer, however, who takes no county paper at all, has been roped in, and called on Jones the clothier Saturday to learn what a certain piece of cloth was worth. He had paid \$87 for it, and had what was represented to be sufficient for four suits. He is much richer in wisdom just now, for he has learned that he can buy four suits made up of better material, for less money than the bare cloth cost him. We point a moral to adorn this tale, and it is this: Take your county paper and keep posted on frauds and swindlers.—Beatrice Express.

The time is not far distant when the Post will be proclaiming in "thunder tones" the demands of a large majority of the people of Nemaha, in a matter that has for years been uppermost in their minds, and a matter that if again lost to them, may be forever lost.—Sheridan Post.

What! Is the Post going back on Sheridan and move over to Akron? Such ingratitude!

STOP THAT COUGH.

By going to the reliable and well known Drug stand of J. J. Bender, at Nemaha City, and buying a \$1 bottle of Green Mountain Cough Balsam. If, after using two-thirds, you get no relief, return the balance and get your money back. See advertisement in this paper.

Advertising Cheats.

It has become so common to write the beginning of an elegant, interesting article and then run it into some advertisement that we avoid all such cheats and simply call attention to the merits of Hop Bitters in as plain, honest terms as possible, to induce people to give them one trial, as no one who knows their value will ever use anything else.

Humboldt Sentinel: Spring wheat with the exception of the grass wheat is looking remarkably vigorous, and, notwithstanding the severity of the winter, in this part of Nebraska, the farmers have every reason to be hopeful of a bountiful harvest.
