

NEBRASKA ADVERTISER

THURSDAY, JUNE 9, 1881.

Kalsomining of all colors, at Nickell's Drug Store.

Extra copies of the ADVERTISER at A. W. Nickell's.

Berkshire hogs, highbred for sale by Stevenson & Cross.

Bain Wagons, whips and cross-cut saws by Stevenson & Cross.

A farm wagon good as new, for sale or trade, by T. L. Jones.

New lot of Glass and Queensware at Seaman's. Call and examine new styles.

A new, neat, and well edited paper has just been started at Tabor, Iowa, called the Union.

Largest stock of screen wire has come to Brownville for Stevenson & Cross. Can give you plain, drab, green, black, figured and landscape, all widths, cheap by Stevenson & Cross.

Ed. Benedict has started a paper at Silver Plume, Clear Creek county, Col., named Silver Plume Mining News. It is a neat little paper and full of local and mining news. May it live long and prosper.

The most thorough and general rain of the season fell all over Nemaha county Tuesday night. It rained all night. Some hail stones as big as hen eggs fell in the city, but as the shower was not heavy, but little damage was done. We have not heard from the country.

Died in this city on Saturday 4th inst. Dr. Jonas Crane, aged 61 years.

The friends reserved space in our columns for an obituary article, prepared by Dr. Howard, of Nebraska City, rendering due respect to the deceased as an eminent physician, surgeon and useful citizen, but the article failed to come to hand.

Bachelors and Maidens

May and June are the months to marry. Why delay? No man was ever intended to sew on buttons up in that back room, nor any woman lavish her affections on her pet cats and dogs—when Furniture, Stoves, Queensware, Carpets and Groceries are sold so cheap by Stevenson & Cross; besides delays are dangerous.

It is not too much to say that the reception accorded last evening to Miss Fannie Arnold was little, if anything, short of an ovation. The audience was large, and composed of our most intelligent people—such as occasions of the sort always draw—and it was fairly captivated by the voice and rendition of the talented artist. Miss Arnold has adopted music as her profession, and it is needless to say to those who heard her that she ranks high both as a singer and instructor. State Journal.

In its report of the entertainment given by the Union Society of the University, Lincoln, the Journal says: "The Pale Moon," a duet by Campana, was rendered by Misses Arnold and Litt, of Brownville, who had kindly accepted the invitation of the society to appear. The delight of the audience was manifested by a peremptory and enthusiastic recall. The exercises closed with a solo selection from "The Pirates of the Penzance," by Miss Arnold. It was sung superbly, and at its close the audience did not offer to disperse until she was recalled and sang another song.

William Blaikie, the author of "How to Get Strong and How to Stay So," spoke before the Brooklyn teachers' association recently on "Physical Education." "I want," said he, "to see if in an informal talk we can't hit upon some way in which we can bring the physical education of school children to a practical basis. Our children who are healthy and buxom when they begin school work, come out pale, sickly, and with round shoulders. If you require the children under you to sit far back on a chair and to hold their chins up you will cure them of being round shouldered, and the lungs and other vital organs will have free and healthy play. Another simple plan is to have the children bend over backwards until they can see the ceiling. This exercise for a few minutes each day will work a wonderful transformation. If a well-qualified teacher could be employed to superintend the physical development of the children the best results would be seen."

LOCAL PERSONALS.

Jno. H. Argabright, Jr., of Nemaha precinct, called, Monday.

S. A. Osborn Esq. and family returned from the west Friday.

D. Y. Culbertson, of Glen Rock, called on THE ADVERTISER, Monday.

Our estimable farmer friend, Wm. Jewell, of Lafayette precinct, called, Monday.

Mrs. W. A. Judkins went to Missouri, Wednesday on a few weeks visit to friends.

Miss Belle Osborn, sister of S. A. Osborn, Esq. is spending a few days in Brownville.

Miss Anna McComas returned from St. Joe on Friday, accompanied by Mrs. Helen Robinson.

Charlie Chumetz, our efficient street commissioner, is making some much needed improvements on our streets.

Mr. Eli Wood of Sheridan, with his wife and daughter, gave us a very pleasant call on Tuesday afternoon.

Elias Hess, with Meyer & Meyer's, tobaccoists St. Joe, and Will Beatty, with Work, Wachsmuth & Co. of Chicago, were in the city Sunday and Monday.

Mrs. Smith and daughter, Emma, of Tippecanoe City, Ohio, are visiting relatives and friends in this city. Miss Emma Smith was formerly a teacher in our public schools.

Dr. Keeling of Sulphur Hill, Ind., is here. We understand he has come back to stay, and will locate in Nemaha City at some other point in this county. The Doc. is welcomed by all and especially the old settlers who knew him as a physician and citizen here from sixteen to twenty-four year ago.

Dr. Lutgens, of Howard, came in to the city Tuesday evening, and was caught in the hailstorm. The Dr. says he has corn knee high, that farming is encouraging in his locality; and he felt so comfortable that he paid a year ahead for his paper, received our thanks and went forth a contented and happy man, with a conscience void of offence toward the printer.

BARB WIRE.

Notwithstanding our large trade in barb wire last season, 1880, we have again commanded the trade, and sold over 350 spools since Jan. 1st, 1881. This fact alone proves the excellence of our wire. We handle the following first class licensed wire: The Joliet and Baker & Scott's patents. Call and see us. WILLING BROS. & JORDAN.

FOR a full line of all kinds of Fourth of July goods call on McGee & Moore.

From the Hub. There is perhaps no tonic offered to the people that possesses as much real intrinsic value as the Hop Bitters. Just at this season of the year, when the stomach needs an appetizer, or the blood needs purifying, the cheapest and best remedy is Hop Bitters. An ounce of prevention is worth a pound of cure. Don't wait until you are prostrated by a disease that may take months for you to recover in. Boston Globe.

Something New. Prof. Witcherly, next door to post-office, has just received the French Adjustable Clipping machine. Cuts hair any length. It's just the thing—call and try it.

FARMERS. I have just received a car of Champion machines consisting of Mowers, Reapers, Combined machines and new Twine Binder. Call and see for yourself. DAVID CAMPBELL.

FOR BARGAINS

in Clothing, Boots, Shoes, Groceries and Millinery Goods go to John McNeal. Lowman's stand.

For constipation, costiveness and indigestion, take Dr. Marshall's Bromoline. Big bottles. Price fifty cents. Druggists will get it for you.

Cabbage Plants for Sale. Large lot of cabbage plants for sale—25 cents per hundred. JOHN DAVIS.

All styles of sailor hats at J. L. McGee's.

Fresh Bread, pies and cakes always on hand at Furman & Palmer's.

Closing Term Brownville Schools.

With the Brownville schools, last week was devoted principally to the closing exercises for the term ending Friday the 3d inst. A portion of the exercises and reviews were in the school room and others at the Opera house, Thursday and Friday afternoons.

In giving public notice of such school exhibitions and services, it is a very difficult matter to designate, or speak in detail, with satisfaction either to writer, teachers or pupils. Suffice it to say this of our schools, and all connected—patrons, board, teachers and pupils: The schools were never in a better or more prosperous condition. The exercises never gave better evidence of progress, development and proficiency on the part of pupils; of qualifications, devoted labor, and good judgment and management on the part of the board. The reputation of the schools in this city has always stood high. This is being fully sustained under present management, and we take pride in so announcing.

At the opera house the addresses of Prof. Wilson and Moderator McNaughton were timely, appropriate, appreciated and well received.

Injustice would be done did we fail to speak in highest terms of the past year's work on the part of Prof. Wilson, the principal, and his able corps of assistant teachers, Miss Morgan, Miss Tucker, Miss Furnas, Mrs. Holtz, Miss Clark, Miss McDonald and Mrs. Johnson. Their work has been admirably performed, as results abundantly evidence. As they enter upon the summer vacation and term of rest, the best wishes of this entire community go with them.

As an evidence of appreciation, the board re-elected all who desired to remain in connection with the schools. Prof. Wilson, we understand, has not fully determined what he will do, as he has openings several places elsewhere. The board, in re-electing him increased his salary from one thousand to twelve hundred dollars. If his continuing at the head of our schools is decided by dollars and cents, he will remain.

Mrs. Elright, now in Ohio, formerly, and for years connected with the school, was again tendered a position, which it is understood she will accept.

Honorable mention of Geo. Carrington, the Janitor, must not be omitted. He has done much for the comfort and convenience of teachers and pupils, and merits thanks without limit.

The Brownville schools were the first organized in the territory, and have ever been an honor to the town, county and state, and we trust ever will be.

Photographic.

We understand that Prof. Tanner expects to make a tour through Otoe and adjoining counties for the purpose of photographing the people of the different towns and vicinity, or all those who choose to improve the opportunity, and we would say to all that Mr. Tanner is a good artist and will be sure to please the most fastidious.

Men's linen pants, lined with ice cold soda water, at McGee & Moore's.

Gent's fine shoes at J. L. McGee's.

—Window Shades at Nickell's.

Podunk.

To the Advertiser: The weather has been as good for farmers here as could be asked for.

Corn is nearly all in, but there will have to be a great deal replanted; partly on account of cut worms and partly the effect of poor seed. No doubt the experience gained this year will cause the farmers to be more careful in selecting seed corn. Some of the corn raisers have begun plowing corn, notably Wm. Jewell, who has two teams cultivating while he has yet three teams plowing, preparatory to planting.

It seems as if we are in the midst of a very stormy section of country. A cloud burst at Dunbar the 20th, which I heard took out 100 yards of railroad, and a train had to be sent from Nebraska City for the passengers. The 29th a cloud burst at Syracuse. A heavy storm passed over here the 29th, and seemed to culminate about two miles north of here, washing out things pretty lively. To-day I learn from Mr. Douglas, father of D. E. Douglas, of your city, that between eleven o'clock and two o'clock over two inches of water fell at his place.

The Nemaha keeps up about half of the time too high for the mill to run.

I noticed last week some of the Brownvillians here looking after their interests. Among them was J. S. Stull, our worthy county judge, looking after his land interests; also Bro. Ben Sanders, junior of the Advertiser, on a collecting tour. How well he prospered I know not, but he looked very smiling. An invitation to dinner did not entice him, as he wished to get home the same day.

Friday night, the 27th, Dr. Collins, dentist, of Brownville, put in an appearance in our burg, and Saturday, as well as to-day, he has been full of business. It looks as though he has struck a lead here. How well it will pan out can be told in the future. There are lots of teeth here that need extracting. By the way, he was here some time ago and took an impression for a set of teeth, and when he was here this time the party had a wisdom tooth put in an appearance.

Dr. F. G. Nichol has moved to Tecumseh, where he will have his office in connection with Dr. Thurman's drug store. Dr. Lutgen lives two miles north of here. Dr. Eaves has his office in Brown's hotel. He is a well educated young man, and can succeed, if he will. L. E. M.

Headquarters on Piques lawns, embroideries, dress gingham at J. L. McGee's.
