State Journal: Brownville, formerly the third most important city in the State, and been for a long time flippantly spoken of as a dead town, shows healthy signs of revival. In a few moments' conversation with Capt. John L. Carson, he informed us that Brownville, notwithstanding the uproar and confusion about new railroads and new towns, was doing a large and healthy trade. There is good ground for expecting the early completion of the long delayed Q. M. & P. road, and with it will come a genuine boom for Brownville with all that the word implies.

We are pleased to make a note of the fact that the

UNION HOTEL

this city has acquired under the management of J. G. Russell a popularity that it never had before. By the day it is only \$1.50, yet its real substantial accommodations are first-class—comfortable rooms, good beds and excellent table fare with an agreeable landlord and landlady makes those headquarters a pleasant place for the average customer. Farmers, call and get your dinner for 35 cents.

To The Republican Central Committee.

The Republican Central Committee of Nemaha county is hereby called to meet in Brownville, in the district court room, at one o'clock p. m. on Saturday, 17th inst., for the purpose of designating a time and place for holding a county convention, and to transact such other business as may properly come before the committee. The names of the members of the committee are as follows:

- ISLAND PRECINCT. D. B. Shields, N. McArthur, PERU. R. H. Roberts, Wm. Bridge. GLEN ROCK. Thomas Burress, Jos. Lash. LAFAYETTE. David Wilkie, W. H. Talcott. WASHINGTON. Jno. Pohlman, H. F. Palmer. DOUGLAS. Wm. Hannaford, Wm. Crandall. LONDON. S. W. Kennedy, G. S. McGrew. BROWNVILLE. C. F. Stewart, B. B. Thompson. NEMAHA CITY. Seymour Howe, J. F. Drain. ASPINWALL. G. R. Shook, T. G. Ferguson. ST. DEBOIN. E. M. Baker, Frank Hunt. BEDFORD. J. S. Church, J. W. Huntington. BENTON. H. Steinman, Wm. Windshelle. A full representation from each precinct is desirable. C. F. STEWART, Ch'rn Com. B. B. THOMPSON, Sec'y.

A disease called anthrax has recently prevailed amongst some of the herds in the vicinity of Lincoln, killing a large number of cows. The State Journal says the disease is supposed to be "caused by a virulent poison which causes the formation of immense tumors or carbuncles, and seldom fails to prove fatal. ... The disease runs its course in a few hours; cows affected in the forenoon seldom live until night. The brute suffers from a violent fever, the flow of milk at once stops, thirst is intense." It is thought the disease is caused by local unhealthy causes, particularly foul water, having become so by dead and rotting animals.

State Journal: Mr. Touzalin is accessible to reason. Whatever will benefit Nebraska and the men who saved the Union, if he has the power he will do. In response to solicitation by one of the members of the reunion committee, he has ordered that the low rate tickets which were offered the visitors to the reunion from all the stations on the B. & M., and good for only two days, shall be sold to all old soldiers and their families, and at Lincoln those who do not desire to return to their homes on the following day, can have their tickets extended and made good to return any day during the week.

Heroes of the Plains.

Is the charming title of a new book just issued by Dan Linahan, publisher, of Saint Louis, Mo. It embraces the lives and adventures of Wild Bill, Buffalo Bill, Kit Carson, Capt. Payne, Capt. Jack, Texas Jack, California Joe, and other celebrated Indian fighters, scouts, hunters and guides and is doubtless a book well worth having. There are not many people in this great land of ours who do not feel an interest in the romantic deeds of the gallant plainmen. See advertisement elsewhere.

City Market.

The attention of the citizens of Brownville and vicinity is called to the meat market of

JONES BROTHERS,

at Body's old stand. Everything pertaining to the shop is neat and clean; meat is kept sweet and nice in the ice closet, cuts to suit customers are handsomely made by expert butchers, and everybody is promptly waited upon. The choicest beef and other meats always on hand. Try the city meat market.

Notice.

Mrs. E. J. MONAHAN, of Maryville, Mo., will visit Brownville Sept. 15th and remain three days. She will stop at the Union House where she will be prepared to treat all forms of eye diseases successfully. Her treatment is a permanent cure for Granulated Eye Lids and all forms of inflammation of the eyes.

We wish every person to try a big fifty cent bottle of Dr. Marshall's Bromoline for liver complaints and general debility. It is good. Druggists all sell it.

—Mr. J. H. Dundas, in the Post, says THE ADVERTISER occasionally makes a thrust at Sheridan. Our thrusts consist in giving the latest news or rumors prevailing at the hour we go to press, irrespective of likes or dislikes, and we remember that during the last past eight weeks these have been sometimes favorable to Sheridan and at other times otherwise. The thrusts of THE ADVERTISER, regarding the probable location of an M. P. depot, has been as varying as the news, and as the hopes and fears which have alternated in the hearts of the average Sheridanite and Calvertite up to date, and will ever be thus, natural and unavoidable until the question is settled. We have no prejudice or ill will against any of our towns present or prospective, and make no thrusts unless it pleases people to construe facts as thrusts. As to Mr. Dundas' opinion of us, or what we write, it certainly concerns us as little, where he is known, as any man we know of. He refers to the example of Washington on telling the truth, which he would do well to follow, for his long winded article is remarkable only in the manifest labored effort the writer makes to misrepresent the situation.

Dr. B. Bell Andrews has recently had two operations to perform for strangulated hernia. One was on Mr. D. R. James, living in Richardson county. In this case Mr. James was afflicted with a rupture of eleven years' standing, and which had been operated upon once by Dr. Bishop, of St. Joe, without success. This time Mr. James allowed some forty hours to elapse before calling on Dr. Andrews, and although the doctor operated and relieved the man, part of the intestine had become gangrened, and eventually caused his death. The other case was that of a railroad sub-contractor from Richardson county, who was sent to Dr. Andrews by Dr. Rockwell, of the said county. Both Dr. Hunter, of Falls City, and Dr. Rockwell had attempted to put back the intestine, but came to the conclusion that only an operation could save him. He was brought to Johnson's hotel, and Dr. Owen tried for two hours to replace the intestine before Dr. Andrews operated upon him. Dr. Andrews, assisted by Dr. Crim, then operated and the man is now nearly recovered.—Nemaha Times.

Farmers' Alliance.

At a called meeting of the London Farmers' Alliance, No. 161, the following resolutions were transacted:

Decided that the regular meetings of the Alliance shall be held at London, in the Methodist church, the first and third Saturday evenings of each month. All Farmers are requested to be in attendance at our next meeting, Saturday evening, Sept. 17th, as important business will come before them at that time.

The subject for discussion at the next meeting reads as follows:

Resolved, That three consecutive terms of office should not be allowed under any circumstances, and that the use of money to secure nominations and elections would not be countenanced but resisted under all circumstances. GEO. S. MCGREW, Secretary.

—The St. Louis Republican, in reference to the Quincy, M. & P. railroad says:

Steps are now in progress with a view to letting the contract for the grading on the extension of the Quincy, Missouri and Pacific branch of the Wabash from its present terminus at Trenton, Missouri, to a junction with the Omaha division of the same road. Three lines have been surveyed for the extension, and the chief engineer of the Wabash and an assistant are out making an examination of the surveys for the purpose of determining which of the three will be the most advantageous to build upon. As soon as this can be decided bids will be advertised for to do the work. It is hoped the letting can be made by the first of October.

—We would like to see an election held in Nemaha county without a nominating convention.—Orange.

Not the least doubt of it. There could hardly be another possible way suggested by which some Democrat would slide into an office on a minority of votes. That homeless and friendless concern has laid awake of nights for years to devise ways and means to divide and split up and defeat the Republican party in Nemaha. But Nemaha Republicans are solid and always ready to roll up four to five hundred majority for good nominees.

—Mr. O. M. Druse has become sole proprietor of the Nebraska Farmer. The Farmer may become universally esteemed if the new management shall drop the political partisan features which have hitherto too often marred its otherwise bright and useful pages.

NEMAHA CITY.

—Nemaha is steadily improving. —A number one baker could do well in Nemaha.

—Mrs. Stewart, wife of one of Capt. Minick's clerks, after a protracted visit to her old Kentucky home, returned Friday last.

—School opened here Monday last. Ben Lorange, principal. It is believed he will give general satisfaction, and be equal to the task of managing the truants and other fast boys of which there are a number in town.

—Theodore Hill is having stone hauled preparatory to erecting a nice residence. And anybody may guess pretty closely what that means.

—The B. & M. will be finished to Calvert, or nearly so, this week.

—An old gentleman named Simmons died of consumption here last week.

—Esquire Crother went down to St. Joe Tuesday, to take in the exposition.

—Dr. Keeling who has been here for a couple of months, had a nice house built on his farm, started for his old home at Sulphur Hill, Ind., on Tuesday. We believe it to be the intention of the Dr. to return at some time in the near future, with his family to make this his permanent home. We and many other friends hope he will do so.

—Our hopes of a B. & M. transfer boat this fall if not so flattering as it was.

—We learn that the Johnson Hotel is for sale. Mr. Johnson desiring to go out of the business. It is a good stand in a good location, and would pay well any one adapted to the business of running a hotel.

—The Nemaha horsemen are having a splendid circular half mile race track made north of town.

—Crim's boarding house is pretty well crowded with boarders now, and all the boarding houses are doing well.
