The Local Paper.

We find the following floating in the columns of the press without credit. It is good and deserving the favorable penetrate the continental divide. Beconsideration of every citizen;

The columns of a paper are the pubcountry; every new fence, road or the town abroad. It benefits all who Herald, have business in the place, enhances the value of property, besides being a you of danger, it points out different advantages and increases your profits, wealth as well as that of the place in which you live. The local press is the power that moves the people; therescribing and paying for it.

It strikes us that the following from the State Journal is to the point:

The determination of Omaha to keep the state fair or kill it is guardedly alluded to by the leading papers, but the Times speaks out openly that at which the others but hint. The Times says: Omaha business men threaten to withdraw from the State fair association if it is removed from the city, and give their money and influence toward the establishment of a permanent exposition here, which would be stated as a property of the companion of the compa position here, which would virtually lieved it to be and where Bell's electric kill the State Fair or consign it to in- humbug had located it. Rev. Thomas, a very popular Chicago minister of the M. E. church, has been tried by the Rock River conference, and found guilty of heresy. He was acknowledged by all to be a good man, and a most brilliant preacher, but he got to be too liberal on many established doctrinal points. He was suspended from the ministry and stripped of all rights and privileges thereof until the meeting of the general conference, to which he appeals. During this suspension he adheres strictly to the order of the lower court, refusing to perform any official act. The New York Sun, refers to a noticeable feature in the trial of Dr. Thomas, as fol-
