At the request of many citizens of Nemaha county, I hereby announce myself as an independent candidate for County Clerk and respectfully ask the votes of all the people, my only pledge being to perform the duties of the office, if elected, to the best of my ability and in the interest of the people of Nemaha county. Respectfully, J. B. DOCKER.

"Wine is a mocker, and strong drink is raging." Take PRICKLY ASH BITTERS. It is not a beverage, but a remedy for all the effects of an excess of intoxicating stimulants. Don't take a drink before breakfast just to wake you up, because you feel so stupid and languid. You are sure to feel worse as soon as the effect wears off. Take a half wine glass of PRICKLY ASH BITTERS. It will brighten you up for the whole day.

Hats, caps, nubias, knit jackets, hoods, etc. Stacks of them at J. L. McGee's.

Sheriff Kleckner, after his defeat in the Republican convention announced himself as an independent candidate. He then sought indorsement by the mongrels, and was defeated again. Now, we understand that a faint, intangible something, supposed to be an idea, has penetrated the Sheriff's brain, to the effect that he is not wanted for Sheriff again right away, and that therefore he is off the track. We are sorry it took him so long and through such sad experiences to "catch on" to that fact. We fear it will hurt his political future. Yet, as he made a fair Sheriff so far as the duties of the office were concerned, he may yet recover some lost ground by coming out like a man and supporting the whole Republican ticket, that the convention of which he was a delegate, nominated, and especially the nominee for sheriff, who beat him so fairly, and whose nomination was made unanimous upon Mr. Kleckner's motion.

We owe an apology to Uncle Mose Conner, his estimable wife, and many friends for failing last week to announce the event of their golden wedding. The mishap in our office, at nearly the usual hour of issuing our paper, which required the resetting of a whole page of type, and in the confusion of matter incident to such a disaster, the notice of the golden wedding was left out. That good aged couple who have traveled hand in hand for fifty years, nearly one-half of which time we have been intimately acquainted with them, have no better friend than the editor of this paper. Their belief in the present and the eternal future are so nearly the same as to cement their friendship, and the inadvertence and treacherous memory caused us many regrets. The young friends of the aged couple prepared to open the opera house on the 50th anniversary of their married life occurring on the 26th inst.—Wednesday evening this week, and to make the event as pleasant for them and all who may attend—everybody being invited—as possible to do. Our paper this week going to press before the reception, we can give no report of it, but doubt not that it will be a happy success.

E. H. Wilcox announces himself this week in our columns as an independent candidate for County Clerk. He makes the same announcement in all the papers in the county. Mr. Wilcox did not permit his name to be mentioned in the mongrel farce. That was eminently to his credit, and should enhance his popularity with his Democratic friends. Mr. W. did not consider that convention as representing the people. The people were not there either in person or by representation. Neither people, parties or county were represented there. He was the first independent candidate for Clerk that was announced, and being in the field first, and in the field yet, as when announced, he says he is "going to stay." When Docker was indorsed by the mongrels, G. B. M. got anxious about Eli, and he was trotting around like a lost dog to find some influence to get Eli off the track. He said, "we must now get Wilcox to withdraw." The latter however doesn't seem in a humor to be set aside as a toy, and doesn't withdraw worth a cent. Docker is in a stew at Eli's stubbornness. What if Eli was out first—what if a great many therefore think that Joseph is the man that ought to get off and let Eli give McGrew a single handed race—that doesn't matter, for doesn't the position belong to Joseph—of course it does, and the impudence of Wilcox in persisting when Joseph is on it, is extremely outrageous. THE ADVERTISER says, let 'em fight, and doesn't care whether one or both runs—Doc McGrew can beat one or both, but both easier than one, and all we fear is that Joseph will withdraw in the interest of patriotism and Wilcox. Then the fight would be interesting; but if both run or if Eli should draw off, in either case our candidate would have a walk over. Mr. Docker will draw a few votes and—don't draw off Mr. Docker—you have a right to run, because you came out after Wilcox did, and then the mongrel arrangement indorsed you where all the precincts but eight were represented. Stick to the track just to spite Wilcox if nothing else. Now, seriously, there isn't a better qualified man for clerk in Nemaha county than E. H. Wilcox, and if we had to choose a Democrat, we would take Wilcox every time in preference to Docker.

Stoves. Stoves.

The best at bottom prices, by the "Regulator." THOS. RICHARDS.

THE ADVERTISER'S loyalty to the Republican party will not permit it to be diverted from the business of striving to secure a victory for the Republican ticket now in the field. So the Hon. Wm. Dailey and his idiots of the Sheridan Post will have to excuse us from the discussion invited by that "open letter" and Mr. Dailey's answer, until after the election. Some time, when it will do the most good, the ADVERTISER will pay such attention to that letter and those questions as the matter deserves. Our business, and that of every true Republican now is a victory, and a big one, over the common enemy.

That a remedy made of such common, simple plants as Hop, Buchu, Mandrake, Dandelion, etc., makes so many and such marvelous and wonderful cures as Hop Bitters do?
