Purify the blood and regulate the bowels, if you would have health. There is no remedy equal to Peckley's Ash Bitters for this purpose. They act directly on the organs concerned, going to the seat of disease and driving it from the system. Nor do they stop here, but strengthen the system, giving it tone and action, rendering it much more capable of resisting all future attacks.

—Judge Stull is now paying the right of way bills for the Missouri Pacific railway.

—Capt. Paul Boyton, the swimmer, now floating down the Mo. river will reach Brownville Friday.

—The mongrel organ appears to have an unreasonable antipathy toward John Culp. But that isn't hurting Culp any.

—Our lengthy, but seemingly necessary local articles, this week, have crowded out most of our local and general news items.

—A good farm of 160 acres, fenced into 40-acre lots, 120 under plow, 40 acres in pasture, good house, barn and grove, well located in good neighborhood for sale cheap by J. S. STULL.

—We glean as follows from the *Courier*:

Dr. McGrew will be the next county clerk.

The Catholic parsonage when finished will be the finest residence in town.

R. P. Hutchins sold three choice wagons to Church Howe & Son.

The organization of village government is suggested.

The Commercial House, a new hotel, by Arthur Paris, is now open.

A public well is being dug.

Since the marriage of Calvert and Sheridan we have been asked frequently which is the bride? It strikes us that Calvert is, judging from the way she is rapidly increasing in size.

Will Taggart will run a line of buses between Calvert and Sheridan soon as the B. & M. depot is finished.

Every true, honest and faithful Republican will go to the polls on the second Tuesday in November, and assist in defeating the mongrel ticket.

John C. Bausfield, of Brownville, Republican candidate for treasurer, called to discuss the situation Wednesday. John thinks it will be an easy victory for the whole Republican ticket—and so say we.

We were gratified to receive a call from John Culp, of Nemaha precinct, Wednesday. As is well known Mr. C. is the Republican Candidate for the office of sheriff, and is now around greeting those with whom he is not acquainted. We commend him to every voter in the county as a plain and practical young man, honest, fearless, and as possessing the decision of character necessary to make a true and trusted officer. The peace of the county will be sacredly guarded under his hand.

The *Courier* says of the mongrel convention: Not more than one half of the regularly elected delegates were in attendance. The crowd was small, and there was little or no enthusiasm. But we have this to say in commendation of their work—men, were not moved by factional feeling, for the democrats had everything their own way.

LOCAL PERSONALS.

—Uncle Fred Swartz has returned from his trip to Germany.

—Geo. Arkwright, the jeweler, goes to Chicago this week after goods.

—James Medford came down from Hamburg, Friday, on a short visit.

—Charlie Lee now holds the badge of the Brownville Sportsmen's Club.

—L. L. Hulburd was appointed a justice of the peace by the county commissioners last week.

—Ed. Tucker returned from Washington Territory Saturday, and will be satisfied with Nemaha county hereafter.

—Capt. John L. Carson visited St. Louis last week as a delegate from this State to the river improvement convention.

—A. J. Baldwin, of Nemaha City, manager of Forbes & Russell's harness shop, gave THE ADVERTISER a short call Wednesday.

—Mr. J. H. Broady, of Brownville, who has been attending court here during the past week, informs us that the company organized to build a road from the Wabash to connect Brownville with that portion of the world east of the Missouri river, intends to build the road in fact. It will be well for our people to keep an eye on this enterprise and have their tow-line ready to pull the road through to Beatrice.—*Beatrice Express*.

—"Uncle" Moses Conner is one of the pioneers of Nebraska. Twenty-five years ago he made his home in Brownville, and he still resides in the same house. He is now a very old man, but as full of virtues as he is full of years, and there has never been a hard word whispered of him in his life. He commands the love and respect of all who know him. His wife is a worthy partner of his home. The occasion of these personal remarks is the receipt of a card announcing that "the friends of Mr. and Mrs. Moses M. Conner will tender them a reception at the Marsh opera house, Wednesday evening, Oct. 20th, on the fiftieth anniversary of their marriage." While the event, which occurred last night, may not have been the "grandest" in the social history of the cultured little city of Brownville, there is no doubt that for numbers and enjoyment it takes no second place. A number of friends of the aged couple sent from this city their regrets, accompanied by suitable golden manifestations of their esteem.—*Lincoln Journal*.

Sudden Death of J. M. Paulin.

On Tuesday evening this week the news reached this city that J. M. Paulin, an old settler of Aspinwall had died very suddenly. Several different rumors became at once current as to the manner of his death. One was that he had committed suicide; another, that he was found dead; another, that he had died under the influence of chloroform while undergoing a surgical operation. Realizing that we were not likely to obtain correct information within the short time we had before issuing the ADVERTISER, the editor, accompanied by L. L. Hulburd, Esq., started through the rain and mud for the scene of the death. Arriving at Nemaha City about 9 o'clock, we found the object which had called us out. In the operating room in the office of Dr. B. Bell Andrews, in the repose of death was the body of Mr. Paulin. Present, were Sheriff Kleckner—who in the absence of the coroner was acting coroner, Deputy Sheriff Lannon, and a jury of six good and lawful men. Witnesses were sworn and the following facts elicited: Dr. Andrews, first interrogated, said Mr. Paulin that afternoon called at his office to have his hand examined and treated, the index finger of which had for several weeks been very painful and in an extremely bad condition. The Dr., after an examination of his finger, called in Dr. John Crim, and it was agreed that the only mode of relief was amputation. They then administered to patient chloroform by the use of a handkerchief, in hand of Dr. Crim. The patient was under the power of the chloroform only from five to ten minutes, during which time the amputation, at the knuckle joint, was performed by Dr. Andrews. The patient seemed entirely relieved of the influence of the narcotic—talking rationally about various matters, laughing and exchanging jokes with friends. To the question, "Do you not feel as if drunk?" he answered, "No, I do not feel drunk." Dr. A. had stepped into the back room to attend to the wants of some one, when a gentleman present said, "Paulin seems to be going to sleep." The Dr., hearing the remark hastened to the afflicted man and comprehending his danger, hastily laid him on the floor, and endeavored to resuscitate him. He died within one minute from the first death symptoms; and one hour and ten minutes after he had come from under influence of the chloroform. Dr. A. is of the opinion that he died from "shock"—blood clot in the heart.

Dr. Crim testified, confirming Dr. Andrews' statement in every particular regarding the surgical operation, the administration of chloroform, and the length of time patient was under its influence. About two and a half ounces of chloroform was poured onto a cloth, applied for inhalation by him. Was not present at the death. Death not sudden enough for apoplexy. Had not arrived at any opinion as to cause of the death. Did not think it was the chloroform, as there were no medical authority sustaining the idea that death ever occurred from chloroform after the patient had recovered from its influence. He had had much experience, and the present case had been handled with due skill and caution. Deceased before he died was entirely free from the effects of the narcotic, and talked rationally with those present, and cheerfully. A work on medical jurisprudence was read sustaining the theory that persons who die from chloroform always die while directly under its influence.

Then Messrs. Walter Swope, John Blair, S. W. Barclay and Wm. H. Davis, all testified that they were present when the chloroform was administered to deceased, and when he recovered from its effects, and all agreed that the time did not exceed five minutes. They also talked with him after his recovery, or heard him talk and believed him rational and fully recovered from the influence of the chloroform. The jury rendered the following verdict:

STATE OF NEBRASKA, ss. NEMAHA COUNTY, ss. At an inquisition holden at Nemaha City in Nemaha county on the first day of November, A. D. 1881, before me J. M. Kleckner, sheriff of said county, upon the body of J. M. Paulin, lying dead, by the jurors whose names are hereto subscribed, the said jurors upon their oath do say that the said J. M. Paulin came to his death on the first day of November, 1881, by a cause unknown to the jury. Peter Ault, L. Johnson, A. H. Scovill, Henry Williams, Owen Pugh, Jno. Ault.
