

NEBRASKA ADVERTISER

THURSDAY, NOV. 10, 1881.

— See E. Loomis' card.

— Thanksgiving Day Nov. 24th.

— There was a light vote polled in the county—very light.

— See notice of the incorporation of the Carson Land Company.

— Mr. Kline has the nearest market house ever seen in Brownville.

— Those who want to pay the printer in wood or corn will please bring it along now—it's all right.

— The saloons were closed in Brownville on election day, and everything passed off very harmoniously.

— Buy New Home sewing machines. Light running and noiseless.

— We believe the weather we are having now is the beginning of Indian summer. It is splendid at any rate.

— Capt. Paul Boynton came down the river on last Friday morning, in his rubber suit, and delivered a very interesting lecture in the evening in the opera house.

— The fellows who peddle groceries from a Council Bluffs jobbing house—or at least two of them—were arrested in this city last week, taken before Judge Stull, tried by a jury, found guilty and fined. Mr. Rogers, for the defendants, we learn will appeal the case.

— The trouble with Titus & Williams, of Nemaha City is, there store room is not big enough for the piles and stacks of goods they are receiving and their many customers that crowd the space between counters from morning till night.

— Brownville elected the following precinct officers: L. L. Hulburd and S. A. Osborn, Justices of the Peace, G. H. Lamm and J. G. Russell, Constables, Sam Rich, Assessor, Chas. Chantz, Supervisor, for Brownville district.

— Nemaha City elected precinct officers as follows: For Assessor, S. Howe; for Justices of the Peace, J. P. Crother, C. C. Donald; for constables, J. K. Smith, Jno. Colerick; overseers of public highways, J. P. Hoover, district 1; O. K. Fisher, No. 2; B. Stokes, No. 3.

For cloaks and dolmans call on McGee & Moore's.

Regarding the extension of the M. P. railroad northward, an Atchison dispatch of the 2d inst. says: The contract for building the extension of the Missouri Pacific road from this city to Hiawatha, Brown county, was let today to Bagnell & Company. Work will be commenced within a week or ten days, and all the men and teams that can be procured will be employed. The contract provides for the completion of the road by the first of June next.

— In the election of Mr. Tate we find some satisfaction in the fact that the new is an immense improvement on the old. Mr. Tate is a republican and will make a good sheriff, a fact that we never disputed. It is only the manner of his nomination that we object to, believing, as we do, in party organization and opposed to everything tending to confusion and demoralization.

Mr. Docker, elected clerk, is the happiest man in America. He had a right to run and be elected if he could. He has made it, and we congratulate him. He will be an efficient and industrious clerk.

The Millers' Association at Milwaukee, Wis., met on the 2d inst. and passed resolutions asking the chamber of commerce to enforce the rigid inspection of wheat, as a vast quantity of wheat is coming from the northwest which, while it looks as fair and grades No. 2 and even No. 1, is badly injured by rain, and is damp and tough and totally unfit for flour. The association also telegraphed as follows to the Millers' association: "At a meeting of the millers of this city to-day it was resolved that owing to the unwarranted condition of the wheat market, which is manipulated in the interests of speculators and against all legitimate business, we believe it to be for the interest of the masters of this country to make common cause and shut down their mills until the price of wheat shall be at a figure to compare with the markets of the world. All mills here have shut down, and invite your co-operation."

For ladies' and children's furs call on McGee & Moore.

The finest line of Mens and Boys clothing, overcoats, etc., to be found at J. L. McGee's.

— We have just received the finest, best and largest stock of heating stoves that was ever brought to this country, at prices that will sell them. Come and make your selections early.

— Stevenson & Cross.

— Mrs. Ann Waterworth, of Elk Station, gave us a call last Friday, and left substantial evidence of her appreciation of THE ADVERTISER.

— John Chip may feel a laudable pride in the fact that no candidate on either ticket ran so well at home and where he was known as he did. This splendid endorsement sustains THE ADVERTISER in its estimate and advocacy of the man.

— Mr. G. W. Tate, the sheriff elect, was in town Wednesday shaking hands with old friends, forming new acquaintances, and hearing the result of the votes as they came straggling in from the different precincts. Mr. Tate didn't seem to be especially depressed from hearing the news.

— Dr. G. H. Collins, who has been a resident Dentist of this city for some three years has concluded to change his location, and will within a short time remove his family to Pawnee City. This determination will be regretted by the people here, and of the neighboring towns which he has visited from time to time in the practice of his profession; as he is an educated and practical Dentist, as well as a genial gentleman. We commend the Dr. to the good will and patronage of the people of Pawnee.

The Result of the Election.

THANKSGIVING DAY.

A Proclamation by the President.

WASHINGTON, Nov. 7.—The President has issued the following proclamation:

It has long been the pious custom of our people, with the closing of the year, to look back upon the blessings brought to them in the changing course of seasons, and to return solemn thanks to the all-giving source from whom they flow; and, although this is the period when the falling leaf admonishes us that the time of our sacred duty is at hand, our nation's still lies in the shadow of our great bereavement and mourning which has filled our hearts and still finds sorrowful expression toward the God before whom we but lately bowed in grief and supplication; yet the countless benefits which have been showered upon us during the past twelve months call for our fervent gratitude, and make it fitting that we should rejoice with that fullness that the Lord in His infinite mercy has most signally favored our country and people. Peace without and prosperity within have been vouchsafed to us. No pestilence visited our shores. The abundant privileges of freedom which our fathers left us in their wisdom are still our increasing heritage, and if in parts of our vast domain some afflictions have visited our brethren in their forest homes, yet even this calamity has been tempered and in a manner sanctified by generous compassion for the sufferers which has been called forth throughout our land. For all these things it is meet that the voice of the nation should go up to God in devout homage. Wherefore I, Chester A. Arthur, president of the United States, do recommend that all people observe Thursday, the 24th day of November, instant, as a day of national thanksgiving and prayer, by ceasing, so far as may be, from their secular labors and meeting in their several places of worship there to join in ascribing honor and praise to Almighty God, whose goodness has been so manifest in our history and in our lives, and offering earnest prayers that His bounties may continue to us and to our children.

In witness whereof, etc.
CHESTER A. ARTHUR.
By the President.
JAMES G. BLAINE, Sec'y of State.
