NEBRASKA ADVERTISER.

Cranberries, maple syrup and pickles, by Stevenson & Cross.  
 Best bread in the city at Aaron Palmer's—and don't you forget it.  
 Brownville merchants never had larger or better stocks of goods.  
**You will find Dolen at Lowman's with a big stock of goods.**  
 Buy New Home sewing machines. Light running and noiseless. STEVENSON & CROSS.  
 Perry & Barnett will have the Gilmore building, at Sheridan, ready for occupancy by the middle of next month.  
 Do not fail to call on Stevenson & Cross for stoves, cook, heating, coal or wood. They keep a large and complete stock and prices are low.  
 \$3000 per year can be easily made at the working for E. G. Ideout & Co., 10 Barre Street, New York. Send for their catalogue and full particulars. — 21-15  
 Dolen has moved up street into Lowman's fine business house. Call and see him and his elegant stock of goods.

**Dolen is at Lowman's.**

The Missouri river was so full of mush-ice last Saturday that boats did not cross and we received no mails from the other side. This is the first obstruction of the winter.

**For cloaks and dolmans call on McGee & Moore's.**

Saturday last was a good day for the merchants of Brownville. Lots of people in town and the big stores were crowded from forenoon till night, and every clerk was kept on the jump.

**Rubber boots at McGee & Moore's.**

We did a large amount of job work last week for Mr. Jordan and his agents, of the "Pneumatic Washer." That simple labor-saving implement seems to take well with the people, and many families are being supplied.

Many persons are bitterly opposed to "patent medicines," and will rarely use them at all. There is no doubt that many are worthless, yet a remedy that has stood the test for years, like Dr. Sierman's Peppery Ash Bitters, and its sale and popularity increasing every day, must have merit or it would have disappeared long since.

**Notice.**  
 Is hereby given that I will examine all persons who may desire to offer themselves as candidates for teachers of the primary or common schools of this county, at the Court House, in Brownville on the first Saturday in each month. PHILIP CROTHER, Co. Superintendent.

Who Dolly has been explaining in a long letter why he suddenly jumped from Dundy to Padlock in last winter's senatorial contest. Daily knew enough to wait nearly a year after the event, when the people had forgotten every little detail of the senatorial struggle to explain. Mr. Daily, evidently, doesn't believe in doing everything immediately.—*Argonaut Journal*.

The Plattsmouth *Enterprise*, commenting on the same matter, says: His Mr. Daily of Nemaha county attempts in a long letter, to explain his break in the last session of the legislature from Dundy to Padlock. Such explanation, were it not made, than made. Mr. Daily could not attempt to deny that in the break he did not confer with the members from Cass county, who were supporting Mr. Dundy. He will not deny that in the break, the sole hope of electing Mr. Padlock, was to stampede the Dundy forces; without explanation, Mr. Daily will not attempt to say that he conferred with Messrs. Bartlett and Branch, of Douglas, or with Windsor and Hall, of Cass. Mr. Daily will not deny that Mr. Bartlett's vote and Mr. Hall's vote, were secured for Mr. Padlock, under the most degrading misrepresentations. Men who were there know differently, and that is why we say that in the light of the knowledge of the facts that are known to Cass county men, and Douglas county men, Mr. Daily is unwise to offer explanations, that were better not made, than made.

We glean from the Falls City *Journal* as follows:  
 The M. E. depot is 24x30 feet.  
 The post-traveling house is now ready for business.  
 The ladies of the M. E. church provided dinner for the voters on election day in the court room at 23x24 a head.  
 The contract for grading on the Missouri Pacific between Atchison and Haworth is to be completed by the first of June.  
 The B. & M. company, not to be outdone by the Missouri Pacific, has decided to macadamise its depot grounds.  
 The Missouri Pacific depot grounds are to be macadamised, and 500 cars of gravel have been ordered here for that purpose.

**Notice.**  
 Mrs. E. J. Moynihan, of Maryville, Mo., will visit Brownville, Nov. 15th and remain 10 days. She will stop at the Union House, where she will be prepared to treat all forms of eye diseases successfully. Her treatment is a permanent cure for granulated eye and all forms of inflammation of the eyes.  
 That we are a silver-producing Nation is a fact that strikes one with great force, when reading the Census Bulletin on Mining. In 1855 the product was \$25,500; in 1860 it was \$450,000; in 1865 it was \$1,000,000; in 1870 it was \$10,000,000; in 1875 the amount jumped to \$35,702,000, and in 1880 to \$87,000,000.—*Inter Ocean*.

The production of malt liquors has been greater the past year than ever before. There were produced in Cincinnati 672,861 barrels and in Lexington and Newport 53,450 barrels, or an aggregate of 726,311 barrels, or 22,326,571 gallons. The amount of malt consumed was 1,807,284 bushels, and of hops, 1,412,988 pounds.  
 We have just received the finest, best and largest stock of heating stoves that was ever brought to this country, at prices that will sell them. Come and make your selections early. STEVENSON & CROSS.  
 A gold mine in the Summit district of Colorado is said by reputable experts to be yielding \$20,000 per ton. An offer of \$2,000,000 in cash for a half interest was refused.
