—We are pleased to say this week that Mr. George H. Lannon has been appointed, by Mayor Bousfield, Marshal of Brownville. Now we may expect to see a rigid enforcement of the laws. This Mr. Lannon promises, and every lover of law and order in the city, regardless of party or opinions on temperance, should back up the marshal in every proper manner, in his endeavor to enforce the laws. By the way, we also call attention to the fact that Mr. Lannon is the constable of this city and precinct, in the active discharge of the duties of that position, and while he will protect city government, will also be a terror to transgressors of the State laws.

—The following are the officers of Brownville Temple of Honor for the present term: B. M. Bailey, W. C. T.; J. S. Minick, W. V. T.; G. W. Fairbrother, sr., W. R.; Ed. Huddart, W. A. R.; Robert L. The Temple is making vigorous efforts to recover from the lethargy that overcame it, in a degree, during the hot summer months; and it is desirable that every Templar, who cares for the existence and prosperity of the order, shall be in attendance the hall on next Monday evening, to give their presence and aid in the important business then to be transacted.

Guiteau was shot at again the other day when he was being taken from the court to the jail. A man mounted on a fine fast horse rode up to the van in which the assassin was riding, peered into the vehicle, and locating him sent a pistol ball through the wagon cover at his man as nearly as he could, but without the desired result, as the bullet only grazed the hunted wretch. Of course, he being a natural coward, was scared nearly to death. He says this is further evidence that it is all God's work and that the latter is protecting his precious life. He however demands more guards to assist God in guarding him.

The Union Hotel

Is growing in public favor. Commercial men are learning that at the Union is the best place to stop for good fare and cordial accommodations. The increasing custom and demand for first-class fare, has made it necessary for the Union to take an up grade step. It has recently been refurbished and otherwise improved. Best table, best beds, best everything, and only \$2.00 a day. The best and most convenient sample room in the city is now connected with the house.

Horse blankets cheap at J. L. McGee's.

—One of Daily's idiots—the little pug-nose, we think—took a ride the other day with an M. P. man. If you don't think him an idiot read what he says about that ride—how he "received" that fire and tent. Now, perhaps little pug-nose was permitted to warm his shins at a fire in a tent, but when he undertakes to convince us that he "received the fire and tent," and carried them away, we are bound to believe that the old fellow that got up young fellow supplied him with a poor article of batter instead of brains.

The Crown Sewing Machine is the best. Sold by J. L. McGee.

—I have just received a large stock of groceries and a fine lot of California canned fruit. I will sell them at bottom prices. B. STROBLE, City Bakery.

—Some person or persons on last Sunday night threw stones and bricks at Joe Shutz's jewelry sign—a big watch, swinging high up in front of his store—until they broke it and brought it to the ground. They then carried it down to the river bank where it was found next day. The sign cost Mr. S. \$15.00 not long ago. It was badly battered, showing about a dozen marks where it had been struck. It has been pretty accurately ascertained who committed this outrageous piece of malicious mischief, that may, and ought, to be followed with heavy punishment, and we are not at all surprised to hear the names of one or two men connected with the matter, who have made several desperate efforts to appear respectable, at least in the day time, but have made miserable failures, we regret to say. It is hardly necessary to say the crowd was drunk—such however was the fact.

—"AMONG THE BREAKERS," is the name of the popular old play to be presented in Marsh opera house, Thursday evening, by the "Anonymous Dramatic Club," of Falls City, whose reputation precede them as amateurs of rare dramatic talents. The entertainment will conclude with a Farce—the "Young Collegian of Cambridge in Trouble," said to be very funny. As it will be Thanksgiving evening, and a "long felt want" in the city, we may expect a big audience to greet the "Anonymous."

Almost Young Again.

"My mother was afflicted a long time with Neuralgia and a dull, heavy, inactive condition of the whole system, headache, nervous prostration and was almost helpless. No physicians or medicines did her any good. Three months ago she began to use Hop Bitters, with such good effect that she seems and feels young again, although over 70 years old. We think there is no other medicine fit to use in the family."—A lady in Providence, R. I.

Purify the blood and regulate the bowels, if you would have health. There is no remedy equal to Prickly Ash Bitters for this purpose. They act directly on the organs concerned, going to the seat of diseases and driving it from the system. Nor do they stop here, but strengthen the system, giving it tone and action, rendering it much more capable of resisting all future attacks.
