The Sheridan Post whines like whipped puppies because we occasionally skin them by way of amusement, for we care not a snap what they say or think of us. They show the boy who begins a fight and then bawls, "Now you stop, that hurts." We treated the Poet with courtesy until it began an indecent and ungentlemanly attack on us and our paper, and now it must stand the racket, until it can learn and adopt a decent style of journalism.

Almost Young Again. "My mother was afflicted a long time with Neuralgia and a dull, heavy, inactive condition of the whole system, headache, nervous prostration and was almost helpless. No physicians or medicines did her any good. Three months ago she began to use Hop Bitters, with such good effect that she seems and feels young again, although over 70 years old. We think there is no other medicine fit to use in the family."—A lady in Providence, R. I. Purify the blood and regulate the bowels. If you would have health. There is no remedy equal to Pilekly Ash Bitters for this purpose. They act directly on the organs concerned, get to the seat of disease and driving it from the system. Nor do they stop here, but strengthen the system, giving it tone and action, rendering it much more capable of resisting all future attacks.

T. order, organized a lodge at Calvert on Friday evening; and stopped off here and delivered us a lecture on Saturday evening. The people seem to like Mr. S's style, but his audience was not as large as it would have been had the notice of the lecture not been so short; yet there was a very respectable attendance. Prof. Tice, the distinguished Meteorologist and Weather Prophet of St. Louis, has issued his Annual National Weather Forecasts for 1882, in which besides foretelling the weather for every day in the year, and clearly explaining the theory on which his predictions are based, he gives much other information concerning atmospheric phenomenon—the whole designed not only to give the facts as to the weather, but to teach the masses of the facts determining weather changes. Other matter concerning the farm, garden and household, of special interest, is added—the whole serving to make it the most complete and practical of his long series of annual issues. Its value to everyone, and especially the farmer, is apparent. For sample copy and terms to the trade and to agents, send 20 cents to Thompson, Tice & Lillingston, St. Louis, Mo.

Groceries cheaper at Dolen's than any house in town. —Many persons are bitterly opposed to "patent medicines," and will rarely use them at all. There is no doubt that many are worthless, yet a remedy that I have stood the test for years, like Dr. Sherman's Pilekly Ash Bitters, and its sale and popularity increasing every day, must have merit or it would have disappeared long since. Cash Paid for Wheat. The highest market price paid for good wheat at Glen Rock Mills. JO. HUDDART & CO. BROWN'S TWINS. We are still making and selling our patent bed springs. They are superior to any bed spring made, and will last a lifetime. D. E. DOUGLAS & CO.

Latest News. A dispatch just received from Santa Claus says he will make his headquarters from now till January 1st at Nickell's Drug store. —If the editor of the ADVERTISER keeps on showing his teeth, we'll have to show up the little scrape over the "buggy wheels" that has lately come to our ears.—Sheridan Post. Very well, if Daily's long nosed crank can't hoe his row with us without resorting to that kind of warfare, he may consider us as "keeping on." The man who speaks by hints and innuendoes is usually a coward and liar, and that is what we write you down, Nosey, and also your informant. Now go on with your buggy wheel story; and while you are in the business tell us about your visit to the domicile of Greasy Moll, and that girl "back yonder," who furnishes you your candy. Now drive on, Nosey, you are a nice young man, you are; but haven't yet learned the truth of the adage about people who live in glass houses. Notice for Tax Deed. To J. K.
