The M. P. railroad is now in operation from Hiawatha Kansas, to the new town of Stella, in Richardson county, Nebraska. The road will soon be finished to Sheridan—if the weather continues favorable.

Coughs, colds, sore throat, asthma, bronchitis, and all diseases of the lungs and chest, are readily cured by Dr. Marshall's Lung Syrup, a remedy which never fails to give satisfaction. Price only twenty-five and fifty cents.

T. F. Seaton dealer in groceries corner 6th and Main Street, has for sale the renowned White sewing machine, also the Household sewing machine, they are both very light running and almost noiseless, warranted for five years. Call and see them.

We are glad to hear that Dr. Marshall's Lung Syrup gives such general satisfaction. Our druggists say it sells better than other preparation for coughs, colds, etc. The price is twenty-five cents, large size fifty cents. Sold by all druggists.

We are informed that Calvert and Sheridan will ere long be consolidated, both names be dropped and both towns be known by a new and single name. Then the people will be called upon to move the county seat from Brownville and build a \$50,000 court house.

Married, on Wednesday 11th inst., in this city by Rev. Esterbrook, Mr. Aaron Palmer and Miss Della Far-lough. Aaron set up the cigars, and we acknowledge cake received. Mr. and Mrs. Palmer have our congratulations and best wishes for a happy married life.

Dr. A. Opperman, accompanied by Rudolph Snyder, both of Sheridan, made us a call on Thursday. The Dr. has lived in Nemaha County since 1868, and enjoys a luxurious practice. He has probably done more for the prosperity of Sheridan than any other man.—Humboldt Advocate.

Dr. O. is also county coroner, and for a fact, is one of the squarest men in Sheridan.

Hon. Wm. Daily of Nemaha county bought a few days since of Elder Young the fine two year old shorthorn heifer Daisy, a pure rose of sharon and a valuable acquisition to Mr. Daily's already fine herd. Mr. E. J. Root of Nemaha also bought of the same man a half sister to Daisy at one year old, also a very fine animal.—Neb. Farmer.

The Omaha Republican says:

It is reported that several well defined cases of small pox have appeared in the city.

In Brownville, and Nemaha county, as well prepared for the dreaded disease as they may be? Everybody should be vaccinated, and speedily for the disease appears to be epidemic, is already this far west, and may break out in our midst any day.

### Our New Officers.

Our new county officers are now installed into their respective positions, and take hold of their duties as intelligent business men.

Mr. Joe B. Dockert, the clerk, has little to learn as regards his office, and has the poise of a veteran, he having served for several years as deputy over the books and papers of which he now takes charge. Mr. Dockert, always a perfect and genial gentleman, will always take time and a pleasure in talking to the people he serves, and give such information asked for as is generally expected of a county clerk. With the assistance of Mr. Fort, his efficient deputy, we doubt not that general satisfaction will be given in the clerk's office for the next two years.

Mr. J. C. Bousfield takes the keys to the "money box" with gentlemanly modesty and dignity. These, with the Jeffersonian qualifications will make him an efficient and popular treasurer. Mr. Snyder, the efficient veteran deputy still retains his position, in the office, and the business goes smoothly on.

Mr. G. W. Tate, the new sheriff, has entered upon the active discharge of his duties. He removed his family to town this week, and is now a citizen of Brownville. Upon acquaintance with our new sheriff, we find him a dignified, pleasant gentleman, with a demeanor and solid appearance that will make him friends, where heretofore he has been but slightly known. Again we say Sheriff Tate is a vast improvement on the one just stepped down and out—forever—and if he ever lets prejudice for any social or political element so far overshadow his official dignity and his oath to faithfully and impartially discharge his official duties, then will we be much mistaken in our estimate of the backbone of Sheriff Tate.

J. S. Stull, county judge, is not a new official and needs no introduction to the people of Nemaha county. He is at his office—the same old place in the court house, attending diligently and efficiently to his official and legal business, as he has done in the past four years. People who want to get married will do well to call on Judge Stull before they go to keeping house.

Mrs. Ella T. Schick, superintendent of schools, is industriously attending to her official duties, and satisfactorily so far as we have heard. Her examination of teachers will take place in Sheridan, instead of Brownville, as heretofore.

G. R. Snook, the surveyor, responds promptly to calls for official work. His postoffice is Hillsdale.

Dr. A. Opperman, the new coroner lives at Sheridan. He will investigate deaths surrounded in mystery. Telegraph him if you need his official presence.

J. H. Pohlman, re-elected county commissioner from the third district, is an honest and impartial officer. He will continue to economize for the people, and conserve the interests of every locality.

Col. Tom. Majors is now in Washington City asking to be admitted to a seat in Congress, on his credentials as a "contingent." He has greater expectations from this Congress than the former one from the fact that the Republicans are now in power. A dispatch says the entire Nebraska delegation is pushing his claim to a seat, and the matter will doubtless be considered more thoroughly than it has been heretofore, and he will win if it is found legal and proper that he should. The *Inter Ocean* of the 4th gives the following editorial views upon Col. Majors' case:

The Hon. Thomas J. Majors, one of the ablest and most enterprising young men of a young state, is at Washington asking for a seat in Congress as a Representative from Nebraska. The law allows Nebraska but one Representative, at present Mr. Valentine; but the people thought a state with 452,000 population was entitled to at least another, so they elected Mr. Majors and sent him to Washington to knock at the door for admission. While there are strong moral grounds for Mr. Majors' application, he has no legal title whatever. Nebraska has outgrown herself, but must wait with the other states for a reapportionment and then she will get her dues. Rhode Island, with only a population of 276,000, has two Representatives, and Vermont, with a population of 332,000, has three, while Nebraska has to be contented with one. But that one is competent to represent the State, and do it justice.

### No More Hard Times.

If you will stop spending so much on fine clothes, rich food and style, buy good, healthy food, cheaper and better clothing; get more real and substantial things of life every way, and especially stop the foolish habit of employing expensive, quack doctors or using so much of the vile humbug medicine that does you only harm, but put your trust in that simple, pure remedy, Hop Bitters; that cures always at a trifling cost, and you will see good times and have good health.
