The U.S. Senate recently voted a gift to the widow of ex-President Lincoln of \$15,000, cash, available immediately, and increased her pension to \$5,000 a year. The lady is an incurable invalid and in needy circumstances.

We are glad to hear that Dr. Marshall's Lung Syrup gives such general satisfaction. Our druggists say it sells better than other preparation for coughs, colds, etc. The price is twenty-five cents, large size fifty cents. Sold by all druggists.

T. F. Seaton dealer in groceries corner 6th and Main Street, has for sale the renowned White sewing machine, also the Household sewing machine, they are both very light running and almost noiseless, warranted for five years. Call and see them.

We had quite a cold snap last week, the thermometer indicating, on two mornings, zero and a degree or two below, but the weather has been generally very nice. The roads are good, the river is open, the steam ferry still runs, and business is generally, fair.

The commissioner of pensions rules that soldiers captured in the line of duty and imprisoned by the rebels and not since heard from, are presumed to be dead. This ruling is made for the benefit of the widows and orphans of such soldiers, as they would then be presumed to be.

Stevenson & Cross, ascertaining that Rossell did not intend to store ice this season, at once secured his capacity ice house and take the risk of getting ice to fill it. They have been quite fortunate however, for ice producing weather at once set in and within a few days after renting the place they had it filled with an excellent quality of ice. Browning, of the Marsh House; Palmer, the restaurateur; Williams, the butcher; Rauschkolb, the restaurateur and saloonist, and probably others, have put up ice to be used in their business, but Stevenson & Cross with their usual enterprise have put up ice for the accommodation of the people, who want a little ice daily for their families, in case of sickness, etc.

In behalf of the public the ADVERTISER thanks S. & C. and hopes the ice business will pay them well for their trouble and enterprise.

Judge Cox reconsidered his decision not to let Guiteau address the jury, and the assassin presented his plea last Saturday forenoon. He spoke about two hours. He attempted to be exceedingly dramatic and oratorical, but whatever effect his effort may have had on the jury, to sensible men he succeeded, as usual, in being only disgusting. The following are quotations from what he said: "I certainly was a lunatic on July 2d, when I fired on the President, and the American people generally, and I presume you, think I was. Can you imagine anything more insane than my going to the depot and shooting the President of the United States?" "You have nothing to do with my condition since or before I fired that shot."

"If you have doubt of my sanity at the moment, you must give me the benefit of the doubt and acquit." "If I fired it on my own account, I was sane. If I fired it supposing I was the agent of Deity, I was insane, and you must acquit."

In reference to the recent decision of the New York court of claims, that the prosecution must prove sanity, in cases where the question of sanity is involved, he said, "I have no hesitation in saying that it is a special providence in my favor." "Some eminent people of America think me the greatest man of this age. They believe in my inspiration, and that Providence and I have really saved the nation another war."

"I tell you, gentlemen, just as sure as there is a God in heaven, if you harm a hair of my head this nation will go down in blood. You can put my body in the grave, but there is a day of reckoning."

Garden Seeds Direct From the Grower. We are in receipt of Harris' Moreton Farm Seed Catalogue for 1882, containing a list of choice field, garden and flower seeds grown and for sale by Joseph Harris, Moreton Farm, Rochester, N. Y.

Mr. Harris is an old seed grower and has had unusual opportunities for obtaining and testing all the new varieties of farm and garden seeds. He is a well-known agricultural editor and author of thirty years standing. He was for many years editor and proprietor of the Genesee Farmer and afterward one of the editors of the American Agriculturist. He has a fine farm of nearly 300 acres near Rochester, N. Y. His "Walks and Talks on the Farm," have made his farm and his neighbor "The Deacon," familiar to thousands of agricultural readers. He is the author of Harris on the Pig and "Talks on Manures." In 1896 he was elected the first resident Professor of Agriculture in Cornell University, but preferred to continue to "Walk and Talk" on his own farm. His seeds are exceptionally good. They are warranted fresh, of the choicest strains and sure to grow. Mr. Harris informs us that he will be glad to send his Catalogue for 1882, with directions for cultivation, free to every reader of the ADVERTISER who will send his name and postoffice address on a postal card. Send for a catalogue and then order some seeds. You will not regret it. Address, JOSEPH HARRIS, Moreton Farm, Rochester, N. Y.

Notes From the Normal.

From the Lincoln Journal. Last Friday evening (Jan. 13), we had a real treat in the form of a lecture from Prof. George E. Church, of the State University; his subject was, "Berlin and her Schools." The subject was very appropriate for the audience, and his lecture was listened to with great interest, and will doubtless be a great benefit to the young men and women, in giving a high ideal of what schools can be made. On Saturday the county superintendent, Mrs. T. L. Schick, was present in the chapel, and held an interesting consultation with a number of teachers and others, relative to the educational work to be done in Nemaha county. She determined to divide the county into four institute wards, and hold an institute in each ward once in three months, making the teachers in each ward, or division, responsible for the work in that particular section.

Mrs. Schick enters upon her work with great energy and spirit, and, as she seems a lady of more than ordinary culture, we look for great advancement in the efficient work of our schools.

The Normal school is in full blast with a larger attendance than ever before, and the work done in the school is more thorough and effective, if possible, than at any previous time. A protracted meeting is going on in town, in which considerable interest is manifested. MORE ANON.

Atchison county, Missouri will vote, on the 31st inst., on a proposition to appropriate forty thousand dollars to build a new court house at Rock Port. The proposition is strongly opposed by the southern portion of the county, on the pretense that the county seat is not where the people want it. But it will probably carry, as the county greatly needs a new court house—the old one being condemned as unsafe—and the proposition is generally favored excepting in the locality mentioned. We think old Rock Port is the place, and hope she will not be "set down" in her old age. It will take a two-thirds vote, however, to build a court house.

PRICKLY ASH BITTERS

The majority of the ills of the human body arise from a derangement of the Liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause. Irregular and sluggish action of the Bowels, Headache, Sickness at the Stomach, Pain in the Back and Loins, etc., indicate that the Liver is at fault, and that nature requires assistance to enable this organ to throw off impurities. Prickly Ash Bitters are especially compounded for this purpose. They are mild in their action and effective as a cure; are pleasant to the taste and taken easily by both children and adults. Taken according to directions, they are a safe and pleasant cure for Dyspepsia, General Debility, Habitual Constipation, Diseased Kidneys, etc., etc. As a Blood Purifier they are superior to any other medicine; cleansing the system thoroughly, and imparting new life and energy to the invalid. It is a medicine and not an intoxicating beverage. ASK YOUR DRUGGIST FOR PRICKLY ASH BITTERS, and take no other. PRICE, \$1.00 per Bottle.
