Hardware and groceries, large stock of each, by Stevenson & Cross. Theodore Tilton will lecture in Band's Opera House, Crete, on March 6th. Are Nemaha county farmers making any effort to secure new seed wheat? Editors and sand-paper both scrape for a living. So do bad barbers and chimney sweeps. Our farmers are going to farm this year in anticipation of high prices and a good crop. They are trying to substitute celluloid eyes for glass eyes. "We shall see what we shall see." Corn, corn meal, flour, bran, hay, and wood for sale at Reaves', opposite O'Pelt's livery stable. Fillmore county is afflicted with an election contest. Two men think they were elected county clerk. The Presbyterian revival at Humboldt resulted in many professions of faith and promised reform. The coal prospect hole in Harlan county has struck the genuine article, but the extent is not known. Best bread in Brownville at the Bakery of Aaron Palmer—always fresh and clean. Give him a trial. Chas. Loree, formerly a resident of this city, was married to a Miss Langee, in Falls City, on the 16th inst. It is predicted that the grape crop this year will be so large that the fruit will hardly be worth gathering. The Baptist revival at Lincoln resulted in bringing into the fold twenty persons, mostly heads of families. The Nebraska City Transfer company cleared \$62,000 in two years ferrying passengers at 50 cents a head. A red or green plush young girl, Ten acres-but young girl. A little for paper, Aesthetic drapery, Ten acres-but young girl. The Nebraska stock men are happy. They never had a finer winter to feed, and their cattle were never in better condition. A large number of our girls nowadays seem to be painters. They seem to know how to paint their own face better than any one else. The Nebraska City News is mad because some of the bad boys of that village throw pool chips into the contribution box on Sundays. The town of Tecumseh has been sued for \$2,500. One James Murphy claims that amount because he had the misfortune to get his leg broken. Royal Buck of Red Willow county, claims the ribbon for the boss hog. It weighed 542 pounds when scalded and scraped, and 446 when dressed. A new paper, we learn, is to be started at Talmage, about seven miles northwest of Howard, on the M. P., in Otoe county, by Al. E. Ewan. The Methodists of Lincoln struck an uncommonly rich field of sinners, and revival services of the past week turned many from their sinful ways. Joe Curtis has taken charge of his mill on the Nemaha, (formerly Allen's) and will be glad to receive a call from all old friends and customers of the mill. The Holt county grand jury indicted Jesse Crawford for murder in the second degree for the killing of Bartley Kane at Long Pine in December. The new town of Avoca, in the southern part of Cass county, is commencing to build right lively; some five or six large buildings already being under way.

Crane can be found at the rooms formerly occupied by Dr. Collins, and will be pleased to see all who need any work in the line of Dentistry. Nebraska City is taking huge progressive strides with the approach of spring. The leading citizens have organized a board of trade, with Julian Metcalf as president. Plum Creekers have decided to change the name of their town to Ontario. They will petition the post-master-general and Union Pacific to agree to the change. The News is in ecstasies because Nebraska City has furnished the "Reform school with two candidates." Brownville can discount Nebraska City in that business. Farmers, try seed wheat from Iowa, Illinois and Indiana if you can get it. A climate as near like Nebraska as you can find, we think the better, for seed to do well here. Auction bills printed at this office in the most attractive style and at reasonable prices. Give us a call when in want of bills, dodgers, cards, letter-heads, envelopes, horse bills, etc. A Boone county barber attempted to go aloft by the laudanum route and swore a blue streak because an emetic riled his bowels. Cranks of this class should be allowed all the rope necessary. F. E. Johnson and Geo. Armstrong lost about 700 bushels of corn by fire, the other day. They had been burning some rubbish near the corn crib, and by some means the crib caught fire and was destroyed. The trustees of the Presbyterian church of Madison have \$1,458.80 on hand toward building a new church. Besides this they will receive \$500 from the mission. The ladies also have some \$30 to be used toward furnishing the inside. A large amount of money is staked by the friends of each. Omaha Bee. The "color line" hasn't disappeared from Pawnee county yet. When a colored boy started to the public schools, though the first and only one, a family took offense and withdrew their children. There is no more gentlemanly lad in the school, however, than the one who caused the offense. Five of the old standby conductors on the B. & M. were bawled this week without notice or ceremony. Tom Ryan of the Nebraska City run has been put on the main line run, through Crete. Crete Standard. Our Pat Lyman has also been promoted to a position of the A. & N. A lunatic, writing to the Rising Independent, says: "I would say to all farmers to read the Omaha Bee and to keep the name of Edward Rosewater before the public for U. S. senator. He is an earnest man in everything he believes to be right and will stand by it to the last." Evidently the fools are not all dead yet. Many persons will take no medicine until prostrated on a bed of sickness. This is folly. Nature always calls for assistance when needed to throw off impurities. With our habits of life, it is necessary to render this assistance. PRICKLY ASH BITTERS will not force nature, but acts mildly and renders the assistance required. Try them. The expense of Guiteau's trial will amount to about \$30,000. Of this Mr. Davidge and Mr. Porter will receive, it is thought, about \$5,000 each. Witnesses have been paid a little over \$8,000. The board bill of the jury will reach \$3,500. The expense of printing the testimony will be about \$5,000, and the fees for jurors will amount to about \$1,500. DEATH OF HERBERT RHODES.—The many friends of Herbert Rhodes in this state will be grieved to learn that he died very suddenly at his parents' home in Wisconsin, where he was visiting. His death was caused from vaccination. Herbert was a nephew of Senator H. F. Cady of this city and a partner in charge of the lumber yard of the Chicago Lumber Company at Nemaha City. He was lately married and the news of his death will cast a gloom over the place where he so long resided.—Nebraska City News. His attendant physician says he died of congestion of the lungs. Two Organs. Regulate first the stomach, second the liver; especially the first, so as to perform their functions perfectly and you will remove at least nineteen-twentieths of all the ills that mankind is heir to, in this or any other climate. Hop Bitters is the only thing that will give perfectly healthy, natural action to these two organs.

PRICKLY ASH BITTERS. The majority of the ills of the human body arise from a derangement of the Liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause. Irregular and sluggish action of the Bowels, Headache, Stickness at the Stomach, Pain in the Back and Loins, etc., indicate that the Liver is at fault, and that nature requires assistance to enable this organ to throw off impurities. Prickly Ash Bitters are especially compounded for this purpose. They are mild in their action and effective as a cure; are pleasant to the taste and taken easily by both children and adults. Taken according to directions, they are a safe and pleasant cure for Dyspepsia, General Debility, Habitual Constipation, Diseased Kidneys, etc., etc. As a Blood Purifier they are superior to any other medicine; cleansing the system thoroughly, and imparting new life and energy to the invalid.
