COL. L. T. FOSTER.

Youngstown, Ohio, May 10th, 1880 Dr. B. J. KENDALL & Co., Gents :-- I had a very valuable Hambletonian colt which I prized very highly, he had a large bone spavin on one oint and a small one on the other which made him very lame; I had him under the charge of two veterinary surgeons which failed to cure him. I was one day reading the advettisement of Kendall's Spavin Cure in the Chicago Express, I determined at once to try it, and got our druggists to send for it, they ordered three bottles; I took them all and thought I would give it a thorough trial, I used it according to directions and the fourth day the colt ceased to be lame, and the lumps have desappeared. I used but one bottle and the solts limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles, who are now using it. Vary Respectfully,
