The soldiers' reunion will be held at Grand Island, Nebraska, this year, commencing August 28th. It is expected to be on a grand scale. All Nebraska soldiers, who possibly can will be there.

Albert Dillon has his new house in Calvert painted yellow. We suppose Dillon is growing esthetic since he has lived at "Auburn," and is just giving away to his fancy. It is just too utterly too too.—*Nemaha Times*.

About thirty St. Louis merchants recently visited Omaha over the Missouri Pacific railroad. The occasion was the celebration of the completion of that road to Omaha—and to work up business.

The woman suffrage bill was defeated in the New York assembly by a vote of 59 to 54. It would have passed had not the attorney general previously volunteered an opinion that the law would be unconstitutional.

Do not neglect a cough or cold until it is too late, try Eiert's Extract of Tar and Wild Cherry, we are sure you will be convinced of its merits, chronic coughs, and even consumptives are cured by following the directions, every bottle is warranted to give satisfaction.

Are you suffering from indigestion? If so ask your druggist for a bottle of Sherman's Prickly Ash Bitters. Taken as directed it will cure you. These Bitters have now been before the public for a number of years, have been thoroughly tried, and give entire satisfaction.

When horses and cattle are spiritless, scraggy and feeble they need treatment with Uncle Sam's Condition Powder. It purifies the blood, improves the appetite, cures colds, and distemper, invigorates the system and will keep the animal in a healthy, handsome condition.

The railroad officials and those who have a right to know claim that the railroad from Tecumseh to Beatrice will be built this season, certain individuals to the contrary notwithstanding. They now have the survey completed and we are informed will commence on the grading about the 1st of June.—*Beatrice Democrat*.

Venor has issued another weather bulletin, from which we quote: "A windy spring makes a severe autumn, therefore the outlook for the autumn of 1882 is increasing in severity * * * I herewith reiterate my previous statements respecting a very cold and stormy autumn, and early setting in of extreme weather with heavy snow falls * * * We are likely to experience one of the coldest periods in a long term of years during the early part of the winter of 1882-83; but the cold will come in a lump, and the latter part of the winter is likely to be mild and open with advanced spring."

Senator Saunders, as truly remarks a cotemporary, has been very successful in the passage of his bills this session. His first important bill was that of annexing a portion of Dakota Territory to Nebraska, which has received the approval of the President. Another important point is his success in getting \$25,000 appropriated for a school for the education of Indian children upon the old Pawnee reservation. His bill for sale of a portion of the Omaha reservation has also passed. An essay office has been established at Omaha, and he is hard at work trying to get the passage of a bill for the establishment of a mint at Omaha. His bill for the organization of Dakota Territory into a new state is being earnestly pressed, and he hopes to be successful in having it passed during this session. Senator Saunders has the utmost respect of the Senate, and his remarks are always listened to with attention by the ablest of the Senators.

Takes It Back.

We might as well say it now, and it is thus: If we have ever said anything mean about Hon. Church Howe, we ask pardon for it, for he has completely redeemed himself by his manly rebuke to that contemptible little supercilious demagogue, Edward Rosewater, a few days ago in the legislature. If the legislature was composed of such men as Howe, instead of a lot of sticks and tools, they would take our advice and kick this meddler out on the first occasion. Mr. Howe's speech would do honor to any man in Nebraska.—*Beatrice Independent*.

PRICKLY ASH BITTERS

BITTERS

The majority of the ills of the human body arise from a derangement of the Liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause. Irregular and sluggish action of the bowels, Headache, Sickness at the Stomach, Pain in the Back and Loins, etc., indicate that the Liver is at fault, and that nature requires assistance to enable this organ to throw off impurities.

Prickly Ash Bitters are especially compounded for this purpose. They are mild in their action and effective as a cure; are pleasant to the taste and taken easily by both children and adults. Taken according to directions, they are a safe and pleasant cure for Dyspepsia, General Debility, Habitual Constipation, Diseases of Kidneys, etc., etc. As a Blood Purifier they are superior to any other medicine; cleansing the system thoroughly, and imparting new life and energy to the invalid. It is a medicine and not an intoxicating beverage.

DR. HARTER'S IRON TONIC
GENTLEMEN: I have used DR. HARTER'S IRON TONIC in my practice, and in an experience of twenty-five years in medicine, have never found anything to give the results that DR. HARTER'S IRON TONIC does. In many cases of Nervous Prostration, Female Diseases, Dyspepsia, and an impoverished condition of the blood, this perfect remedy, has in my hands, made some wonderful cures. Cases that have baffled some of our most eminent physicians, have yielded to this great and incomparable remedy. I prescribe it in preference to any Iron preparation made. In fact, such a compound as DR. HARTER'S IRON TONIC is a necessity in my practice. DR. ROBERT S. AMULES, St. Louis, Mo., Nov. 26th, 1881. 3104 Wash Avenue.
