Parties employing Dr. Messler need have no fear of being imposed on, as is often the case, when you employ traveling dentists, and even those who pretend to be permanently located. The Dr. has been a resident of Nebraska for seventeen years, and his work is scattered over the country and speaks for itself. Last week the Dr. visited us for the first time, and found among our business men many old friends and patients each having his work of from four to ten years standing, and each speaking a word in his favor. The Dr. will visit our town regularly hereafter once a month. His next visit will be South Auburn, June 6 and 7, North Auburn June 8th and 9th. Persons desiring work should call early for the Dr.'s time is generally employed. At his last visit he could not wait on half of his customers.
