Machine oils of all kinds at greatly reduced prices at Nickell's in Brownville.

County Commissioner's proceedings are unavoidably crowded out of this issue. Will appear next week.
The popularity of Homewood & Shiffer's flour is being re-established. Ask your grocer for Homewood's.

Where do the boys get their whisky? is the question that is agitating the minds of the law-abiding citizens of South Auburn.

G. W. Cornell, Esq., who has been for some time at the bedside of his father, who has been quite sick, at Salem, Neb., has returned.

We call attention of our family readers to the continued story we commence this week, "The Lawyer's Secret." It's a good one.

The Telephone Company have received their instruments, wire, etc., and as soon as they can have the poles set will hoist their wire and begin operations.

On July 3rd and 4th, the B. & M. railroad will sell round trip tickets between all stations in Kansas and Nebraska, east of McCook's station, at the regular fare one way. Good to return July 5th or before.

There will be a meeting of the people at Samuelson's Hall Friday evening to complete the arrangements for the celebration. This will be the last meeting before the fourth, and all interested should be present.

Nickell, the Brownville druggist, has an immense stock of paints, oils, glass, also wall paper and window shades, which he is selling at exceedingly low prices. If you want anything in the above line do not fail to get his prices, as it will save you money.

Wm. M. Clark, living two and a half miles southwest of this place, had two mules killed by lightning Monday morning, and his brother, James Clark, living about three miles northeast of this place, lost a valuable horse by lightning on the same day.

Our Brownville correspondents just everlastingly go for those Brownville editors. "Junius" is a good judge of "human nature." His kaleidoscope shows them to be gentlemen neither by blood nor education—the dunghill asserts itself—the spots will show.

The storm that visited this place last Sunday morning was unusually terrific at Talmage, on the M. P. in Otoe county. The Talmage Tribune issues an extra, in which it gives the details of a frightful accident that occurred on the railroad. It seems that a gang of section hands, when they saw the storm coming, got under their hand car to escape the rain, and a freight car that had been started by the wind ran over them while in that position, injuring six men, three of whom have since died. Dr. Opperman, of North Auburn, and Drs. Nichols and Ewh, of Brock, were called immediately and rendered all the assistance possible to the unfortunate men. The three who survived are in a critical condition, and it is thought that one of them cannot live.

A Challenge.
We hereby challenge any cord binder of any manufacture, to meet the Walter A. Wood binder in a friendly field contest at any place, at any time, and in any kind of grain, opponent may select.
Respectfully,
HUTCHINS & Co.

Hutchins & Co. this week issue a challenge to any self-binder to meet the Walter A. Wood in a friendly contest in any field, in any kind of grain. Thomas Richards, who has heard that the challenge would be issued has accepted in advance, and named Thursday as the day, and the rye field of Jno. Maxwell, near town as the place where he will back the Buckeye against the Wood or any other machine. Herb Wilson will probably be on hand also with his machine—the Adams & French, and all the farmers are invited to be present to see the fun.

Parasols, fans, lawns, white goods, dusters, shoes, slippers, suits for men and boys, straw hats, etc., etc. Call and prepare for the Fourth of July. McGee & Moore.

Sometime ago Homewood & Shiffer had the machinery of their mill overhauled by an expert millwright, as they supposed; but by some miscalculation he made it worse, and the result was the turning out of some flour not up to the usual standard. Now, however, we are pleased to say the machinery—as good as there is on the Nemaha river—has been readjusted and repaired, and they are making flour second to none. That Henry Shiffer, the boss old miller, stands at the helm, is generally guarantee sufficient in any mill that the flour is number one.

Cyclone on the Muddy.
On the evening of July 4th, a terrible tornado swept down the Muddy destroying every building in its track. No loss, all were insured by D. J. Wood against wind storms. This may not all be a lie.

Fear Not.
All kidney and urinary complaints, especially Bright's disease, diabetes and liver troubles, Hop Bitters will surely and lastingly cure. Cases exactly like your own have been cured in your own neighborhood, and you can find reliable proof at home of what Hop Bitters has and can do.

We are very sorry to say that the majority of the drunken men seen on our streets Monday and Tuesday are, or ought to be, respectable citizens of the town, and not railroaders, as some might suppose.

Nickell, the Brownville druggist, has the largest assortment, the best goods, and the lowest prices of any drug house in the county.

Miss Hattie Mutz, a charming and vivacious little lady from Peru, was in the city last Friday evening.

When you go to Brownville call in at Nickell's drug store and get a glass of Cream Soda.

Mr. A. Carlson and Mrs. Emily Randall were united in wedlock last Sunday. May their wedded life be long and blissful.
Everybody is coming to Auburn to celebrate the Fourth. Won't it be lonesome everywhere else?
A sad and unfortunate accident was that that happened near Talmage 1st Sunday. We are informed that several families are left not far from destitute, and that steps are being taken to raise a small amount of money for their relief. This is indeed a laudable step. It beats the "big bell and high steeple" enterprise and the grand fireworks business clean out of sight.
Elder E. C. Towne, of Kirwin, Kansas, preached in Cooper's hall last Sunday.
C. D. Dundas is building an addition to his house.
Mr. Filley seeing the need of a first-class butcher shop, stepped behind Mr. Smith and said "go in" and I'll stand to your back.

Teachers' Institute.
ROSEFIELD, NEBR., June 26th, '92
According to arrangements the teachers of this part of the county met at Rosefield last Saturday to hold an institute. Teachers present: Misses Dice, Schantz, Randall, Richards, Roy, Rice and Hughes; Messrs. Lorraine, Gilland, Richards and Stokes. Considering the busy time of the year there was a very good turnout of those interested in school matters.

Exercises opened by a paper on "The Personality of the Teacher," by Miss Schantz. A very good article and well read. Discussions followed on various thoughts brought out.

The use of school apparatus was the subject of an article by Miss Rice. Miss Dice read a paper containing some excellent thoughts on school discipline.

Why districts are constantly changing teachers was argued at some length by district officers and teachers present. Of course they did not agree as to the reason.

Adjourned for dinner. It is enough to say that the dinner was a credit to the people of Rosefield.

After spending an hour in very pleasant social intercourse, the meeting was again called to order.

Miss Randall read a paper, the subject of which I failed to get.

Miss Hughes read a paper by County Superintendent Bowers, of Lancaster which contained some very good thoughts. Subject: "Teachers and their wages."

Mr. Lorraine came next with an article on "The Progressive Teacher."

Next was a paper by Mrs. Schick on reading. After which she closed the exercises by showing the superiority of the "word method" of teaching very small children reading, by forming a class of some of the little folks present.

The exercises were interspersed with music by Mr. Dye and others of the neighborhood.

Taken altogether the meeting was a very interesting one and I am confident that those present went away feeling that they had not only spent a pleasant day but a very profitable one as well.

Terrible Tornado.

\$2,000,000 of property destroyed in Iowa last week. Nebraska's turn next. Secure a policy against wind storms, cyclones and Tornadoes right away of D. J. Wood.
