A harness maker wanted at South Auburn, Nemaha county, Neb.

The postoffice of Grant, Nemaha county, Neb., has been discontinued. Too close to Talmage, we believe.

Buffalo Bill is hunting for Sitting Bull, to add him to his red skin attractions during the coming season.

The president vetoed the river and harbor bill, and then the house and senate passed the bill, notwithstanding the veto.

People have confidence in the future of Auburn. This is evidenced by the good class of buildings being constantly erected.

The veterans of the Mexican war are to hold a national convention in Nashville, Tenn., September 13, 14 and 15. About 800 are expected.

A railroad and bridge contractor, named Phillip Rice, at Kansas City, was shot and killed, a few days ago, by a man named McNutt, during a quarrel.

Gov. St. John's nomination for a third term as governor of Kansas, seem to be certain. A nomination is about as good as an election in Kansas, on the Republican ticket.

Near Blair, Nebraska, a prosperous young farmer, while loading one barrel of his muzzle-loading shot-gun, the other exploded, and he was terribly wounded in the face and forehead, and will doubtless die.

At a recent meeting of the state board of agriculture, it was agreed to offer a gold medal, and silver medal, and diploma for bicycle riders. That is a branch of industry that ought to be encouraged, doubtless.

There is no law in Nebraska requiring the weeds to be cut along public highways, but they ought to be cut all the same; and we notice that occasionally a neat farmer, what is a farmer, attends to this beautifying and attractive business about his premises.

On the 1st inst., two trains collided on the Lake Shore railroad, and sixty cars were wrecked and piled up in a mass of debris and catching fire were burned up. Several persons were killed or burned to death. The company's loss is \$200,000. The catastrophe is charged to the carelessness of an employe.

The Fairmont Bulletin says: "One of our best farmers, who has been taking note of the ravages of the chinch bugs this season, says that, after careful investigation, he finds that the chinch bugs will not bother grain that stands thick on the ground; that the bugs will work around a thickly sown bunch of standing grain and hunt for a light patch."

On Sunday evening, July 23d, a hail storm about five miles wide passed through Phelps county, Nebraska, destroying every vestige of crops in its track. The storm lasted thirty minutes, and the hail covered the ground. Hailstones next day were picked up measuring seven inches in circumference.

There is no place where a bore can said to be welcome, although there are some places where he is comparatively endurable. There are few places where the tediously talkative person can more greatly magnify his office than on a railway train.—Philadelphia Times.

Well, we always thought the regular talking bore could get in his work right sharp in a country printing office.

Worth Remembering.  
Now that good times are again upon us, it is worth remembering that no one can enjoy the pleasant surroundings in if in bad health. There are hundreds of miserable people going about to-day with disordered stomach, liver or kidneys, when a bottle of Parker's Ginger Tonic would do them more good than all the medicines they have ever tried.

Children have health and mothers rest when Dr. Winchell's Teething Syrup is used. It produces natural sleep, regulates the bowels, cures dysentery and diarrhea arising from teething or other causes. Sold by all druggists at 25 cents a bottle.

When horses and cattle are spiritless, scraggy and feeble they need treatment with Uncle Sam's Condition Powder. It purifies the blood, improves the appetite, cures colds, and distemper, invigorates the system and will keep the animal in a healthy, handsome condition.

Fear Not.

A Valuable Addition.  
Because it is beneficial to the scalp and adds to personal beauty by restoring color and lustre to gray or faded hair, is why Parker's Hair Balsam is such a popular dressing.

Take care of your Liver. A great number of the diseases to which mankind are liable arise from a disordered condition of this organ. Keep it in a sound and healthy condition and you can defy disease. Prickly Ash Bitters are especially adapted for this purpose, being composed of drugs which act on the Liver, giving it tone and strength to withstand malaria.

Employment For Ladies.  
The Queen City Suspender Company, of Cincinnati, are now manufacturing and introducing their new Stocking Supporters for Ladies and Children, and their unequalled Skirt Suspenders for Ladies. None should be without them; our leading physicians recommend them, and are loud in their praise. These goods are manufactured by ladies who have made the wants of ladies and children a study, and they ask us to refer them to some reliable and energetic lady to introduce them in this county, and we certainly think that an earnest solicitation in every household would meet with a ready response, and that a determined woman could make a handsome salary and have the exclusive agency for this county. We advise some lady who is in need of employment to send to the Company her name and address, and mention this paper. Address Queen City Suspender Company, No. 179 Main Street, Cincinnati, Ohio. 7w12

We are ready to receive produce in exchange for goods at the New Store first door north of the postoffice.
