A new hardware store will soon be opened at Johnson, with T. A. Bailey and the Jones Bros., of Brownville, as proprietors. We think Til. would be more at home in the dry goods and millinery line, but we wish the boys success all the same.

W. T. Rogers, who recently emigrated to Denver from this county, writes to us in glowing terms of that famous town. Bill says he has seen more life in the short time he has been there than in all the years of his residence in Nebraska.

Grand reunion of soldiers will open at Grand Island, Monday, August 28th, and continue during the week. This will doubtless be a very interesting week to old soldiers who may attend as well as others. Round trip tickets will be on sale at Brownville for \$6.05, and from other places on the B. & M. at the same rates.

Church Howe is using nothing but barb wire fences in the construction of his congressional fences, and that gentleman is authority for the fact that his Nemaha county fences are all five wires. However it should be remembered that five wires is "hog tight" and Nemaha county, lying on the border of Otoe county, the easiest inference in the world is, that Mr. Church Howe has a close conception of his neighbors on the north, and is entering accordingly.—Plattsmouth Enterprise.

The trouble is, the size of Mr. Howe's ranche is underestimated. He keeps his thoroughbreds over in Otoe, that always come in lively on the home stretch.

THE MASS MEETING ON COUNTY SEAT REMOVAL.

In response to the call for a meeting to consider the question of the proper time to spring the county seat removal question, Samuelson's Hall, on Saturday evening, was well filled with interested citizens from various parts of the county. On motion of G. W. Fairbrother, sr., Mr. A. H. Gilmore, of Auburn, was elected chairman of the meeting and G. W. Fairbrother, sr. and R. O. Fellows secretaries.

Mr. Gilmore, upon taking the chair, stated the object of the meeting. Hon. Church Howe, who had, at the request of many citizens called the meeting, and being named in the bills as one of the speakers, was called out and addressed the meeting.

Mr. Howe briefly reviewed the situation of affairs in the county, as touching the question before the meeting; calling attention to the fact that two great railroads now cross each other at the center, running east and west, north and south, settling the question beyond cavil as to where the people want their county seat permanently located. He believed the time had about come for the people to move in the matter, and that whenever they chose to do so he would be with them; that he was ready at any time in behalf of the interest he represented to guarantee their share in erecting temporary buildings for the use of the county. Mr. Howe favorably impressed his large audience with his fairness, sincerity, and unequivocal position, which was evidenced by the tumultuous applause that frequently interrupted him.

When Mr. Howe had taken his seat, S. A. Osborn, Esq., took the floor, and made a good speech, approved by the crowd, in favor of removal, and arguing that the question should have been sprung long ago, but branching out from the county seat question into politics, challenging Mr. Howe's motives, a wrangle ensued, over which the secretaries prefer to draw a veil, or rather a blanket, instead of attempting a description or report of it, which would in no sense be profitable to any person or party.

Hon. R. O. Phillips, secretary of the Lincoln Land Company, being present, in a few deliberate and well chosen words described the situation, expressed a strong desire to proceed with removal as soon as at all practicable, and pledged for the interest he represented, what ever might be reasonably demanded to further that project.

Mr. Alex. Karnes, J. W. Gavitt, Dr. B. Bell Andrews and J. S. Church spoke briefly, supporting the idea of county seat removal. The speakers generally expressed the opinion that the question had better be postponed until after the general election this fall.

Mr. J. S. Church spoke most emphatically to the point, deploring the political shape the meeting had assumed and censuring those that had inaugurated it. Regarding removal he seemed to give voice to the popular feeling, and closed by moving that ten gentlemen be appointed to prepare and circulate a petition for removal at the polls in each precinct on the day of general election. Mr. Howe moved to amend by saying fifteen, which was accepted by the mover, and the motion as amended prevailed.

The following named gentlemen were appointed as said committee:

- J. S. Church, Bedford. J. D. Croan, S. A. Osborn, A. W. Morgan, Herb. Willson, Douglas. Jacob Good, W. H. Starr, Lafayette. Clarence Clagett, H. Hockmeyer, Washington. J. W. Gavitt, H. Steinman, Benton. Frank Woodward, Aspinwall. S. W. McGrew, London. Joseph Lash, Glen Rock.

Upon the question of county seat removal there seemed to be but one opinion with those present, and that was for the measure.

Upon motion the meeting adjourned. A. H. GILMORE, Chairman. G. W. FAIRBROTHER, Sr., Secs. R. O. FELLOWS.

The Seward Reporter speaks our sentiments in the following, exactly, so far at least as the Farmer is concerned:

For manufacturing malicious and false stories, and publishing low, scurrilous abuse of a public officer, the Nebraska Farmer, in its course toward Senator Van Wyck, is entitled to the first prize. No paper in the state can compare with it. Even the Lincoln Journal has never gone so far as to caricature the Senator, as the Farmer has done. Druse can't seem to get over that Lincoln postoffice affair. But it is comforting to know that he injures nobody but himself. The farmers of Nebraska are watching Senator Van Wyck, and generally approve his course, and it is doubtful if they will very warmly support a paper one of whose chief aims is to abuse and slander a man in whom they have confidence.

Our Nemaha, Aspinwall, Hillsdale and St. Derois subscribers in arrears will please call on M. P. Hanagan, Esq., and settle. We are "making a raid" now on all delinquents, in every part of the county, because we need and must have the money due us. There is one thing we intend to have now clearly understood and enforced, that is payment in advance—that when the time paid for has expired the pay for the future subscription is due. We cannot run a paper and pay our way on promises.

—A. W. Nickell, reliable newsdealer, Brownville.

An Extraordinary Offer.

There are a number of persons out of employment in every county,—yet energetic men willing to work do not need to be. Those willing to work can make from \$100 to \$500 a month clear, working for us in a pleasant and permanent business. The amount our agents make varies, some make as high as \$500 a month while others as low as \$100, all depending on the energy of the agent. We have an article of great merit. It should be sold to every house-owner, and pays over 100 per cent profit. Each sale is from \$3.50 to \$10. One agent in Pennsylvania sold 32 in two days, and cleared \$64. An agent in New York made \$45 in one day. Any man with energy enough to work a full day, and will do this during the year can make from \$2,000 to \$6,000 a year. We only want one man in each county, and to him will give the exclusive sale as long as he continues to work faithfully for us. There is no competition, and nothing like our invention made. Parties having from \$200 to \$1,000 to invest, can obtain a General Agency for ten counties or a state. Any one can make an investment of from \$25 to \$1,000 without the least risk of loss, as our circulars will show that those investing \$25 can after thirty days trial return the goods unsold to us and get their money back, if they do not clear at least \$100. They show that a General Agent who will take ten counties and invest \$216 can after a trial of 90 days return all goods unsold to us, and have money returned to them if they fail to clear at least \$750 in that time. There are many persons having money to invest, who could not give the business personal attention—such can employ sub-agents without leaving home—making a large amount yearly out of a very small investment. We are not paying salaries, but want men willing to work and obtain as they pay the profits of their energy. Men not willing to work on our terms will not work on any. Those MEANING BUSINESS will receive our large descriptive circular, and an extraordinary offer by enclosing a three cent stamp, with their address. The first to comply with our terms will secure the county or counties they may wish to work. Address Benner Manufacturing Co. 113 Smithfield St., Pittsburgh, Pa. 874

The Beatrice Independent, in discussing the railroad pass question, says that "circulars are sent from the U. P. and B. & M. headquarters to every editor in the state, in which it is stated that no transportation will be furnished for advertising, but solely at the pleasure of the company as a courtesy." This is exactly the reverse of the facts in the case, so far as they have come under our knowledge. We have never seen any such circular, and we know that the B. & M. is very particular to make contracts for advertising in return for transportation, and to see that the contracts are strictly carried out.—Seward Reporter.

The Reporter is doubtless correct. The editor of the ADVERTISER pays for his pass in advertising under contract, and we presume all are served alike.
