Henry James Francis Wert, deputy postmaster, real estate and insurance agent, telephone manager, etc., of South Auburn, is attending the soldier's reunion at Grand Island. Mrs. Wert accompanied her husband as far as Tecumseh.

Chris. Erwin, employed in building a barn for George Cross, met with an accident last Monday. A hatchet fastened in a plank overhead somehow got loose and in falling, struck Erwin on the head cutting a severe gash. Dr. West dressed the wound in his usuar skilful manner, and the patient is getting on nicely.

Fred. Schlange, a German farmer living about six miles southwest of this place, met with a painful accident on Friday. He was building a chicken house, and when hewing the sills the ax slipped and split his foot making an agly gash about five inches in length and two inches deep. He was taken immediately to North Auburn and placed in charge of Dr. Opperman, who dressed the wound. The wounded man is getting along as well as could be expected, and the Dr. assures his friends that the wound will heal all right and that the ankle will not be stiff.

The editor of the Republican furnished us with a "complimentary" to the Band Concert at Brownville last Thursday evening, and therefore we took it in. Had the weather not been so exceedingly hot we could have enjoyed it very much. Probably It was the melting condition of the weather that caused the smallest audience to be present that ever turned out to a "home talent" entertainment in Brownville. But the hot weather nor the slim attendance prevented the rendition of the programme in splendid style. We came to the conclusion that the Brownville Band is the best Brownville ever had, and could compete for the blue ribbon with any in the state; that Miss Clara Mercer is an excellent singer, and that her voice is improving: that Mr. Manuel Aguayo can beat the Jews on the flute, and that Miss Fannie Arnold's two songs were worth all the balance of the programme,

The Democratic papers are condoling with Bob. Furnas over his Nemaha disaster. Yet should be succeed in getting the nomination for an office, those very papers led by Dr. Miller, would give his record such an airing as perhaps no other man in the state would be subjected to. They would entirely ignore the great services to the state that they now are harping so much about.

The Nebraska City News says in due time the Nemaha county Democrats will organize and "make the two Republican factions so sick that they will we admit, that the Democratic party is the political monkey of the age, but so far as Nemaha is concerned he will have to continue to go hungry.
