☞ The steamer *Florence* touched at our wharf on Wednesday evening last, and after a short stay of a few minutes, she passed on up to Fort Randall.

NOT BAD TO TAKE.—Harrison Lyon, Esq., invited us to crack a bottle of Champaign with him, on Tuesday eve. We done so and found it to be none of your "Jersey cider," but genuine Old Heidsick. We have been in a state of effervescence ever since. Thanks, Harrison!

AROUND AGAIN.—Jack F. whose advent we chronicled a couple of weeks since, was around again on last Tuesday morning with a heavy white coat. He undoubtedly was after the "last rose of summer," this time.

WATERMELON SYRUP.—We had the pleasure of tasting some excellent syrup, made from watermelon juice, by Mrs. Col. Mason of this place. It was as thick as any sugar house molasses we ever saw, and tasted delicious.—It was tried as an experiment. Could not sugar be made in the same manner?

THANKS!—We are under obligations to John Naffsigger, Esq., for some fine melons which he presented us with, on Wednesday last. Naffsigger, like all who remember the printer, will die easy, and have something booked to his credit in Kingdom Come. He reads the *Herald* and votes a "straight."

TO SPORTSMEN!—We noticed a fine lot of fat prairie chickens in the immediate vicinity of our office, on Wednesday last. Out with your dogs and guns!

CLEVELAND PLAIN DEALER.—We get this sheet pretty regular, and on intimate acquaintance we find it not very disagreeable. It has been putting on airs lately—in the way of a new dress—that excites our—congratulations. We would advise all who love the truth to subscribe for it and read it carefully.

ARTHUR'S MONTHLY.—We have received this tastefully-gotten-up magazine for September. It is one of the best, if not the best, lady's magazine published in this country.—Every lady should have it.

LATEST NEWS.

FARTHER POINT, Sept. 12.—The steamer Anglo Saxon passed this point yesterday afternoon, but the fog that occurred during the afternoon and evening prevented the transmission of the intelligence from her.

The Emperor remains in retirement in the Pyrenees, it is reported that he will shortly proceed to Cherbourg and pay a second visit to the camp at Chelons.

The Paris Constitution in a leading article says that the Emperor will loyally fulfill his Villa Franca agreement for the restoration of the joined reigning Princes, but if he should not succeed in re-uniting the Crinces and their people in mutual accord, it is not his intention to force either the one or the other.

ITALY.—No change has taken place in Italian affairs, a deputation from the National Assembly of Modena has gone on a special mission to the Emperor Napoleon.

The people of Naples are much excited in consequence of the high price of corn.

The town of Sona, Italy has been visited by an earthquake, causing a large destruction of property. Two hundred persons were killed and a great number injured.

The object of the defensive league between Tuscany, Bologna and Modena, is stated to be to prevent the restoration of the fallen Governments and to lay down a basis of assimilation in their instructions.

The National Assembly of Modena was prorogued on the 23d ult.' having previously unanimously voted a decree confirming the Dictatorship on Farini, and giving him full power to contract a loan of five millions, and providing for the erection of a monument to commemorate the vote decreeing the forfeiture of Francis the V. and the annexation to Piedmont, and charging the dictator to negotiate with the foreign powers for the restoration of the political prisoners that Francis carried away with him.
