

"Conversation should be pleasant without sourdilly, witty without affectation, learned without pedantry, novel without falsehood."

"Gentlemen never swear." So said Washington, who, we believe, never allowed profane swearing while in command of the army of the revolution.

BUILDING MATERIAL.

We commend the following, to the consideration of builders, and those wishing to build. Good material for the manufacture of the kind of brick referred to, are abundant in this place, and whoever might succeed in their manufacture, would have a fortune at command.

"We were shown lately, says the Wisconsin Telegraph, an entirely new material for the construction of buildings. It is a preparation of sand and lime put into moulds, and operated upon by a powerful press. The specimen we saw, had about three times the superficial area of a common brick. They are made with an open space in the centre, occupying one-third the length and about one-third the breadth of the brick. Those we saw were a handsome gray color, as smooth as dressed stone could be, and apparently, as solid as granite. Their real solidity, was about equal to a good burnt brick, though they had been made but about three weeks, and time and exposure are expected to harden them continually. They can be furnished as cheaply as brick, unless some difficulty is developed with regard to them, not now apparent, it seems to us they must come into active demand for building purposes. They would certainly appear as beautiful as the finest one, and making as they do, a hollow wall, with a smooth interior surface, they can be papered against, or painted or white-washed, without the least necessity of lathing or plastering."

The New York correspondent of the Washington Union, says that the free banks of Indiana are principally owned by brokers in New York, Cincinnati, Detroit, and other cities.

DECLINES.—A dispatch from Washington dated the 5th, says Willard P. Hall declines the Governorship of Nebraska.

Dr. Carter's Cough Balsam.

Is the most pleasant and efficacious remedy for Coughs, Colics, Asthmas, Consumption and all diseases of the Lungs, ever offered to the public. Our ever varying climate, and the cold bleak winds of the north and west produce coughs and colds—dangerous colds, which demand of the wise and prudent, the earliest attention. For this purpose no remedy has ever been discovered which has effected so many cures, and which seems to give such universal satisfaction to all, as Dr. Carter's Cough Balsam. Read, have you a cough? Do not neglect it. Delay is dangerous. Use this Balsam, at once, and it will effectually cure you.

Price 25 cents per bottle, large bottle \$1, or six bottles for \$5.

For sale at Dr. Easterly's Family Medicine Store, southeast corner of Third and Chestnut sts., St. Louis, Mo.

TESTIMONY OF A PHYSICIAN.

Extract of a letter dated Pittsburgh, January 12th, 1852: "I will say that your Mustang Liniment is the best Liniment I ever used, I have used it in my own case, along the lower part of the spine, for spinal irritation, with complete success. I used it a few nights ago when I was perfectly crooked, and my back in complete torture, from what the books would call Osteophitic condition of the muscles, which you know is about as bad as 'lock-jaw.' It gave immediate relief, and in the morning I could bend like a gutta percha man, and with a little pain. The medical profession, you know, have a great aversion to these kinds of remedies, but from a knowledge of the ingredients of the Mustang Liniment, I would have no hesitation in recommending it, wherever a remedy to relieve pain is indicated. I have recommended it in a number of cases in my own practice, and as far as I can learn it has acted with equal celerity and certainty as in my own case. Hoping that it may be used for, and drive away pain, wherever it exists, and that it may remunerate you well for your exertions or bringing so valuable a remedy before the public. Truly yours,

GEO. H. KEYSER, M. D.

PROSPECTUS OF THE LITTLE FORESTER.

Volume 2, Number 1, COMMENCING JULY 1ST, 1854.

THE LARGE AND INCREASING DEMAND for the "Little Forester" having exhausted the main body of our files from January, we intend to divide the volume into two, of six months each, instead of one of twelve months, thereby enabling all who wish it, to commence with a new volume the 1st of July. As soon as our remaining files of back numbers are gone, which will be in about two weeks, we shall mark each subscriber for July 1st, and send them the June number free of charge.

Of the character of the "Little Forester" we leave its friends to judge. The hearty support which it has received from a large class of most appreciating people of the West, is the best evidence of its worth. We shall, with an increasing patronage, make such improvements as experience and propriety may suggest—the latter being very suggestive.

To Parents, Teachers, and the Little People themselves, we commend the work, and feel assured from the history of our favorite little enterprise, that they will make a grand effort to extend its circulation. An enterprising person may in a couple of hours, secure a club of 25, in almost any village, as the efforts of many have proven. We are receiving order for large clubs to Sunday Schools, and it will be seen that we furnish them very low.

The "Little Forester" has been pronounced the Religious Press, "the cheapest and nearest paper for the young in the United States," and we intend, by the aid of our friends, to keep good the good opinion everywhere formed in its favor.

TERMS IN ADVANCE.

One copy one year, 25 cents; 25 copies one year, \$5.00; 50 copies one year, \$9.00.

ST. LOUIS ADVERTISEMENTS

Waxian Mustang Liniment.

With a Healing Balm we come to greet you.

THE action of this Liniment is one of the most perfect remedies ever offered to the afflicted. Its action upon the organization is truly wonderful. Its volatile, penetrating, soothing and healing properties diffuse themselves to every bone. It enters into the circulation of the blood—gives a new impulse to the nervous system to the very extrinities of the fingers—and stimulates to the absorbents and secretions, and thus assist NATURE to throw off and rid herself of any diseased section of the nervous chords or ligaments, making it equally applicable to sores of any kind, chancres, swelling pains in every part of the body, from a diseased action of any of the structural portions of the system. While it is perfectly harmless to healthy flesh, skin or bone, it has the property of entering into combination, and dissolving any of the organic tissues when they are diseased, or their vitality is destroyed. Possessing these peculiar powers, is the reason why it is equally efficacious in so many different complaints. It sets upon scientific principles and fixed laws of the Creator!

The large number of cases in which this Liniment has proved its value, in the short time it has been before the people of America, is sufficient to give the greatest confidence that its virtues are incomparable in curing rheumatism, bruises, sprains, wounds, swelling, cracks, sores or cracked breast, old sores or pains in any part of the body.

St. Louis Testimony.

STATE OF MISSOURI, } ss.
County of St. Louis, } ss.
Be it remembered, that on this 5th day of May, A. D. 1853, before me, the undersigned, Mayor of the City of St. Louis, in the County and State aforesaid, came personally David M. Smythe, who, upon his oath, says that the following statement is true.

In testimony whereof I hereto set my hand the day and date last aforesaid.

JOHN HOW, Mayor.

Soc. NEWMAN, Register.

St. Louis, Mo., May 6, 1853.

Dr. A. G. BRAGG, & Co.—Gents: You will probably recollect that I called into your establishment some time since and purchased a fifty-cent bottle of your "Mexican Mustang Liniment;" my object in so doing was to try its merits upon my daughter's arm, who has been suffering from the effects of a severe dislocation of the elbow for several years past.

The excruciating pain consequent upon false setting of the bone had dwindled and contracted her arm to a puny size, and I consider it a duty devolving upon me to acquaint the community of the beneficial effect your Liniment has produced. Her arm was drawn to a right angle, and was almost entirely useless, until your invaluable Liniment was applied, since which time, I am happy to state, she has enjoyed uninterrupted good strength, and can use her arm nearly as plianly as before it was dislocated.

I would state, however, that prior to trying your unequalled Liniment, I used several other remedies, and among them "McLean's volcanic oil Liniment," but with the least beneficial result.

D. M. SMYTHE.

We offer this Liniment as a remedy in the various diseases and complaints for which it is recommended with full confidence of its success in curing them.

The following is a list of the numerous and extraordinary cases it has cured during the last few months:

- 4,200 do sprains and bruises;
- 5,500 do burns and scalds;
- 3,450 do fresh cuts and wounds;
- 40 do cancers;
- 7,740 do scrophulous sores and ulcers that had resisted all other treatment; inflamed or swollen joints;
- 5,240 do piles;
- 7,900 do do;
- 400 do lumbago, sciatic, gout and hard bony tumors;
- 6,250 do chapped hands;
- 3,000 do caked breasts;
- 4,800 do tooth-ache;
- 10,000 do various chronic diseases.

This must appear almost incredible, but the numerous certificates and letters from distinguished physicians, citizens, agents and others who have used the medicine, enable us to substantiate the above facts; millions of bottles of it are yearly consumed, and it has always given satisfaction.

TO COUNTRY MERCHANTS.—Every store should be supplied with this valuable Liniment, as it pays a good profit and sells rapidly.

Parties of this Liniment.—It is put up in bottles of three sizes, and retails at 25 cents, 50 cents and \$1 per bottle. The 50 cent and one dollar bottles contain 50 and 100 cent more Liniment, in proportion to their cost, so that money is saved by buying the larger sizes.

The great popular medicine of the day. Vast amount used per month.—The numerous and wonderful cures it effects—its magical effect upon Bilious Fevers, and Fever and Ague—Great excitement among the Doctors!

Indian Queen Vegetable Pills.

ARE now admitted on all hands to be a most extraordinary and valuable medicine in general use. It not only acts as a specific upon the bilious and typhus fevers, chills and fever, and fever and ague of the West and South—in all diseases of debility, weak stomach, indigestion, loss of appetite, impurity of the blood, and all diseases prevalent in Western and Southern climates. Their great power consists in their peculiar effect upon all the organs of the system; and the rapid formation of new and pure blood they produce. In this lies the great secret of their success. They are mild and pleasant in their action—put searching and permanent in their effect—penetrating the remotest recesses of the system by their ready absorption into the blood, thereby infusing a new supply of vitality and nervous power into all the machinery of life. The extensive popularity they have acquired all over the West and South ensures sales of at least

50,000 boxes PER MONTH!

And we find it difficult with our large force of hands, and the late improvements in machinery which we have adopted, to manufacture them fast enough to supply the demand in thirteen western and southern States! One large manufactory is constantly engaged in preparing the various concentrated extracts, which they are compounded. From the best information we can obtain from our 8,000 selling agents, and hosts of attentive correspondents in all parts of the country, our medicine cures per month not less than

- 10,000 cases of fever and ague, one thousand of which resisted all other treatment;
- 5,200 cases of weakness and general debility;
- 2,500 " of various chronic diseases;
- 2,900 " of weak stomach and loss of appetite;
- 1,800 cases of dyspepsia;
- 1,200 " of rheumatism;
- 1,000 " of female complaints;
- 1,200 " of ague, or enlarged spleen;

This must appear almost incredible, but the numerous letters from physicians, agents and those who use the medicine, from all the western and southern States, satisfy us that this is a moderate estimate, and that our medicine is rapidly taking the place of the various counterfeits which are afloat, and the numerous tonic mixtures made of holly of quinine, which are imposed upon the public by manufacturers who live on body knows where!

Price of Tonic pills, 75 cents; and Anti-bilious pills, 25 cents. A. G. BRAGG, M. D., sole proprietor, St. Louis. For sale by P. A. SARRY, St. Mary, and SARPY & ENGLISH, Glenwood; by dealers in medicine throughout the West.
