

Agricultural.
FALL AND SPRING TRANS-PLANTING.

A correspondent objects to the practice of those "who still continue in the old delusion that fall is the best time for transplanting trees"—stating that some shrubs and almost all plants, renewed in the fall when the sap, the great supporter of their life, has gone into their root, vegetation ceases in them, and they, consigned to a new soil, perhaps not a single fibre of the roots taking hold until spring, if indeed, detached almost if not entirely, from all nourishment, any life remains, are destroyed by fall transportation.—Fruit trees, being more hardy, bear up, but they are forever stricken," &c. In the spring, "if the dirt is wet, and packed solid round the roots, before they are dug, touching or injuring as few of the fibres and roots as possible, and carefully setting in their new bed vegetation goes straight on," &c.

We give this quotation for a sake of pointing out a very common error, namely, that the sap goes down into the roots to winter.—Instead of this, the sap pervades usually all parts of a tree alike, and while covered with leaves, these keep up a constant drain or escape. When the leaves fall, although vegetation has ceased, the roots still absorb a small quantity, and as their is no escape the leaves, the vessels of the tree gradually become filled or distended, so that on the approach of warm weather, stimulating activity the least wound is followed by a flow of the sap. As soon as the new leaves expand, as a general rule, his flow from incisions ceases, in consequence of the drain afforded in other direction.

Now it usually happens that removing the tree in the spring cuts off in a measure the supply from the roots at the very moment it is most wanted,—an evil quiet as great as that resulting from any diminished supply in consequence of fall planting. One correspondent speaks of the evil of "a new cold soil,"—are we to understand from this that the plant has warmed the bed in which it stood, and that it is chilled, like a human being, by removal to a fresh bed? Is not the "new soil" as relatively cold in spring as in autumn? He speaks of life being "destroyed by transpiration"—this must refer to long distances; yet trees may be sent thousand or miles if well packed, with nearly or quite the safety attending their removal to the next farm. Ample experience has proved this to be true. Why are we not allowed to take the same pains in saving the roots and carrying the earth upon them for autumn as well as for spring transplanting?

But throwing theory aside,—we have in the course of our practice set out many ten thousand of trees of various sizes, both in autumn and in spring, and we are satisfied that more, by at least twenty-fold, depends on a good soil, careful work, and especially on the subsequent culture, then on the season of the year; nevertheless, if it were not for the liability to be thrown out or raised by frost, and the danger to half tender frosts from the cold of winter we think the advantages would decidedly preponderate in favor of autumn more especially because it is not accompanied with the check we have already spoken of at the very moment the trees should commence to grow vigorously. We have never found hardy trees to succeed better, if as well other things being the same, as when carefully dug up in autumn and well laid in till spring when they were set out without the above mentioned check.

Shrubs and small plants, if inclining to be tender, are always made more tender the first winter by transplanting; hence they should be either protected, or the work done in spring. Hardy, early starting perennials, as peonias, pie-plant, &c., should always be set out in the fall while tulips and many other bulbs require setting a month or two earlier. The practice must be modified by circumstances, climate, and the habits of the various plants.—[Country Gentleman.

Business Directory.

GLENWOOD.
T. E. TOOTLE, JR., [M. W. GREENE]
TOOTLE & GREENE.
Dealers in Dry Goods, Groceries, Hardware, Queensware, Stoves, Furnitures, Boots & Shoes, Hats & Caps, and Ready Made Clothing. Locust street, Glenwood, Iowa. 125-ly

ST. LOUIS ADVERTISEMENTS.

MILL STONES.
G. & C. TODD & CO.
Successors to
IRA TODD & SON,
No. 215 MAIN STREET.
Corner above
VIRGINIA HOTEL, ST. LOUIS, MO.
Importers & Manufacturers of
French Burr Mill Stones.

NEARLY TWENTY YEARS experience in the Mill finishing business in St. Louis, (commencing at the workman's bench) enables us to judge correctly of the quality of our best adapted to milling in the West. To obtain that quality, we have found it necessary to visit the quarries in France, and there make selections. Our stock this year was selected at the quarries by one of the firm, and samples left with the proprietors, that we may, when we order, be certain of obtaining the desired quality. For successful milling, the practical miller and millwright can appreciate the importance of this arrangement. Our stock is always large, and any desired temper and texture of burr can be obtained without delay.

BOLTING CLOTHS.
To obtain the quality of Bolting Cloth best suited to milling in the West, we have had the greatest difficulty. Over-loading bolts by fast grinding and the large quantities of spring wheat and oats proved so destructive to the ordinary Cloth, that complaints of mill owners and millers became so frequent, we found it necessary to obtain better and stronger Cloths, we subject ourselves to a suspicion of selling an inferior article. We had before the manufacturer our objections to their Cloths, and ordered heavier and stronger to be made. They undertook it with reluctance, fearing that they could not make their Cloths heavier and preserve the uniformity of meshes on independent sides. They have succeeded.—
OUR BOLTING CLOTHS ARE NOW MADE EXPRESSLY FOR US, and for beauty of finish, uniformity of meshes, strength and durability, we refer to the millers generally in the country, and especially to the millers and mill owners in this city.

PORTABLE GRAIN MILLS.
Our attention for many years has been directed to obtain the best plan for constructing these mills. In many cases they are used by inexperienced hands, and therefore, durability and simplicity of construction was the object to be attained. In this we think we have succeeded. We believe so, because in the great number we have sold, there has not been one returned, nor to our knowledge failed to perform entirely to the satisfaction of those using them. They are in extensive use in the West, and many of them in New Mexico and California. Our mills are known as **TODD'S IMPROVED GRAIN MILL.** We manufacture three kinds, to wit: **CAST IRON BACKS,** to grind by weight of the pound; **STEEL AND IRON BACKS,** to grind by weight of the stone to run, and the **PRESTRESS MILL.** Patent riveted, cemented and machine stretched.

LEATHER BELTING.
This article is now made in the greatest perfection, and becoming extensively used in the manufacturing establishments of the country. We keep on hand the largest assortment in the Western country, of our own, and Eastern manufacture.
VEGETABLE RUBBER BELTING—STEAM PACKING AND RUBBER HOSE. We are the only agents of the Boston Company in this city for the sale of these goods.
Hoisting screws, mill spindles, regulating screws, damask wire, patent iron proof fastenings, mill picks, screen wire, copper rivets, face lath, galvanized iron, &c., &c., constantly on hand.
St. Louis, April 26, 1854. 130-ly.

UNIVERSITY FAMILY MEDICINES
FEVER AND AGUE.
THE University of Free Medicines and Popular Knowledge, chartered by the State of Pennsylvania, April 26th, 1853, kindly to arrange for the sale of its medicines, and to supply the public with reliable remedies, and the best medical advisers cannot or will not be employed, having purchased the invaluable remedy, **ROWAND'S TONIC MIXTURE,** the first and only known for TWENTY YEARS, as the certain cure for the Fever and Ague, and the kindred complaints, constantly recommends it to the patronage of the afflicted.
The above institution likewise recommends for Bowel Complaints, **ROWAND'S COMPOUND SYRUP OF BLACKBERRY ROOT,** and in its due time will furnish its own remedy for every disease that can be safely treated in this way.
By order of the Trustees,
JOHN R. ROWAND, M. D.
President of the University, and Head of the Pharmaceutical Department,
Home Dispensary and Office, No. 68 Arch St. Philadelphia, Pa. sept 20-ly

DR. CARTER'S COUGH BALM.

FOR THE removal and permanent cure of diseases arising from an impure state of the blood, or humors of the system, viz: Catarrhs of the Lungs, Croup, Whooping Cough, Sore Throat, Hoarseness, St. Vitus's Dance, Rheumatism, Gout, Gravel, Dropsy, Dyspepsia, Liver Complaint, Nervous Affections, General Debility, Neuralgia, or Tic Douloureux, Cancer, Gout, White Swellings, Diseases arising from an impure use of Mercury, Syphilis, or other venereal diseases, and all Chronic Constitutional Diseases.

This valuable medicine combines the most salutary and efficacious articles in the vegetable kingdom. It is chiefly composed of the Compound extract of Sarsaparilla, Yellow Dock, and the Hydrochlorate of Potassium, all of which are known to the medical faculty to be highly efficacious in the removal of disease, and to have a specific action on the Lungs, Liver, Kidneys, Blood, Glands, and Urinary organs, restoring them to a healthy state, enabling them to perform their functions in nature. It is now confidently believed that Dr. Carter's Iodine and Sarsaparilla is the best Alternative and Blood Purifying medicine ever offered to the public. It is cheaper, pleasanter, and warranted superior to any sold.

FOR SCURVY.
Dr. Carter's Iodine and Sarsaparilla is recommended to be the most efficacious medicine that can be used. Not one instance of its failure has ever occurred when faithfully used. For Scurvy, Boils, Blisters, Tumors, White Swellings, Ulcers, Cancers, Enlarged Glands, Fever Sore, Mercurial Diseases, Syphilitic Symptoms, Leprosy, Erysipelas, Tetter, Salt Rheum, and all cutaneous diseases, Dr. Carter's Iodine and Sarsaparilla cannot be too highly extolled. It searches out the very root of the disease, destroys the germ, by purifying the blood, and driving out all impure humors, and by removing the Cause, renders the cure certain and permanent.

INDIGESTION OR DYSPEPSIA.
No medicine, perhaps, has ever been discovered which gives so much tone to the stomach and causes the secretion of healthy gastric juice to digest the food as Dr. Carter's Iodine and Sarsaparilla. No one has used it for such complaints without benefit.

RHEUMATISM.
Dr. Carter's Iodine and Sarsaparilla is used with the greatest success in rheumatic complaints, especially such as are dependent on derangement of all impurities and humors which have accumulated in the system, which are the cause of Rheumatism, Gout and swelling of the joints. Other remedies sometimes give temporary relief, this entirely eradicates the disease from the system.

FOR MERCURIAL AND VENereal DISEASES, AFFECTING THE BLOOD, GLANDS, CORDS, JOINTS AND BONES.
Dr. Carter's Iodine and Sarsaparilla is the best remedy ever invented. This medicine is offered to the public not merely as a purifier of the system, but as a powerful eradicator of the most virulent poisons, occasioned by mercurial and other taints, which resist the action of all other remedies. It will cure the worst kind of mercurial diseases, no matter how deeply it may have eaten into the frame and vital organs. It will cure all cases of secondary syphilis or venereal diseases, no matter how long they have existed, how bad, or how deeply seated in the system, it will annihilate and expel the virus and restore the system to a state of perfect health and purity. For Ulcers in the mouth and throat, Enlargement of the Glands, Gout, Rheumatism, the Throat, Swelling of the Bones and Joints, it is the only safe and sure remedy. Young persons who have reason to suspect any impurity in their blood, might to prevent the result of impudence ought to purify and destroy this virus before entering the marriage state, as they thereby only protect themselves against the dangers of impurity and other misfortune, but secure the certainty of a pure and healthy offspring. It can be used by persons, of either sex, with the most perfect safety.

IS ALL INDIANERS OF THE KIDNEYS, BLADDER AND URINARY ORGANS, DROPSY, GRAVEL, AND LIVER COMPLAINT.
Dr. Carter's Iodine and Sarsaparilla is the best and only Extract that ought to be used. In these complaints, this medicine has performed most astonishing cures.

FOR NEURALGIC DISEASES.
No remedy can convey an adequate idea of the immediate and almost miraculous change which is produced by the use of Dr. Carter's Iodine and Sarsaparilla, in the diseased, debilitated and shattered nervous system. Whether broken down by excess, weak by nature, or impaired by sickness, the aching and relaxed headache, neuralgia, or other nervous affections, build up. In case of Neuralgia, Nervous headache, Loss of memory, General Prostration, Nervousness, Vertigo, Pain in the Nerves of the Face, and the various train of nervous affections, it will produce a cure in an astonishing short time. The effect of this medicine is to give permanent relief to the sufferer, and to restore the shattered and debilitated constitution to its pristine vigor.

TO THE LADIES.
Ladies of pale complexion and sensitive habit, who are so debilitated by many of the obstructions incident to the sex, such as obstruction or painful menstruation, Flour Albus or Whites, Green Sickness, &c., can be restored by the use of two or three bottles of Dr. Carter's Iodine and Sarsaparilla, to bloom and vigor. It is far the best remedy ever discovered for weakly children, and such as have had humors—being pleasant they readily take it. It immediately restores the appetite, strength, and color. Nothing can be more surprising than its invigorating effect on the human frame. Persons all weakness and languid before taking Dr. Carter's Iodine and Sarsaparilla, at once become robust and full of energy under its influence. It immediately counteracts the nervousness of the female frame.

DR. CARTER'S IODINE AND SARSAPARILLA IS THE MOST EFFECTUAL REMEDY FOR NEURALGIC DISEASES.
It is the best and only Extract that ought to be used. In these complaints, this medicine has performed most astonishing cures.

It immediately counteracts the nervousness of the female frame.

DR. CARTER'S COUGH BALM.
This valuable remedy is purely vegetable in its ingredients, and perfectly harmless in all its qualities, and as mild and pleasant as the most delicate cordial. It is very soothing and healing to the Lungs, and is every where acknowledged by Physicians. Persons who have used it to be the most Effectual Curative known.

CONSUMPTION.
No disease incident to our climate is so universal, and at the same time so fatal, as Pulmonary Consumption. This awful malady sweeps over the land as a Destroying Angel, leaving few the strongest and fairest of our race. Millions of the young and the old are annually hurried to the tomb by this dreadful national disease.

CONSUMPTIVE READERS!—Beware of mere palliative medicines. The object of nearly all the medicines now offered for the cure of Consumption, is to relieve and not to cure. Such is not the case with Dr. Carter's Cough Balm. In colds and coughs, which are the first symptoms of consumption, it is the most pleasant and efficacious remedy that can possibly be used. In confirmed consumption, it has been used with perfect and triumphant success, when the most eminent physicians had given up all hope as vain. No confident is the proprietor of its power to cure Tuberculous Consumption, that he solicits a trial in the worst of cases.

SPITTING OF BLOOD.
This frightful symptom of consumption is speedily checked and prevented by the use of Dr. Carter's Cough Balm, which heals the affected membrane, removes the incipient tubercles, and restores those vital organs, the Lungs, to a sound and healthy condition.

REMEMBER THIS.
Spitting of Blood always arises from a tendency to tubercle disease, and if not checked at the outset, will sooner or later terminate in death. A person who raises blood once will raise blood again unless a preperative is immediately employed.

PAIN IN THE SIDE.
This distressing symptom of consumption arises from inflammation of the Lungs or membrane called the Pleura, or from bronchial affections of the air passages. In either case it is a very dangerous indication of disease. It prevents full and free breathing, and wears away the natural strength of the system. The cause of this symptom should be removed at once, and nothing can possibly effect that object so promptly and happily as Dr. Carter's Cough Balm, which is always safe and salutary in its effects on the constitution.

LIVER COMPLAINT.
In cases of consumption the Liver is always more or less affected, and also the Gall bladder and small intestines. The effect of Dr. Carter's Cough Balm in diseases of the Liver, especially if it be of an ulcerous nature, is direct and powerful. Simple diseases of the Liver usually

This distressing symptom of consumption arises from inflammation of the Lungs or membrane called the Pleura, or from bronchial affections of the air passages. In either case it is a very dangerous indication of disease. It prevents full and free breathing, and wears away the natural strength of the system. The cause of this symptom should be removed at once, and nothing can possibly effect that object so promptly and happily as Dr. Carter's Cough Balm, which is always safe and salutary in its effects on the constitution.

LIVER COMPLAINT.
In cases of consumption the Liver is always more or less affected, and also the Gall bladder and small intestines. The effect of Dr. Carter's Cough Balm in diseases of the Liver, especially if it be of an ulcerous nature, is direct and powerful. Simple diseases of the Liver usually

DR. CARTER'S COUGH BALM.

FOR THE removal and permanent cure of diseases arising from an impure state of the blood, or humors of the system, viz: Catarrhs of the Lungs, Croup, Whooping Cough, Sore Throat, Hoarseness, St. Vitus's Dance, Rheumatism, Gout, Gravel, Dropsy, Dyspepsia, Liver Complaint, Nervous Affections, General Debility, Neuralgia, or Tic Douloureux, Cancer, Gout, White Swellings, Diseases arising from an impure use of Mercury, Syphilis, or other venereal diseases, and all Chronic Constitutional Diseases.

This valuable medicine combines the most salutary and efficacious articles in the vegetable kingdom. It is chiefly composed of the Compound extract of Sarsaparilla, Yellow Dock, and the Hydrochlorate of Potassium, all of which are known to the medical faculty to be highly efficacious in the removal of disease, and to have a specific action on the Lungs, Liver, Kidneys, Blood, Glands, and Urinary organs, restoring them to a healthy state, enabling them to perform their functions in nature. It is now confidently believed that Dr. Carter's Iodine and Sarsaparilla is the best Alternative and Blood Purifying medicine ever offered to the public. It is cheaper, pleasanter, and warranted superior to any sold.

FOR SCURVY.
Dr. Carter's Iodine and Sarsaparilla is recommended to be the most efficacious medicine that can be used. Not one instance of its failure has ever occurred when faithfully used. For Scurvy, Boils, Blisters, Tumors, White Swellings, Ulcers, Cancers, Enlarged Glands, Fever Sore, Mercurial Diseases, Syphilitic Symptoms, Leprosy, Erysipelas, Tetter, Salt Rheum, and all cutaneous diseases, Dr. Carter's Iodine and Sarsaparilla cannot be too highly extolled. It searches out the very root of the disease, destroys the germ, by purifying the blood, and driving out all impure humors, and by removing the Cause, renders the cure certain and permanent.

INDIGESTION OR DYSPEPSIA.
No medicine, perhaps, has ever been discovered which gives so much tone to the stomach and causes the secretion of healthy gastric juice to digest the food as Dr. Carter's Iodine and Sarsaparilla. No one has used it for such complaints without benefit.

RHEUMATISM.
Dr. Carter's Iodine and Sarsaparilla is used with the greatest success in rheumatic complaints, especially such as are dependent on derangement of all impurities and humors which have accumulated in the system, which are the cause of Rheumatism, Gout and swelling of the joints. Other remedies sometimes give temporary relief, this entirely eradicates the disease from the system.
