ST. LOUIS ADVERTISEMENTS.

Western Mustang Liment.

With a Healing Balm we come to greet you.

THE action of this Liment is one of the most perfect remedies ever offered to the afflicted. Its action upon the organization is truly wonderful. It is volatile, penetrating, soothing and healing properties diffuse themselves to the very bones. It enters into the circulation of the blood—gives a new impulse to the nervous system to the very extremities of the Angers—and stimulates to the absorbents and secretions, and thus assists nature to throw off and rid herself of any diseased action of the nervous choroid or ligaments, making it equally applicable to sores of any kind, rheumatism pains in every part of the body, from a diseased action of the arterial portions of the vessels. While it is perfectly harmless to healthy flesh, skin or bone, it has the property of entering into combination, and dissolving any of the organic tissues when they are diseased, or their vitality is destroyed. Possessing these peculiar powers, is the reason why it is equally efficacious in so many different complaints. It acts upon scientific principles and fixed laws of the Creator!

The large number of cases in which this Liment has proved its value, in the short time it has been before the people of America, is sufficient to give the greatest confidence that its virtues are incomparable in curing rheumatism, bruises, strains, burns, wounds, swellings, broken or cracked breast, old sores or pains in any part of the body.

ST. LOUIS TESTIMONY. STATE OF MISSOURI,) ss. County of St. Louis,)

Do remember that on this fifth day of May, A. D. 1854, before me, the undersigned, Mayor of the City of St. Louis, in the County and State aforesaid, came personally David M. Smythe, who, upon his oath, says that the following statement is true.

In testimony whereof I hereto set my hand the day and date last aforesaid. JOHN HOW, Mayor. Soc. NEWMAN, Register.

St. Louis, Mo., May 5, 1853. Dr. A. G. BRAGG, & Co.—Gents: You will probably recollect that I called into your establishment some three weeks since and purchased a fifty-cent bottle of your "Mexican Mustang Liment"; my object in so doing was to try its merits upon my daughter's arm, who has been suffering from the effects of a severe dislocation of the elbow for several years past.

The excruciating pain consequent upon falling of the bone had dwindled and contracted her arm to a puny size, and I consider it a duty involving upon me as a father, the responsibility of the beneficial effect your Liment has produced. Her arm was drawn to a right angle, and was almost inert and useless, until your invaluable Liment was applied, since which time, I am happy to state, she has enjoyed uninterrupted good strength, and can use her arm as nearly as plianly as before it was dislocated.

world state, however, that prior to trying your unequalled Liment, I used several other remedies, and among them "McLean's venoleic oil Liment," but with the least beneficial result.

I am, Dear Sir, D. M. SMYTHE.

We offer this Liment as a remedy for the numerous diseases and complaints for which it is recommended with full confidence of its success in curing them.

- The following is a list of the numerous and extraordinary cases it has cured during the last few months: 6,750 cases of rheumatism in all its forms; 4,200 do sprains and bruises; 5,400 do burns and scalds; 3,450 do fresh cuts and wounds; 4,740 do cancer; 5,240 do scrofulous sores and ulcers that had resisted all other treatment; 4,500 do inflamed or swollen joints; 7,500 do piles; 400 do humbugs, scalds, goul and hard sores; 6,200 do chapped hands; 3,000 do cracked breasts; 4,000 do tooth-aches; 10,000 do various chronic cases.

This must appear almost incredible, but the numerous certificates and letters from distinguished physicians, clergies, agents and others who have used the medicine, enable us to substantiate the above facts millions of bottles of it are yearly consumed, and it has always given satisfaction.

To country merchants.—Every storekeeper should be supplied with this valuable Liment, as it pays a good profit and sells rapidly.

PRICE OF THE LIMENT.—It is put up in bottles of three sizes, and retails at 25 cents, 50 cents and \$1 per bottle. The 50 cent and one dollar bottles contain 50 and 100 per cent more Liment, in proportion to their cost, so that money is saved by buying the larger sizes.

DR. BRAFF'S TONIC AND ANTI-BILIOUS PILLS.

The great popular word per month.—The numerous and wonderful cures it gives—its magical effect upon Bilious Fevers, and Fever and Ague—Great excitement among the Doctors!

Indian Queen Vegetable Pills.

ARE now admitted on all hands to be a most efficacious and valuable medicine in general use. It not only acts upon the bowels and typhoid fevers, chills and fever, and fever and ague of the West and South—but in all diseases of debility, weak stomach, indigestion, loss of appetite, inactivity of the blood, and all diseases prevalent in a malarious or southern climate. Their great power consists in their peculiar effect upon all the organs of the system and the rapid formation of new and pure blood they produce. In this lies the great secret of their success. They are mild and pleasant in their action—penetrating the remotest recesses of the system by their ready absorption into the blood, thereby infusing a new supply of vitality and nervous power into the machine of life. The exclusive preparation of this Liment, in proportion to their cost, so that money is saved by buying the larger sizes.

80,000 boxes per month! And we find it difficult with our large forces of hands, and the late improvements in machinery which have been adapted to manufacture them fast enough to supply the demand in the western and southern States! Our large manufacturing is constantly engaged in preparing the various concentrated extracts of which they are compounded. From the best information we can obtain from our 3,000 selling agents, and hosts of attentive correspondents in all parts of the country, our medicine cures per month not less than:

- 10,000 cases of fever and ague, one thousand of which have resisted all other treatment; 5,200 cases of weakness and general debility; 2,500 " of various chronic diseases; 2,900 " of weak stomach and loss of appetite; 300 cases of dyspepsia; 1,800 " of indigestion; 1,500 " of female complaints; 1,200 " of nervous, or anæmic, debility.

This must appear almost incredible, but the numerous letters, run physicians, agents and those who use the medicine, & an all the western and southern States, testify as to this moderate estimate, and that our medicine is rapidly taking the place of the various tonic mixtures made by hand, which are so much in vogue, and which are so much inferior to the Indian Queen Pills, 25 cents; and Anti-Bilious Pills, 50 cents. A. G. BRAGG, & Co., Sole Proprietors, St. Louis, For sale by P. A. SARP, St. Mary, and SARP & ENGLISH, Glenwood, and by dealers in medicine throughout the United States. aug 31-54
