ENTERPRIZING MEN.

We love our upright, enterprising, energetic men. Pull them this way, and then the other, and they only bend, but do not break. Throw them down, and in a twinkle they are on their feet again. Bury them in the mud, and in half an hour they will be out and as bright as a new dollar. They are not yawning away their existence as if they had only come into the world half made up. Such men you cannot keep down or destroy. But for such men the world would be a fungus. They are your Luthers, Calvins, Knoxes, Baxters, Wesleys, Whitfields, and a host of others in theology—your Alexanders, Cæsars, Hannibals, Cromwells, Bonapartes, Neys, Waynes, Marions, and Jacksons, on the field of battle—your Archemides, Arkwrights, Fultons, and Whitneys, in the mechanical arts and sciences. They are the salt and spice of the earth. Who but them start any noble projects? They build our cities, and rear our manufactories; they plunge into the forest," and soon a howling wilderness is converted into beautiful places for the abode of man; they whiten the blue ethereal ocean with their sails, and blacken the heavens with their steamers and furnaces. Difficulties deter them not—they grasp with the rapidity of lightning obstacles put in their way, and hurl them away from them with a force like thunder in destroying noxious vapors. Blessings on such men! Their force and vitality of character, should serve as examples for young men. What is life good for, if it is not actively employed? The more rubs a man gets the more polished he becomes.

ST. LOUIS ADVERTISEMENTS.

importers & Manufacturers of

French Burr Mill Stones.

NEARLY TWENTY YEARS EXPERIence in the Mill furnishing business in St. Louis, (commencing at the workman's bench) enables us to judge correctly of the quality of burr best adapted to milling in the West. To obtain that quality, we have found it necessary to visit the quarries in France, and there make selections. Our stock this year was selected at the quarries by one of the firm, and samples left with the proprietors, that we may, when we order, be certain of obtaining the desired quality. For successful milling, the practical miller and millwright can appreciate the importance of this arrangement. Our stock is always large, and any desired temper and texture of burr can be obtained without delay.

BOLTING CLOTHS.

To obtain the quality of Bolting Cloth best suited to milling in the West, we have had the greatest difficulty. Over-loading bolts by fast grinding, and the large quantities of spring wheat and oats proved so destructive to the ordinary Cloth, that complaints of mill owners and millers became so frequent, we found it necessary to obtain heavier and stronger Cloths, or subject ourselves to a suspicion of selling an inferior article. We laid before the manufacturers our objections to their Cloths, and ordered heavier and stronger to be made. They understook it with reluctance, fearing that they could not make their Cloths heavier and preserve the uniformity of meshes so indispensable for good milling. They have succeeded.—OUR BOLTING CLOTHS ARE NOW MADE EXPRESSLY FOR US, and for beauty of finish, uniformity of meshes, strength and durability, we refer to the millers generally in the country, and especially to the millers and mill owners in this city.

PORTABLE GRAIN MILLS.

Our attention for many years has been directed to obtain the best plan for constructing these mills. In many cases they are used by inexperienced hands, and therefore, durability and simplicity of construction was the object to be attained. In this we think we have succeeded. We believe so, because in the great number we have sold, there has not been one returned, nor to our knowledge failed to perform entirely to the satisfaction of those using them. They are in extensive use in the West, and many of them in New Mexico and California. Our mills are known as TODD'S IMPROVED GRAIN MILL. We manufacture three kinds, to wit: CAST IRON BACKS, to grind by weight of the runner; STOCK AND GRAIN MILL, the lower stone to run, and the PRESSURE MILL.

Patent riveted, cemented and machine stretched

LEATHER BELTING.

This article is now made in the greatest perfection, and becoming extensively used in the manufacturing esthablishments of the country. We keep on hand the largest assortment in the Western country, of our own, and Eastern manufacture.

VULCANIZED RUBBER BELTING — STEAM PACKING AND RUBBER HOSE. We are the only agents of the Boston Company in this city for the sale of these goods.

Hoisting screws, mill spindles, regulating screws, damsal irons, patent iron proof safes, mill picks, screen wire, copper rivets, lace leather, calcined plaster, &c., &c.. ☞ constantly on hand.

Read the testimony from John Miller & Co.

EVANSVILLE, Ill., Oct. 20, 1853.

Dr. Easterly—SIR: We take pleasure in stating that we have purchased 36 bottles of your Fever and Ague Killer, and have sold the same to our patrons, and that it has effected a permanent cure in every case. We have sold nearly all the various medicins for ague and fever, but none has given such entire satisfaction as your Fever and Ague Killer. We believe it is the best medicine now before the public.

Respectfully, John Miller & Co.

Read the letter from John S. Crump, Grand Saline, Arkansas, Cherokee Nation, bearing date August 10, 1853.

Dr. Easterly—Sir: When I was in your city in March last, I purchased one dozen bottles of your Fever and Ague Killer, which you warranted to me. I have sold seven of the dozen, which I also warranted. Your medicine has given entire satisfaction so far, it having effected several cures of the Chills and Fever. One case particularly—a lady who had been afflicted since the latter part of last summer, and had tried a great many remedies, besides having a physician part of the time, all of which failed. She bought a bottle of your medicine, and before she had used one-third of it, she was entirely cured, and has enjoyed good health ever since. In no case has it failed to effect a permanent cure.

Respectfully yours, John S. Crump.

P. S.—I will be in your place again shortly, and will buy more largely.

Dr. Carter's Cough Balsam

For the cure of Coughs, Colds, Asthma, Consumption, Bronchitis, Spitting of Blood, Pain in the Side and Breast, Pleurisy, Whooping Cough, and all diseases of the Lungs and Chest.

Among all the celebrated remedies for Diseases of the LUNGS and CHEST, none seem to be meeting with such success and to give such entire satisfaction to all, as

DR. CARTER'S COUGH BALSAM.

This valuable remedy is purely vegetable in its ingredients, and perfectly harmless in all its qualities, and as mild and pleasent as the most delicate cordial. It is very soothing and healing to the Lungs, and is every where acknowledged by Druggists, Physicans, and all who have used it to be the most Effectual Curative known.

CONSUMPTION.

No disease incident to our climate is so universal, and at the same time so fatal, as Pulmonary Consumption. This awful malady sweeps over the land as a Destroying Angel, laying low the strongest and fairest of our race. Million of the young and the old are annually hurried to the tomb by this dreadful national disease.

CONSUMPTIVE READER!—Beware of mere palliative medicines. The object of nearly all the medicines now offered for diseases of the Lungs, is to relieve and not to cure. Such is not the case with Dr. Carter's Cough Balsam. In colds and coughs, which are the first symptoms of consumption, it is the most pleasent and efficacious remedy that can possibly be used. In confirmed consumption it has been used with perfect and triumphant success, when the most eminent physicians had given up all hope as vain. So confident is the proprietor of its power to cure Tuberculous Consumption, that he solicits a trial in the worst of cases.

SPITTING OF BLOOD.

This frightful symptom of consumption is speedily checked and prevented by the use of Dr. Carter's Cough Balsam, which heals the affected membrane, removes the incipient tubercles, and restores those vital organs, the lungs, to a sound and healthy condition.

REMEMBER THIS.

Spitting of Blood always arises from a tendency to tuberculous disease, and if not checked at the outset, will sooner or later terminate in death. A person who raises blood once will raise blood again unless a proper curative is immediately employed.

PAIN IN THE SIDE,

This dis reasing symptom of consumption arises from inflamation of the lungs or membrane called the Pleura, or from bronchial affections of the air passages. In either case it is a very dangerous indication of disease. It prevents full and free breathing, and wears away the natural strength of the system. The cause of this symptom should be removed at once, and nothing can possibly effect that object so speedily and happily as Dr. Carter's Cough Balsam which is always safe and salutary in its effects on the constitution.

LIVER COMPLAINT.

In cases of consumption the Liver is always more or less affected, and also the spleen, pleura and small intestines. The effect of Dr. Carter's Cough Balsam in diseases of the Liver, especially if it be of an ulcerous nature, is direct and powerful. Simple diseases of the Liver must tended by consumption speedily cured by use.

WINTER COUGH.

The harsh dry winter cough which afflicts old people and invalids in a low state of health, can be effectually cured by the use of Dr. Carter's Cough Balsam. It warms, moistens and stimulates the whole breathing apparatus, purifies and animates the blood, improves the secretive power of the Liver, Spleen and other large glands, and the digestive organs, and imparts new life to the wan and emanciated system.

BRONCHITIS.

Bronchitis, difficulty of breathing, harsh cough, a slimy expectoration, with all other symptoms caused by an affection of the air tubes, ceding from the throat to the lungs, are directly and specifically affected and cured by the use of Dr. Carter's Cough Balsam. This is a very painful, wearing and injurious complaint, and always has a powerful tendency to inflame and soften the Lungs and thereby induce the worst forms of pulmonary disease. Be warned in time, ye afflicted, and employ this valuable remedy.

EXPECTORATION.

Free Expectoration is the most important object to be obtained in all attempts to cure diseases of the chest and lungs. The cough which is so distressing is simply the result of a desire to expectorate, and as long as foul matter exists in the air passages, it will continue to irritate the membrane and prevoke a cough. Coughing is an attempt to throw off this matter, and as expectoration gives great relief. Inability to expectorate in the latter stage of consumption is the cause of death.

DR. CARTER'S COUGH BALSAM,

is the great expectorant. It dissolves the morbid and disease matter in the air passages, changes it from a thick glutinous substance to a thin harmless fluid, and throws it off with the greatest possible ease to the patient. There is no better medicine in the world if its expectorant qualities alone be considered.

SPASMODIC ASTHMA.

For simple or spasmodic asthma there is no better remedy than Dr. Carter's Cough Balsam This distressing disease which resists almost everything else, yields to the all powerful influence of this great remedy as readily as any other form of pectoral disease.
