LOCAL NEWS.

A PROCLAMATION. BY THE GOVERNOR OF NEBRASKA, FOR A DAY OF FASTING, HUMILIATION AND PRAYER.

Our Nation mourns the loss of its noble Chief! AMERICAN LINCOLN, the Patriot, the great States-man, has fallen; and every patriot in the Nation mourns his loss.

In view of this great affliction, the President of the United States has designated

Thursday, the 1st day of June, as a day of mourning, humiliation and prayer. The President has especially recommended "That our people on that day, in their respective places of worship, unite in solemn service to Almighty God, in memory of this good man who has been removed, so that all shall be occupied at the same time in contemplation of his virtues, and sorrow for his sudden death."

Most heartily concurring in all that has been recommended by our worthy Chief Magistrate, I especially and respectfully invite the people of Nebraska to lay aside as far as possible, all secular business on that day; and that it not only be observed as a day of humiliation, but that it be made an occasion for the people to unite in making of the Almighty to dispose of events and to so guide our rulers and the people as that peace and unity may again prevail throughout the land.

Let us ask God to sanctify this great national affliction to the ultimate good of those who survive this great and good man, and that the good works contemplated by him may be speedily and faithfully carried into execution.

Done at Omaha, this 12th day of May, 1865.

A. SAUNDERS.

By the Governor: A. S. PADDOCK, Secretary.

Gold remains at 130.

Small silver change is making its appearance again in eastern cities.

Read our Fort Kearney correspondence, on first page.

Mr. Parcel left us another fine bunch of Rharb this morning.

The New-York Herald is out in favor of negro suffrage.

The political prisoners at Fort McHenry, Baltimore, have been released by order of President Johnson.

Arrived.—Mr. Ducey, of the firm of Amison, Dovey & Co., of this city, arrived on the Colorado.

A cat-fish was caught in the Platte river to-day which weighed 35 pounds.

Mr. N. Ingal is putting a base ment under his shoe shop, on Main St., and otherwise repairing it.

The District Court in session at Falls City will probably adjourn the last of this week.

The weather for the past week has been extremely hot, causing one's mind to run upon ice creams and shower baths.

In compliance with an act of Congress passed March 3d, 1855, two cents will now be charged at all Post Offices on advertised letters.

L. Polock, of the Neb Ist, arrived on the Denver this morning. Co. "C" will arrive from Omaha to-day, and proceed west immediately to assist in thrashing the Indians.

OVER SHES.—Mackelwain & Geyger painted our new sign. Give them a call if you want any kind of painting done. It is almost as necessary to have a sign as it is to advertise.

LAST CHANCE.—Those in need of lightning rods can now be supplied by J. S. Waters, who is in town with a good supply. Orders may be left with T. E. Glenn.

Mr. Wells, who has had charge of the telegraph office in this city for some time, left for St. Louis last week. Mr. C. Williams, who is known by most of our citizens, takes charge of the office.

We learn from a private letter, that some fifteen or twenty emigrant wagons have been laying on the north side of Platte river, near Ft. Kearney, unable to cross. "Experience is a dear school," &c.

The city is constantly thronged with emigrant trains, which gives everything an air of business. The westward bound travelers have found that this is the shortest and best route, and are profiting by their knowledge.

KILLED.—M. J. Regan, formerly of Omaha, was killed by Indians about the 1st of April last. He leaves two small boys to make their own way through the world, his wife having died a short time before. We glean from the Republican.

A woman in Guthrie county, Iowa, was lynched recently by women. She expressed joy at the assassination of Lincoln, and the women of the neighborhood took her case under special consideration.

The Denver arrived from Omaha this morning, and discharged a quantity of corn, sent to this market for sale. She took aboard about twenty passengers, and proceeded on her downward trip.

Two men arrived in town one day last week, from Denver, who had made the voyage down the Platte in a flat-boat. We have not seen their log-boat, and consequently can give no particulars.

COMPLETED.—Stadelmann's new building, first door east of Klepser & Wise's Book Store, is about ready to receive goods. Billy has gone down the river to procure his stock. Among other things, he intends putting in a first class Soda Fountain.

Judge Wheeler has constructed a neat and tasty brick fence in front of his residence, on Main St. Let others follow the example, and our city will soon present a better appearance to the critical eye of the stranger, as well as the resident.

Marble.—Butzer & Co., have received a large supply of marble, which they are prepared to letter and carve in any style desired. Give them a call, and patronize home manufacture. They can be found on Main St., one door west of Hyatt's Livery Stable.

STILL THEY COME.—Emigrant trains still continue to pour in upon us. Never before has Plattsmouth had such a flood of emigration. The whole movable population of the eastern States appears to have started for Nebraska and the western mines, and they are crossing the Missouri river at this point.

A shooting affray occurred recently, between Cols. Jennison and Anthony, in Leavenworth, in which the former was wounded in the leg and a bystander in the neck. Neither wound is considered dangerous. From the published accounts Anthony appears to have been the aggressor.

Capt. Moer was in the city last week. He reports things rather dull in Omaha, in consequence of the small number of freighters and emigrants starting west from that point. The Capt. will probably establish himself in business in this city at the expiration of his term of service in the army.

The Republican says it is not Omaha men who have circulated the report that there was no ferry at this point. We are glad to hear this, as we were loath to believe that our neighbors would do a thing of this kind. We have the best of authority that some one has been engaged in circulating such a report; but it has not had the desired effect.

BUILDINGS.—New buildings are going up in all parts of the city—some small some large. The spirit of improvement appears to be general, and those who have not the means to build extensive, show their willingness to improve by building as their means and business will justify. Their is the right way—if you cannot but up a building three stories high forty-four feet front and eight feet deep, do the best you can.

NOT TO BE MISTAKEN.—A train of twenty Government wagons started west from this city last Saturday. The train was loaded with Government freight in Omaha, crossed to the east side of the Missouri river, came down to Plattsmouth and crossed back, to this side, rather than attempt to travel the north Platte route. This speaks more for the route than the bare assertion of any number of men. Will emigrants be persuaded to take a road which government teams travel thirty miles, and cross the Missouri river twice, to avoid? We think not; especially when they are conversant with facts.

RIGHT AGAIN.—As a number of emigrants came out from one of our large outfitting houses to-day, where they had been making extensive purchases, we overheard the following conversation: "I say, that's what I call a cheap store!"

"Yes; I did not expect to find things so cheap on the Missouri river."

"Why! we can purchase any kind of goods cheaper here than we could back where we came from!"

"Just so, friends; here is the place to buy. Our merchants have plenty of goods, and are not disposed to ask exorbitant prices for them."

New Advertisements.—Read the advertisement of Klepser & Wise, in today's paper. They have a large stock of School Books, Blank Books, Stationery, Confectionery, Wall Paper, &c. Call on them, first door east of the Herald office, and you will find them to accommodate you with almost anything you can call for in their line.

See advertisement of Turner & Gooding. They have established a grocery and Provision Store, where they propose to do a general trade business with farmers—keeping all kinds of Produce &c. They go on the plan of "quick sales and small profits," and you will find it to your advantage to give them a call.

We had supposed that the war had nearly cleared the country of good horses; but there has been more fine horses passed through this place, bound west, the present season than we ever saw before.

PLATTSMOUTH HERALD.—This paper comes to us regularly, with a clean face, and presenting a neat, business appearance. It is well printed, and presents evidence of industry and ability in its Editor, (H. D. HATHAWAY, Esq.) A valuable feature in the Herald is its attention to the local interests of Plattsmouth and Cass county. Such a paper deserves to succeed, and we doubt not the sturdy Union men of Cass county will extend to it a liberal support.

We find the above in the Omaha Republican, and transfer it to our columns for the purpose of showing the people of Cass county how the Herald is looked upon by those who are posted in newspaper publishing.

Hon. John F. Kinney, Delegate in Congress from Utah, is in the City. He starts to Utah in a few days to return to this City again next fall.—Press.

The President has issued a proclamation directing the arrest and punishment of parties furnishing hostile Indians with arms and munitions of war.

Old John Brown was hung for his principle. Jeff Davis & Co., who never had any principle, deserve no less.

HARPER'S New Monthly Magazine.

[Critical notices of the Press.] It is the foremost Magazine of the day. The fre-side never had a more delightful companion, nor the million a more enterprising friend, than Harper's Magazine.—Boston Herald (Bostonian). The most popular Monthly in the world.—N. Y. Observer.

We must refer in terms of eulogy to the high tone and varied excellence of Harper's Magazine—a journal with a monthly circulation of about 170,000 copies in whose pages are to be found some of the choicest light and general reading of the day. We speak of this work as an excellent Teacher—American People; and the popularity it has acquired is merited. Each number contains fully 144 pages of reading matter, superbly illustrated with steel wood cuts; and it combines in itself the very monthly and the more philosophical quarterly. It has great power in the dissemination of a love of pure literature.—Turner's Guide to American Literature (London).

The volumes bound constitute of themselves a library of miscellaneous reading, such as cannot be found in the same compass in any other publication on that has come under our notice.—Boston Courier.
