LOCAL NEWS.

We are indebted to Capt. Marshall, of the P. O., for late St. Louis papers...

Our reporter says the Fair at the Presbyterian Church last evening was a complete success.

Has the Omaha Republican suspended? We have not received a copy for two weeks.

It is reported that coal oil has been found on the Platte bottom near Ft. Kearney.

Mrs. Kirkpatrick has our thanks for a fine bunch of Rhubarb sent us last week.

Mr. A. B. Fuller arrived in the city last week, having been absent for some time visiting friends in the east.

The Territorial Union Central Committee will meet in this city on the 7th of Sept.

Amison Dovey & Co. are receiving the largest stock of goods ever brought to this market. Call and see them.

Out of 25,000 applications for pardon received from the ex-Rebels, it is stated that the President has actually pardoned less than 100.

It is a seven days' wonder to some how Bloom sells so much clothing; but when you examine his goods and prices, the thing is made clear.

M. B. Murphy is furnishing harness to nearly all the freighters who run mule or horse teams from this point west.

The work on the second story of the Masonic and Odd Fellows Hall building is progressing rapidly, and from present appearances the building will be completed at an early date.

WANTED.—A city safe—otherwise known as a "jail," "cashbox," "lock-up," "jug," &c., &c. Plattsburgh is a "rising" town, and unhappily needs something of this sort.

It will be observed that the call for a meeting of the County Union Committee has been changed to the 7th of Sept., that being the day on which the Ter. Com. meets in this city.

Remember that the Farmer's Club meets at the Sheriff's office next Saturday afternoon. Don't fail to attend, as it is highly important that this organization should be kept in a flourishing condition.

Mr. Forbes ornamented our sanctum the other day with some Dahlia flowers, for which we are truly thankful. We understand Mr. Forbes has a limited amount of the plants for sale.

First.—What provision is being made by our citizens for the better protection of property from fire? If none, would it not be well for some of our active young men to organize a Hook and Ladder Company? Think of it, young men.

Now is a good time to get boots and shoes made for winter wear, before the "rush" commences. J. Throckmorton can accommodate you with the best fits and the most serviceable material of any shop in the west. Give him a call at his shop on main St.

ROLLED OCT.—A train of fifty wagons, belonging to the Ni Wot Mining Company, under charge of Wm. A. Davidson, started west from this city last Friday. This train is loaded with a 50 stamp mill, and had 8,000 pounds on each wagon.

Mr. D. Chesshire, agent of the American Insurance Company, is in the city, stopping at the Hyatt House. Mr. C. proposes making this his headquarters for some time, and will call on the citizens of this section of country.

Persons wishing grapes can get them at the Vineyard of S. Billings. He informs us that he has a large quantity—sufficient to supply the entire demand of this section of country; and we know they are an excellent article, for, by the generosity of Mr. B., we have had the pleasure of testing them to the extent of a basketful.

The city authorities have finally passed an ordinance compelling lot owners between Second and Fourth streets, on Main, to construct side-walks prior to the first of November, or the city will perform the labor and charge it to the property. We understand arrangements have been made for constructing the proper crossings, at the intersection of other streets, by the city Government.

An Irishman named Leslie is astonishing the world with his wonderful feat of crossing the Niagara on a tight rope with his feet enclosed in baskets. During one of his performances, recently, he lost his balance near the middle of the stream, and only saved himself by sheer accident. He caught the rope with one hand and had to work for some time before he could raise himself onto it.

Special Cor. HERALD. Lost.—Reputation of Harper's Weekly. Disgraced.—The Goddess of Liberty. For particulars see inside engraving in Harper's, dated 12th inst., headed "Franchise"; also comments of Anti-improvement organ, cor. Main and 21 Sts., dated 24th inst., headed "Matter of Taste."

Poor fel-lar. We feel for you, but can't reach you. Union

We learn that there are some small bridges on the road leading west that are in need of repairs. Whose duty is it to see to this? Let it be attended to at once. If we would retain the large trade we have with the west, and increase it, we must keep the roads in good repair. It will be but a slight expense, as there are but comparatively few places that need any repairs, even in the worst times; but what is needed should be attended to with promptness.

Mr. Cha's Parcel, local agent of the American Insurance Company, is now engaged in canvassing this part of the country. Some individuals have been endeavoring to create dissatisfaction in regard to the company because their statement did not appear in the Herald of last week, and stated that we were working in the interest of other companies; but the facts are easily ascertained, and the lie sent home to roost.

A Charter has been procured and a lodge of the order of Good Templars, will be instituted in this city on Friday evening of this week. This is the second organization of this order in the Territory, and speaks well for the moral and temperate elements of our town. Some forty names have already been enrolled for membership. It is an excellent thing, and is calculated to teach the young, as well as the old, good morals and steady habits. We hope the order may be eminently successful in this city, as there is need of it.

For prolific yield of potatoes, plant the white Sprouts. On the 15th day of April I weighed 4 pounds of White Sprouts and 4 pounds of the Mercer or Neeshanks. I cut each kind, two eyes to a piece as near as possible. Planted two pieces in a hill, about 15 inches apart one way and about 30 the other way. Hoed them twice slightly. Dug them on the 22d of August, and got 60 pounds of the Mercers and 150 pounds of the White Sprouts. Beat this if you can. I also state that the White Sprouts are at least two or three weeks earlier than the Mercers, and equal in quality.

The annual meeting of the Christian Missionary Society for Nebraska, will be held at Brownville, commencing Thursday Sept. 14th, and will continue for several days. Preaching of nights, and on the Lords day. Some of the best speakers in the United States are expected to be in attendance, and participate in the meetings. Ample provisions are being made to take care of those who will attend the meeting from a distance. All, therefore, that are disposed to attend our Christian meeting are cordially invited to do so.

D. H. DUNGAN, Cor. Sec. N. C. M. S.

Read the Statement of the American Insurance Co., of Freeport, Ill., in to-days paper. The number of policies in force on the first of April, 1865, was 12,285. Capital, \$294,221.28, which is secured by lien on real estate, worth over Seven million of Dollars.

This company was chartered in A. D. 1855, and from the fact of having paid promptly, and in full, the many losses which it has sustained since its incorporation, and being managed by old and experienced insurance men, who have made its business keep pace with the fast-developing North-West, the company is worthy the entire confidence and patronage of Western property owners—for whose interest it clearly is to patronize a Reliable Home Institution of this kind.

This company insures against all damage by fire or lightning; against loss by stock being killed by lightning, whether in barn or field.

Issues policies on the yearly-payment plan; upon this plan a definite, fixed amount is paid each year, without interest or cost of renewal of policy.

Rates as low as those of any old-established, prompt-paying Company.

For the benefit of persons liable to the Excise Law I would state that Section 103 requires a duty of two and one-half per centum on Gross Receipts for the transportation of passengers, merchandise, &c., for hire. Freighters are considered liable to this Section.

Persons delivering the freight are the ones responsible for the tax.

The proviso in the law mentioning the right of adding the amount of tax to freight, "over contract," only applies in cases where the law of the State, where the contract for carrying the freight was made, has fixed the compensation; and in those cases the Act of Congress gives the right to the freighter to add the tax to the freight as fixed by law.

Persons liable will save heavy penalties by making requisite returns as soon as practicable after the delivery of the freight. F. M. DORRINGTON, Plattsburgh, Aug. 30. Assessor.
