A correspondent of the New York Tribune writing from Constantinople, says the daily mortality there, from cholera, ranges from 500 to 600.

If you want some of those large, Sweet Spanish Peppers, similar to the specimen hanging in our office, call on W. J. Hesser.

After about three weeks of dry, hot weather, this section of country was visited by a refreshing shower on last Sunday night.

The Territorial Union Central Committee, also the County Union Central Committee, will meet in this city tomorrow.

Mosquitoes reign supreme in this locality at the present writing. Smoke, Pennyroyal, Camphor, &c. have all failed to have any effect on them so far.

There is a train of some 80 wagons, from Council Bluffs, lying on the other side of the river. They will probably cross to-day and proceed westward. We have not learned who are the owners.

The Grand River Valley (Michigan) Railroad Company have made application to the freedmen's Bureau, at Washington, for two hundred freedmen to work on their road, and it is said they are to be forwarded soon.

APPOINTED.—We see the following item in the Chicago Tribune of the 28th: Col. Cummings, of Philadelphia, late of the army, has been appointed Governor of Colorado, in place of Dr. John Evans, the present incumbent.

Another "fast young man" was "taken in out of the web" by Marshall Nickelwit on Monday. He paid the moderate sum of \$12 for the pleasure of flourishing a knife for a few minutes.—Cheap—we think the price of such amusement ought to be raised a trifle.

Henry Boeck has just received another large lot of furniture, which he informs us that he is selling at a reduction of 20 per cent. less than the old price. Now is the time to buy, and Boeck's is the place.

Work on the Episcopal Parsonage is progressing rapidly. This building is to be constructed of pine lumber, in the Gothic style; and, from the prominence of its location and beauty of design, will be an ornament to the city, and a credit to the architect—Mr. E. P. Bernaden.

The "Prairie Schooners" are arriving almost every day from the west, reloading and starting out again. Some trains are now making their third trip this season. This is in consequence of traveling on a short and good road—such as leads west from this place.

A dispatch from Jefferson City, Mo., says that the Superintendent of Public Instruction is informed by the Clerk of the Jackson County Court in that State that there are not loyal men enough in the several School Districts, of the county to organize them under the school law.

Why don't the farmers bring in more butter and eggs? Have the cows failed to "come up" and the hens quit laying; or is the scarcity owing to the neglect of the farmers to bring them in. There is scarcely a day but that every store in the place is visited by from twenty-five to fifty persons who are looking for butter and eggs, and have to go home without them.

If any of our citizens want to be elected to office this fall, they can make the fact generally known by paying the sum of \$3, and having their names placed in the "announcement" column of the Herald. Come along, and let us know who you are; as it would be worse than useless to nominate a man who would not serve.

It is well known by most of our farmers that the seed of the Osage Orange could not be procured for the last four years, on account of the war; and now that communication is again opened with the south, there is a great demand for it. Wm. S. West is agent for the sale of the seed in this locality, and those of our farmers who wish to plant in the spring will do well to leave their order with him immediately, as none will be shipped except what is ordered.

Capt. Marshall has again placed us under obligations by furnishing us with late St. Louis papers.

Amison, Dorey & Co., have just received the largest stock of goods ever brought to Plattsmouth. Their spacious house, consisting of two separate buildings, with the cellar, up-stairs, and adjoining ware-house, are literally "jammed full" of goods of all kinds, groceries, dry-goods, hardware, and every thing that you can imagine belonging to a store.

This firm is deserving of the large patronage they are receiving. They have looked well to the interest of the farmers of this community, and, by their fair dealings with the emigrants and freighters have assisted in building up the reputation of Plattsmouth as a good point at which to trade; and, with the assistance of their financial clerk, Mr. R. G. Doom, they have been successful in the matter of accumulating greenbacks, and are thus enabled to lay in an almost inexhaustible supply of goods for the winter trade.

We want a few more subscribers to the Herald. Let our friends throughout this and adjoining counties endeavor to furnish us another hundred names.—There is not a man in Cass County but that should support his county paper, and we propose to give every man his money's worth if no more, in the course of the year. During the campaign every one is anxious to see what is going on, and the best way to find out is to take your county paper. We commenced the publication of the Herald five months ago without a dozen subscribers (because we did not wish any until they saw a copy), and now our list will compare favorably with any in the Territory. We take this as an evidence that we have not been entirely unsuccessful in our endeavors to supply the demand that was felt by the community for a paper to represent their interest.

Ornament your grounds! Plant shade trees, flowers, shrubbery, &c. In the fall, is said by most men to be the best time to transplant things of this kind, and we would advise our citizens to think about it, and prepare their grounds immediately. It will be but a very small expense, and will not only add materially to the value of your property, but will make your home pleasant and attractive. Many of our citizens make the excuse that they are not properly fixed for setting out such things—do not know where they want them, &c. Will you ever know any better than you do now? Plant your flowers, vines, and shrubbery, and then put your other improvements in accordance with them. Remember that it takes time for these things to grow, and you cannot make a commencement too soon. Mr. Hesser, at Mr. Pleasant, can furnish you with almost anything in the line of flowers, and Mr. Billings informs us that he will have a large surplus of various kinds of shrubbery this fall, which he will furnish to those wishing them, at very reasonable figures.

For the benefit of persons liable to the Excise Law I would state that Section 103 requires a duty of two and one-half per centum on Gross Receipts for the transportation of passengers, merchandise, &c., for hire. Freighters are considered liable to this Section.

Persons delivering the freight are the ones responsible for the tax. The proviso in the law mentioning the right of adding the amount of tax to freight, "over contract," only applies in cases where the law of the State, where the contract for carrying the freight was made, has fixed the compensation; and in those cases the Act of Congress gives the right to the freighter to add the tax to the freight as fixed by law.

Persons liable will save heavy penalties by making requisite returns as soon as practicable after the delivery of the freight. F. M. DORRINGTON, Plattsmouth, Aug. 30. Assess'r.
