Empress of France, Empress of Austria, Empress of Russia, Empress of Brazil, Queen of Spain, and
Queen of Bacavia.
The GROVER & BAKER ELASTIC-STITCH SEWING MACHINES are superior to all others for the

is the state of the second of

work than other machines.

4. The stich made by these machines is much more firm, elastic and durable, especially upon articles which require to be washed and ironed, than any other sitch 5. This stitch, owing to the manner in which the under tread is inwrought, is much the most plump and beautiful to use, and retains this plumpness and FLANNELS, &c., beauty even upon articles frequently washed and ironed until they are worthout.

6. The structure of the scannis such that though

it be cut or broken at intervals of only a few stitches, it will neither open, run or ravel, but remains firm and durable.

7. Unlike other machines, these fasten both ends of the scam by their own operation.

S. With these muchines, while silk is used upon the right or face side of the seam, cotton may be used upon the other side without inscening the strength or dutability of the seam. This can be done on ne other machine, and is a great saving upon
