MORTON vs. DUNDY.
J. Sterling Morton cannot find language sufficiently mean to abuse loyal men since they have for a second time within a year said they did not want him nor his rebel hordes to represent them in any capacity.

HOW IT IS TO BE DONE.
The Burlington Gazette, a Democratic journal of more honesty than discretion, in the course of a lifeless eulogy on Andrew Johnson, informs that "he is the right man in the right place."

Speech by Mr. Beecher.
Mr. Beecher made a speech in Brooklyn last Monday night, which is attracting much attention, it is said.

INDIAN TROUBLES.
It seems that we are to have a war with the Utes. Our Denver exchange contains notices of an outbreak on the Purgatoire, and the shipment of arms to Pueblo; we thought to wait until something more definite was received, but have changed our notion, and will give the public all we can find out about the disturbance.

Payment of Pirate Alabama Claims.
The London Times of the 4th publishes a very remarkable article, advising the British Government to annul the claims of the United States for damages caused by the rages of the Alabama. The appointment of an international commission having a power of settlement, and charged to deliberate on the rights and duties of neutrals in time of war, is recommended.

MR. SEWARD.
While we have done our part, and still intend to do it, towards exposing the inconsistency and treachery of Mr. Seward, as shown in his present position before the country, we certainly rejoice over the recovery of his health. It would have been a bad time for Mr. Seward to close his career, for the last few months have been years of splendid service.

MAKING TREASON ODISIOUS.
President Johnson is making treason odious in a somewhat peculiar manner. He has selected for the responsible, important and honorable post of Indian agent Mr. L. V. Boggs.

MARRIAGE IS TO WOMAN.
At once the happiest and saddest event of her life—it is the promise of future bliss raised on the death of present enjoyment. She quits her home and her parents, her companions, her amusements—everything upon which she has hitherto depended for comfort, for affection, for kindness, and for amusement.

THE FRENCH IN ALGERIA.
The French in Algeria are making a great deal of noise about the progress of their operations. They claim to have captured a large number of the rebels, and to have destroyed a great many of their strongholds.

COUNTY FAIR.
It is too late in the season to talk or write about a County Fair for this year; but, from past experience, it is just about the right time to commence saying something in favor of having one next year.

TERRITORIAL ITEMS.
We clip the following items from the local column of the News:
SWORD PRESENTATION.—Capt. D. Lebon was presented last evening with a beautiful sword, worth sixty dollars, from Capt. J. W. Perman.

MORE EMIGRANTS.—Some ten or fifteen families from Marshall county, Iowa, passed through town this morning, on their way to Pawnee county, southwest of Nebraska City.

THE FALLS CITY NEBRASHIAN.
We are informed that the case of D. R. Rogers, who was tried at this place for murder at the spring sitting of the District Court, and sentenced to ten years imprisonment, is to be carried to the Supreme Court on a writ of error.

PARLOR JUGGLING.
THE SPITTOON TRICK.—Take two half gallon spittoons—white ones are the best, then select a strong red cord—a worsted one if it can be procured—pass the cord through the two holes of the spittoons and give the ends to a gentleman and a lady, selected from the company, to hold.
