## LOCAL NEWS.

From Wednesday's Daily.

A large quantity of ice is floating in the river to-day.

Simpson, Sharp & Co. have a superior article of buckwheat flour.

No mail from the north-to-day. Could not get across the Platte.

Thanksgiving Service and Sermon in the Episcopal Church on Thursday 29th at 11 a.m.

Dr. O'Hanlon, of Omaha, was thrown from a buggy last week, fracturing his collar-bone.

Morrison, of the city meat market, brought in a half dozen hogs this morning that the smallest one would require a hoghead to hold it in.

There will be no paper issued from this office to-morrow, it being the day set apart for all "good people" to give praise and thanks for the many blessings we enjoy as a nation and as individuals.

The K. & N. Stage Co. has hauled off their coaches and put on two horse hacks again. If the people and papers of Nebraska will only encourage the Western Stage Co., we will soon be reduced to a backboard again.

The Marysville Enterprise says: "We learn from Mr. Baker, of Rock Creek, Jones county, N. T., that a party of Indians supposed to be Ojibwas and Iowas came to the house of Mr. Hughes, who lives one mile below the mouth of Rock Creek, while the family were out visiting, and after plundering the house of most of its contents, set fire to it, destroying it all. The Indians had been on a hunt up in the Brower settlement, and had been driven away on account of their setting fire to the prairie and endangering settlers' property."

**Two Threads not Necessary.**  
The Christian Advocate and Journal says: "While we advocate none of the well-deserved praises we have given to others, we must in justice express our confidence in the merits of the Wilcox & Gibbs Sewing Machine. We consider that a great desideratum has been supplied by it, in proving, beyond doubt, that two threads are not, as was supposed, necessary to be a good instrument."

**DYSPEPSIA.**  
There is probably no one disease with which mankind are afflicted which is the source of so many ailments as Dyspepsia, or as it is more commonly called, sour stomach, and there is no more certain remedy than Roback's Stomach Bitters.

From Friday's Daily.

A party of men direct from California arrived in town yesterday morning.

Ford, one of the supposed participants in the murder of a boy at Nebraska City last summer, has just had his trial. We have not learned the result.

A party of men left town a few days since for a winter campaign on the upper Missouri. They propose to trap and hunt, and expect to bring down large quantities of furs in the spring.

It is expected "To Council Bluffs and Omaha," late edition, will be issued in pamphlet form in a few days, and sent all over the east as an advertisement for Plattsmouth.

Thanksgiving day was generally observed in this city. A large proportion of our citizens attended church services, and a still larger proportion assisted in cleaning the meat off turkey bones.

We would call attention to the card of Sam M. Chapman, in another column. Those requiring the service of an energetic and trusty lawyer, and one well posted, will find Mr. Chapman the very man they want.

Black, Battery & Co. have laid in a large supply of Roback's Bitters, the first ever kept in the place. They saw the advertisement in the Herald and concluded to try them. They are selling off rapidly. Does any one think advertising don't pay?

The steamer Sunset came up on Wednesday evening. She is now lying just above the mouth of Platte, on the Iowa side, unable to proceed further on account of the ice. She is the last boat of the season.

The house of Alex. Majors, of Nebraska City, was entered by burglars a few nights ago. The thieves ransacked the house, piled all the silver ware on the floor, and then entered the room where Mrs. Majors was sleeping, to secure the cash. Their entrance aroused Mrs. Majors, who immediately turned up the lamp, putting the burglars to flight. In their haste they neglected to take the silver ware with them; and all they got was a watch belonging to Michael Reed, who was sleeping in the house.

From Saturday's Daily.

Main street has presented a lively appearance to-day. A large number of farmers are in town, and a fair proportion of strangers.

A series of revival meetings are being held by Elder Dungan, of the Christian Church, at the Brick School House. Living every night.

Dr. Livingston is endeavoring to make up a party to go to the Blue on a hunting expedition. It will be a report. There are plenty of Elk out there.

The police force of Council Bluffs has been materially increased: the merchants having employed two men and the city authorities having employed two more.

The Southern Nebraska says several persons who had the "fever" caused by over excitement about the Cherokee country, left for that new garden spot, but have returned with the "chills." Nebraska beats all of them. We have good soil, good markets, and above all a healthy climate. Persons emigrating to any of the western countries will bear this in mind.

**ORDERED TO LEAVE.**—We learn with gratification that our efficient Deputy City Marshal is cleaning out our hotels about town, by procuring the necessary legal authority and ordering off the inmates. If this work is thoroughly done, as we doubt not it will be, it will free our city of a great nuisance and make horse thieves and gamblers scarce.—Neb. City Press.

Are we to understand that all the inmates of the hotels of Nebraska City are included in this sweeping order? This is a singular procedure, indeed! But then, Nebraska City is immensely copper-johnson, and we presume that accounts for it.

From Monday's Daily.

T. K. Hanna, Esq., left for St. Joseph last Friday morning on the Western Stage Co's coach.

Yesterday all nature and a large portion of Plattsmouth were enveloped in a dense fog.

Farmers generally throughout the county have finished gathering corn. The crop is much lighter than last year.

As will be seen by reference to his card, Hon. S. Maxwell has opened a law office in the Court House, where he may hereafter be found. We predict an extensive practice for Mr. M., as there is not a man in Nebraska who applies himself closer to whatever he has in hand. He never does anything by halves, and those who entrust business to him can rest assured that it will receive his undivided attention. As to his abilities we need have nothing to say. He is too well known in Nebraska for anyone to doubt his soundness of judgment, and ability to carry through whatever he undertakes.

From Tuesday's Daily.

Pork is selling at \$6 and \$7 per 100 pounds in Nebraska City.

The steamer Metamora has gone into winter quarters at Omaha.

The ordinances of baptism was administered by Elder Dungan, of the Christian Church, on Sabbath morning last.

The K. & N. Stage Co's, coach took out ten passengers this morning. People will patronize it, as they ought to.

Call at Eaton's and get one of those clocks that will tell the time of day, the day of the week and month, and the month of the year.

The Third Quarterly Meeting of the M. E. Church in Plattsmouth will be held on Saturday and Sunday next. Services on Saturday evening.

A farmer near Ft. Calhoun raised 558 feet of vine and 198 pounds of melon from a single seed last summer. The largest melon weighed 38 pounds.

If the old "saw" that the "three first days of winter rule the season," should prove correct, we will certainly not complain of bad weather this winter.

Owing to the fine weather, good roads, and large supply of wood in the market, that very necessary article has declined somewhat the past week. Good hard wood is selling at from \$5 to \$6.

The Omaha Republican learns that Cavanaugh, the great billiard player, will visit that city some time in January next. It is anticipated that Fienan and McDevitt, other renowned knights of the cue, will accompany him.

We noticed one of Boeck's make of wagons going out of town yesterday behind a pair of "spanking" blacks. Patronize home manufacture, and get an article that you know to be good. We venture to say that Boeck can make a better wagon, at lower figures, than can be got in Chicago.

Will our friends throughout the county interest themselves in procuring a few more subscribers for the Weekly Herald? We received, last week, a large increase to our list at the thriving town of Ashland, in Saunders county, and would like to be able to say the same of every Post Office in Cass county.

The Omaha Republican of yesterday gives a full description of the building it occupies and various departments of the business. It is a magnificent affair for Nebraska, and deserves extensive patronage.

E. S. Parker, of Salt Creek, is not only a judge of good stock, but fully understands the benefit of having it. He, this morning, purchased a Chester white pig of Mr. Walker, which is six months old and weighs fifty pounds. He paid for it the sum of \$10, in preference of paying \$2 for common stock, and will make a hundred per cent at that.

The Sunday School Festival of St. Luke's Church will be held in City Hall, on Christmas day, and the ladies of the Parish intend having Supper, Tableaux and a host of good things on Dec. 31st and Jan. 1st.

Remember the Festival, (Fair and Supper), by the Sisters of Rebecca, Platte Lodge No. 1, I. O. O. F., to be held on the evening of the 20th inst. The proceeds are to be devoted towards liquidating the indebtedness of the Lodge for the new Hall building, and we hope to see a general turn out of our citizens. The object is a worthy one, and should receive encouragement.

The members of Nebraska Chapter No. 3, are requested to meet in their Hall every Wednesday evening at 6 p.m. until further orders. Business of importance will be brought before them.

## GREENBACKS

ARE

**GOOD!**

BUT

ROBACK'S STOMACH BITTERS, after years of experience, have proven to be the best remedy extant for all complaints where a tonic and stimulant are required. They never fail to strengthen the weak, impart

vigor to the strong, and in all respects restore shattered and broken-down constitutions. No remedy has been received with as much favor as Roback's Stomach Bitters. In Chicago

over 50,000 bottles were sold by one druggist alone last year. It is admitted by our most eminent physicians that Dr. ROBACK'S STOMACH BITTERS contains the properties of a gentle laxative, an efficient anti-bilious

agent, and the best stomachic known to the world. ROBACK'S BITTERS should be used by convalescents to strengthen the prostration which always follows acute disease. In the

ILLIOUS districts of the West and South there has, for a long time, been much needed an article of STOMACH BITTERS, which, if taken in proper quantities, and at the proper time, are a sure preventive of Bilious Fever,

Fever and Ague, Liver Complaint, Dyspepsia, Indigestion, Headache, Kidney Complaint, and all diseases of similar nature; and are better as a preventive for bilious derangement, regulating

AND strengthening the system, and giving tone to the digestive organs, than any other known remedy. It is admitted that the war is over, there will be thousands seeking homes, and at the proper time, are a sure preventive of Bilious Fever,

without having constantly at hand the BITTERS, as a safeguard against epidemic and malarial engendered by miasma and polluted water. Travelers and all residents of the rank river-bottom

counties of the West and South, and the valley of the Mississippi and its tributaries, should provide themselves with the BITTERS. There is probably no one disease with which mankind are afflicted which is the source of so many

ailments as Dyspepsia, or as it is more commonly called, Sour Stomach, and there is no more certain remedy than Roback's Stomach Bitters. They are never known to fail.

**King Cholera** has always been much dreaded by the public, and people have resorted to all manner of medicines to arrest the progress, but with little success. A sure cure and preventive is to be found in the

use of Dr. ROBACK'S SCANDINAVIAN REMEDIES. Keep the bottles open with the Pills, and invigorate the system by free use of the Stomach Bitters, or, if the blood be thin, use the Purifier.

**Such an invaluable remedy** should be kept in every family. Keep the system in full vigor and nothing is to be feared from disease or cholera. THE OLD RELIABLE. Do not be deceived by purchasing any of the cheap nostrums

under the various names of Bitters. Purchase none other but Dr. ROBACK'S STOMACH BITTERS, which are compounded of the purest drugs, and in which the afflicted can rely.
