The Nebraska Herald.

LOCAL NEWS.

From Wednesday's Daily.

☞The ladies of the Presbyterian Church Festival, have the thanks of the printers for a nice cake.

☞They had a ball at Rock Bluffs last night. Several people from this city were in attendance.

☞The Northern bound coach yesterday broke down somewhere below here, and the mail and a large lot of Express goods were forwarded in an open wagon.

☞The White Cloud *Chief* complains that the coaches are driven through to the west of that place without stopping to leave the mail, in order to make quicker time. The mails won't gain much time by the operation.

☞J. D. Lauer, local editor and one of the proprietors of the Nebraska City *News*, has been in town since Monday evening spending Christmas. Dan is a "jolly" boy, and has an "eye to business" in the way of localizing. He left for home by the coach to day.

☞The person, who by mistake, took a large, white Nubia with small brown spots in the tassels, from the Hall where the Presbyterian Festival was held, on Christmas Eve, will please return it to this office and get the one left in the place of it.

☞We understand that Santa Claus' has made many warm friends during the holidays, and especially did he please the little folks last evening. We hear it hinted that he is about to be the recipient of a token of the esteem in which he is held by them.

☞Festival are the order of the day just now. The Festival given by the ladies of the Presbyterian Church, on Christmas Eve, was a fine affair. The hall was crowded to its utmost capacity. The receipts were $251,58, without any auction sales.

☞The children of the Episcopal Sunday School had a fine time last evening. A large "Christmas Tree" was prepared, and was loaded with toys of every imaginable kind. The services were very impressive and calculated to direct the minds of the children in the right direction in the midst of their mirth. The Hall was crowded with people, all of whom wore smiling faces.—The singing by the classes was beautiful, and worthy of especial praise.

From Thursday's Daily.

☞The special police force, consisting of Messrs. Collins, Johnson and Mickelwait, are entitled to great credit for the efficient manner in which they have discharged their duties so far. Some or all of them are constantly on duty, and everything in the shape of a violation of peace and good order, is nipped in the bud. They are always on hand at public doings, and anyone who shows a disposition to create disturbance, is immediately "taken in out of the cold." Long live our special police force!

☞Indigestion and Innutrition, is the foundation of Consumption. All scientific physicians admit this, and nearly all are becoming convinced that pure liquor, combined with vegetable remedies, when not directly on the digestive organs, are the remedies indicated.

It is admitted by our most learned physicians that Dr. Roback's Bitters combine the proprieties of a gentle laxative, an efficient antibilious agent, and the best stomachic known to the world. It is also acknowledged by practical chemists to be the safest and surest preventive to Bilious derangement; regulating the system and giving tone to the digestive organs. Ladies in delicate health will find it suited to their use; it is also highly recommended to mothers while nursing. It contains *invigorating power for enervated* systems. Convalescents should use the Bitters to strengthen the prostration which always follows acute diseases.

Not one cent in six years.

Our machine has been in almost constant use for nearly six years and not cost us one cent for repairs, It has given great satisfaction.—[Letter of Casper W. Hillman, No. 1,229 Heath St. Philadelphia, March 10, 1865, to the Wilcox & Gibbs S. M. Co.

From Friday's Daily.

☞Call at Mitchell's shop and see one of those new Washing Machines he is manufacturing.

☞Capt. Hooper, the favorite river man, and Mr. Harball, agent of the Merchants Union Express, were in the city this morning.

☞The Omaha *Republican* has made a mistake in giving the names of the officers elected by the Masonic order of this city. It appears to have got Bellevue mixed up with Plattsmouth.

☞A. B. Smith, of this city, has invented a new buggy or wagon hub, which does away with the necessity of re-fitting tire, and is said to be very superior in many other respects.

☞The *Nonpariel* corrects our statement that Western Stage Co's. coaches were running from Omaha to St. Johns. It says they run from Council Bluffs to St. Johns, and from Council Bluffs to Omaha.

☞J. N. Wise, of the Book Store, has laid on our desk The Ladies Friend for January, 1867. One engraving in this number entitled "At Sea," is worth the subscription price, to say nothing of the choice literature and the fashion plates. "Orville College," by Mrs. Henry Wood, and "How a Woman had her way," by Elisabeth Prescott, are commenced in this number. Wise takes subscriptions for this and all other Magazines.

From Saturday's Daily

☞The river in front of town has been covered with skaters all day The ice is beautiful. "Try some,"

☞The members of the Presbyterian Church gave the children of the Sabbath School a supper last evening, at which all enjoyed themselves "hugely."

☞The boys, and we doubt not a few men, created a great "racket" in the south part of town last night. We should judge somebody was being "charivaried."

☞We have heard it suggested that skating clubs be organized. Good idea. There is splendid ice a little distance above town.

☞The Rulo *Register* has suspended. The *Press* truthfully says that while it confined itself to local affairs it flourished, but as soon as it took the copper-johnson shoot the people repudiated it. The *Suthern Nebraskian* is the only paper now published in Richardson county. It is a lively paper, and sound on political questions.

☞The Council Bluffs *Nonpariel* of the 23d says, that for the two days past a continuous line of wagons were passing through with iron for the C. B. & St. Joe Road and that by the 1st of January it would be completed to the Depot grounds in that city. The road is now engaged in transporting Hogs from South Iowa to Council Bluffs, several train loads have been received.

☞We have heard a numbes of people say they wished to build, but thought brick were too high. Well, what do you think of "concrete?" We are assured by those who are acquainted with this material that it is equal, at least, to brick or stone in point of durability, and can be furnished twenty per cent cheaper than either Will some one try it. We understand Mr. Jos. Lessley fully understands the preparation of this article, and will contract to build houses of it if desired.

☞A man passing by the name of Wm. Smith, purporting to be on agent of the Illinois Central Insurance Company, was in this city about a month ago, and received the advance payment on insurance from a number of our citizens. The policies not coming in due season, some of the parties wrote to the company in regard to them, and received the unwelcome news that they had been "gulled"—that there was no such person acting as agent for them, and that no applications had been received The scoundrel took a considerable amount of money out of this place, and is probably engaged in the same business in some other part of the country now. We advise our citizens to insure only with local agents or such as they know are not impostero. The said Smith is a man about six feet in height, wore a buff suit, and has rather a "flashy" appearance.

From Monday's Daily.

☞Look out for a fall in the price of wood. The river is frozen over.

☞We want a few more subscribers. Who will start with the new year?

☞The mercury was down to zero this morning. Not very cold—but the coldest we have at present.

☞A heavy storm has been raging in the east for several days. Railroads generally are blocked with snow, and travel suspended.

☞The river closed at this point Saturday night, and footmen are crossing to-day. The ice will be heavy enough for teams to cross in the course of a day or two.

☞The papers of Omaha and Council Bluffs note the mercury at 10 to 28 degrees below zero. It has not been below zero here. The South Platte is the place to live.

☞The Platte Valley *Journal* says: A magnificent lode has been discovered in the Black Hills near Fort Laramie. California miners are preparing for heavy gold explorations there in the spring. We predict a heavy tide of emigration setting into that Territory by the first of April next.

☞In the Weekly will be found an advertisement of mail routes in Nebraska, to be let. Among others is one from this city to Columbus. This will be good news to our friends up Platte, as they are sadly in need of mail facilities. We hope some one will secure this contract who will put on a two horse hack. The travel will justify it, and we hope it will be done

☞Several of the "Noble Red Men of the Forest," with their "flags" at half-mast, have been in and about town for two or three days, going from house to house begging. We do not know what tribe they belong to, but are sensibly impressed with the idea that they had better be at home eating their own acorns than traveling around for a livelihood this kind of weather. We would rather be a district school teacher, and "board around" than a "lone Indian" in Nebraska during the winter season.

From Daily of 2d inst.

☞The ice on the river is now perfectly safe for teams to cross. Loaded wagons were crossing all day yesterday.

☞C. H Walker, Esq., of Saunders county, was in the city yesterday. He is now engaged in teaching at Eight Mile Grove. We congratulate the people of the Grove in being so fortunate as to secure the services of Mr. Walker.

☞A large number of people were enjoying themselves on the ice yesterday.

☞We learn that the new Hall at Ashland was considerably injured recently by the wind. The walls were partially blown down. We have not learned the extent of the damage, but hope it is not sufficient to materially retard the progress of the work.

☞We learn from the Nebraska City papers that T. B. Glenn, formerly of this city, has purchased the Tremont House, and will take charge of it soon. Glenn will make an excellent landlord.—We advise our people to give him a call when they visit Nebraska City.

☞The Festival of St. Luke's Church, on New Year's Eve., was a fine affair. The attendance was not large, in consequence of cold weather, but those who were present appeared to enjoy it very much. The Tableaux, last evening, were a decided success. It was the first thing of the kind in Plattsmouth, and the attendance was large. Great credit is due those who managed the affair for the successful manner in which it was carried out. The crowning of the May Queen and the singing of the Lord's Prayer were especially beautiful. We have not learned what the receipts of the two evenings were, but should judge they were about equal to those of former Festivals.

☞We were pleased to meet, yesterday, Mr. Porter, of New York, who purposes locating at this point. Mr. Porter is a lawyer of considerable note in his former home, and his law partner, Gaylord Clark, who will arrive to-day, was formerly editor of a daily paper in Troy, and late State's Prison Inspector for the State of New York. They have visited all the towns in Nebraska, and finally determined upon this as their future home. Their families will arrive in the course of a few days. We welcome them to their new home, and hope and believe they will never have cause to regret their choice of a location. We learn they are the advance of a large emigration from the section where they formerly lived.

☞Extra copies of the Weekly HERALD containing questions and answers relative to Nebraska, can be had at the office of publication

☞All honorably discharged Soldiers and Sailors are requested to meet at the Court House, on Thursday evening, 3d inst, at 6 1 2 o'clock, for the purpose of forming an association.

MARRIED.

GREENBACKS

ARE

GOOD!

BUT

ROBACK'S STOMACH BITTERS, after years of experience and trial, have proven to be the best remedy extant for all complaints where a tonic and stimulant are required. They never fail to strengthen the weak, impart vigor to the strong, and in all respects restore shattered and broken-down constitutions. No remedy has been received with as much favor as ROBACK'S STOMACH BITTERS. In Chicago

OVER 50,000 bottles were sold by one drug-house in the past year. It is admitted by our most learned physicians that Dr. ROBACK'S STOMACH BITTERS combine the properties of a gentle laxative, an efficient anti-bilious agent, and the best stomachic known to the world. ROBACK'S BITTERS should be used by convalescents to strengthen the prostration which always follows acute disease. In the

BILIOUS districts of the West and South there has, for a long time, been much needed an article of STOMACH BITTERS, which, if taken in proper quantities, and at the proper time, are a sure preventive of Bilious Fever, Fever and Ague, Liver Complaint, Dyspepsia, Indigestion, Jaundice, Kidney Complaint, and all diseases of similar nature; and are better as a preventive for bilious derangement, regulating

AND strengthening the system, and giving tone to the digestive organs, than any other known remedy. Now that the war is over, there will be thousands seeking homes in the South. No person who values his life should go there without having constantly at hand the BITTERS, as a safeguard against epidemic and maladies engendered by miasma and polluted water. Travelers and all residents of the rank river-bottom

COUNTIES of the West and South, and the valley of the Mississippi and its tributaries, should provide themselves with the BITTERS. There is probably no one disease with which mankind are afflicted which is the source of so many ailments as dyspepsia, or as it is more commonly called Sour Stomach, and there is no more certain remedy than Roback's Stomach Bitters. They are never known to fail.

KING CHOLERA has always been much dreaded by the public, and people have resorted to all manner of medicines to arrest the progress, but with little success. A sure cure and preventive is to be found in the use of Dr. ROBACK'S SCANDINAVIAN REMEDIES. Keep the bowels open with the Pills, and invigorate the system by free use of the Stomach Bitters, or, if the blood be thin, use the Purifier.

SUCH an invaluable remedy should be kept in every family. Keep the system in full vigor and nothing is to be feared from disease or cholera. THE OLD RELIABLE. Do not be deceived by purchasing any of the quack nostrums under the various names of Bitters. Purchase none other but Dr. ROBACK'S STOMACH BITTERS, which are compounded of the purest drugs, and in which the afflicted can rely.

ARE

BETTER!
