

PLATTSMOUTH, NEBRASKA.

WEDNESDAY, JAN. 30, 1867

BAD ADVICE.

We notice that the copperhead sheets throughout the country, in contemplation of President Johnson's impeachment, boldly advise him to refuse obedience to law and urge him as Commander-in-Chief, to wield the armies and navies of the United States in resisting those provisions of the Constitution under which his trial might take place.

ONWARD.

We are glad to see that the Nebraska Legislature is up to the times in the march of progress and freedom. A bill has been introduced into the House to strike the word "white" from our election laws.

ROLL OF HONOR.

We are in receipt of a copy of the "Picket Guard," a paper devoted to the interests of the soldiers, or especially those composing the "Grand Army of the Republic," published at Davenport, Iowa. We make the following extract from its columns, and would further add that we are reliably informed that the book mentioned will contain an extended notice of Nebraska soldiers, especially who enlisted in Nebraska regiments from Iowa.

Fatal Shooting Affray.

Between four and five o'clock on Saturday evening last, the usual quiet of our town was disturbed by the shooting of a man known by the name of Scott Keysinger, who had been for some time past working for Wm. Edgerton, on the opposite side of the river, by Geo. Karnes, who resides near Rock Bluffs, in this county.

ONWARD.

We are glad to see that the Nebraska Legislature is up to the times in the march of progress and freedom. A bill has been introduced into the House to strike the word "white" from our election laws.

ROLL OF HONOR.

We are in receipt of a copy of the "Picket Guard," a paper devoted to the interests of the soldiers, or especially those composing the "Grand Army of the Republic," published at Davenport, Iowa. We make the following extract from its columns, and would further add that we are reliably informed that the book mentioned will contain an extended notice of Nebraska soldiers, especially who enlisted in Nebraska regiments from Iowa.

LEGISLATIVE.

OMAHA, Jan. 25th.

The following bills have passed the Council:

A bill for an act to locate a Territorial road from Plattsmouth to Blue river, in Seward County.

Majors moved that the printed matter that has been, or may hereafter be sent into the Chief Clerk by the Secretary of the Territory, through any agency, the same not having been solicited of him by the Chief Clerk, be returned by the Sergeant at Arms, in conformity with the Council having made the necessary arrangements to procure the incidental printing ordered and needed by this body. Carried.

OMAHA, Jan. 26.

HOUSE—The bill to authorize county commissioners to employ attorneys, in certain cases, was taken up. Bill read three times, by suspension of rules, and passed.

The bill to provide for the payment of bounty to soldiers of Nebraska in the war for the suppression of the rebellion was taken up and referred.

Bill to amend sec. 33, chap. 17 of Rev. Stat. taken up.

The object of this amendment is to strike out the word "white" in the election law. Bill made the special order for Tuesday next at 11 a. m.

Bill to amend the acts relative to courts was taken up. The amendment provides for two terms annual in Plattsmouth. Bill laid over till Thursday next.

The bill to amend chap. 2, Sec. 2 of Rev. Stat. was taken up.

Child moved to postpone till Thursday next. The object of the bill was to reduce the annual representation of Otoe from two members, to one member, and an interest with Nemaha, Richardson and Pawnee in choice of another.

Daily and Kelley took part in a warm discussion for the measure, and Child, Harvey and Graves as warmly opposed it.

Child's motion to postpone till Thursday next was then lost. Graves moved to recommit the bill. On the discussion Daily stated that Otoe now if given one member will have a surplus of 519 votes to apply on the floating member, and that Nemaha and Richardson have a surplus of 603 votes over enough to give them two members; and he claims that this 603 votes of these two counties are at least as much entitled to representation as the 519 surplus votes of Otoe county; and his proposition is to throw the two surplus votes together, and let the member represent the entire surplusage, instead of as now allowing the 519 votes of Otoe to choose one member, and the 603 surplus votes of Nemaha and Richardson go without representation.

Graves' motion to recommit was lost by 11 yeas to 24 nays.

On the question of passing the appointment Harvey, Daily, Kelley, Gray, Graves and others engaged into a warm discussion of the question.

The vote was taken on the passage of the bill with the following result:

Ayes—Abbott, Butler, Clark, Cole, Daily, Collins, Crow, Dewesse, Dorsey, Duerffel, Frost, Fuller, Gray, Hardebergh, Hayward, Heile, Kelley, Parmlee, Ross, Suster, Wallich, Wallder, Warrick and Wiles—24.

Nays—Anderson, Baker, Child, Crawford, Curran, Duggan, Graves, Harvey, Hicklin, Linnick and Tromble—11.

A Sharp Point Well Put.

An exchange says: "One of President Johnson's objections to the District of Columbia Suffrage bill is that the people of the District is opposed to it, and Congress should respect the will of the people." It is a good logic to hurl at Congress it is good logic to cast in the teeth of the President. Why does he not respect the will of the people? They have condemned his policy, yet he persists in it!

A Mr. H. of New York has entirely "taken the salt" out of Dr. Windship. He writes that he can hit two thousand seven hundred and twenty-seven in two ounces. He says: "I have eaten plain, simple food—few kinds at a meal, avoided knick-knacks, pork and condiments. I have used mostly vegetable food, and milk when that would answer, but I found it necessary a portion of the time to introduce solid animal food into my diet. I regard beef-steak as containing the best muscle-making principle, because it is muscle, and more readily distributed as such throughout the system."

SNOWED IN.—We learned last night that the recent snow storm had prevailed over the central part of our State to such a degree, that trains over the Chicago & North Western Railroad will not possibly be able to get through without some delay. We hope the delay may be of short duration. Advice from Clinton, on the Mississippi river, received yesterday afternoon by telegraph, report the storm at that point to have been quite severe. —Nonpareil, 26th.

A NEW FERRY LICENSE.—We are informed that the County Commissioners, at the last session, held on Monday, Jan. 7th granted a license to D. Labon, T. K. Bradley, John Torbett, and others to carry a ferry at this place and giving them exclusive Landing privileges for three miles above and three miles below the mouth of South Table Creek, and have employed Messrs. Minor & Shambaugh, and Calhoun & Croxon to defend their action against contending parties, and have paid \$100 retainer under an agreement to pay them \$1,000 for the service. —Press.

Marshall Snowden, rendered to W. K. Pollard, the horses stolen by the McDowell Bros., from Kansas. The expenses were paid; and on request of the plaintiff, the prisoners were discharged. —Omaha Herald.

INDIANAPOLIS, Jan. 24—Gov. Morton having been elected Senator has sent his message to the Legislature to day, resigning.

Lieut. Gov. Conrad Baker was inaugurated to fill the balance of the gubernatorial term.

New York, Jan. 24.—Schenck gave notice that he should report a Bounty bill, and ask its immediate passage.

Bidwell, from the committee on Agriculture, reported a joint resolution to extend the Agricultural College bill to Tennessee. Leblond wanted to know why there should be an exception in favor of Tennessee.

Some debate springing up, Cooper, of Tennessee, replied to a former remark of Kelley, of Penn., who had called the President a usurper, giving Kelley the lie. Kelley replied that Cooper had been a member of the President's household, and knew all the secrets of usurpation. Cooper admitted having been a confidential friend of the President, of which he was proud, but had never received a dollar of the President's money, and said, when the gentleman from Pennsylvania said he had been the paid agent of the President, he lied again! [Sensation.]

Donnelly moved to amend the resolution so that no person be employed in said college who had held either a military or civil office under the Confederacy. Adopted.

The House proceeded to the consideration of Stevens' Reconstruction bill. Raymond made a speech of a progressive character, opposing the pending measure, favoring the Congressional policy of the Constitutional Amendment, advocating further guarantees—among others, providing that any future attempt at secession shall entail a forfeiture of rights on any State attempting it. He said the Constitution should be construed with reference to progress and the wants of the Nation. A measure of restoration that would have suffered eighteen months ago will not answer now. Something stronger is needed.

Stevens indicated his intention to call up the bill to-morrow; and, in view of the conflicting opinions on the Republican side of the House, moved to lay it on the table.

WASHINGTON, Jan. 25.—Chandler, Assistant Secretary of the Treasury, has not tendered his resignation, but it is probable he will.

The bill amending the acts organizing Territories conferring suffrage without regard to race or color, has become a law, without the President's approval.

A reporter at some democratic meeting, has been summoned to testify before the impeachment committee as to the correctness of his report of Johnson's speech at the Southern Hotel.

WASHINGTON, Jan. 26.—House.—Niblack asked Stevens whether he proposed to have a vote on the reconstruction bill taken to-morrow.

Stevens replied that he intended to have it disposed of in some manner to-morrow. Adjourned.

CHICAGO, Jan. 25.—The Kansas Senate yesterday debated the bill calling a Constitutional convention.

The Indiana Senate elected Will Cumbick, President, vice Lieut. Gov. Baker, who becomes Governor.

The Maryland Legislature repealed the act requiring one Senator to be a resident of the eastern shore, and it is expected that Swann will be elected.

The Kentucky Legislature makes no progress in its Senatorial election.

Four hundred negroes have been registered for the Georgetown city election, District of Columbia, which occurs the 1st of February.

WASHINGTON, Jan. 22.—The Mayor of Georgetown gave notice to all male inhabitants, white and black above the age of 21 to appear before him and the Board of Aldermen at the time named for the preparation of a list of voters under the provisions of an act of Congress, regulating the elective franchise in the District of Columbia.

Frelinghuysen was to day elected Senator from New Jersey.

Washington specials of the 23d, say that for the first time this winter the Democrats have been organized into signs of life by Boutwell's bill to prevent rebel lawyers from practicing in the courts. The debate was closed and the previous question seconded before three o'clock on the 22d, by a hundred and four to forty, when filibustering began and lasted all night, with unusual scenes of arrests of members, fines, whisky, mirth, etc.

Dr. Franklin's celebrated receipt for cheap sleigh-riding runs as follows: "Sit in the hall, in your night clothes, with both doors open, so that you can get a good draft; put your feet in a pail full of ice water; hold an icicle in one hand and ring the tea-bell with the other. He says you can't tell the difference with your eyes shut, and it's a great deal cheaper."

Swails, one of the principal Parisian delicatessen, are said to have supplanted frogs in that market. They are sent in great numbers from the surrounding country to Paris—Burgundy and Champagne alone supplying 100,000 snails daily.

A very important bill is pending before the House Judiciary committee, declaring valid all Presidential proclamations convening courts martial and military commissions for the trial of civilians prior to March 1, 1865.

The House Military committee have agreed to report the bill transferring the Indian bureau from the Interior to the War Department.

The river between St. Louis and Cairo is said to be free from ice—steamers finding no difficulty in passing between the two places.
