A REMARKABLE FACT.—That the single instance has come to the knowledge of C. W. Roback of a failure of his Bitters to give satisfaction in the thousands of cases in which they have been used, is worthy of remark, and undeniable evidence of their intrinsic virtue.

Some people of Omaha censured the Republican for publishing a sworn statement of the Republican members of the Legislature in regard to the disgraceful proceeding in the House on the 16th. That paper has published a counter statement by the factionists, not sworn to. Does any one in Omaha censure it for that?

People are arriving in the city from the east every day. Some come with teams, some on the cars, and some on foot—any way to get to Nebraska.

The crazy man who has caused so much trouble to the people of Louisville precinct, and whom Capt. Hoover was compelled to shoot a little to keep him within bounds, has been committed to the County jail to await the necessary steps for his removal to the Insane Asylum.

Our City election takes place on the first Monday in next month. We hope our people will not overlook the necessity of electing city officers who will do something for the city.

they proved recreant to the interests of the people of Nebraska. It is also well established fact that they willfully destroyed the confidence reposed in them by the balance of the South Platte members in the Legislature. It is not denied by the News—in fact its own capital correspondent verifies the statement—that the Otoo delegation agreed to vote for a general apportionment if the Council would defer the bill taking one member of the Council from Otoo and giving it as a float between Otoo and others.

The mail from this city westward has increased rapidly for the past three or four months. It now requires two and three sacks to accommodate that section. This is evidence of the rapid growth of the counties of Saunders, Lancaster, Gage and others accommodated by this line.

We learn that H. M. Atkinson, of Brownville, has been appointed Register of the Land Office in that city, in place of Bedford, rejected. Atkinson is a No. 1 man and politically sound.
