THE SURRATT TRIAL.

The trial of John H. Surratt has finally closed, and the jury been discharged without rendering a verdict. The "lost cause" has too many friends in Washington to admit of the hanging of any man for so small a crime as murder where it was instigated by treason. At the time the jury was discharged the ballot stood precisely as it did when they first retired, and there was no prospect of an agreement by staying longer. During the debate upon this trial Mr. Pierpont showed conclusively that the recommend to mercy towards Mrs. Surratt had been presented to President Johnson at the time of her trial, and that if blame was to attach to any one it was to Mr. Johnson for not heeding it.

☞It is reported in Nebraska City that H. B. Horton's train has been captured by the Indians.

☞The members of St. Luke's Missionary Society held a grand re-union at the Rectory last Thursday evening.

☞A. D. Marsh has been re-appointed Post Master at Brownville. He was removed for refusing to "swing around" with A. J., but has been reinstated.

☞They have a man with a ball and chain to his leg working the streets of Omaha. He sold poor whiskey without a license.

☞The "Home Mining Company" of Nebraska City, propose to do some more "boring." Go on; the people can stand it.

☞A party of some 200 or 300 Sioux Indians passed between Omaha and Columbus last week, on their way north. The settlers in that region fear an attack.

☞The *Republican* says that, by accepting the office of District Attorney, Estabrook "grants a greater favor to the public than he receives."

☞The ladies of the M. E. Church gave another of those charming Festivals last Monday evening, for the benefit of the Sabbath School Library.

☞The Territorial election in Colorado was held yesterday: The members of the Legislative Council hold four years and those of the House two years.

☞M. B. Murphy, Esq., familiarly known as Mike, has been appointed City Marshal vice J. W. Johnson resigned. Murphy will make an excellent officer.

☞We noticed several teams loading with goods for Ashland last week. Plattsmouth merchants are selling goods cheaper than any other town on the river above St. Joe.

☞A flag man who was sent out to warn an eastward bound train of the massacre at Plum Creek, was killed and scalped by the Indians within a few miles of the wreck.

☞Several parties of Government Surveyors have left for the west lately. It will take about two soldiers to every hand in the surveying party to keep the Indians off.

☞See prospectus of the "Commonwealth" in another column. Prof. Gere will present a paper in every way worthy of patronage, and one eminently "sound on the goose."

☞People desirous of "trying their hand" at Indian fighting will do well to hold themselves in readiness, as there is a fair probability they will have a call.

☞Joseph McKinnon, Esq., arrived from the east last Friday where he has been on a visit to his friends. He brought with him one of Ohio's fair daughters, whom they now call Mrs. McKinnon.

☞The members of the Plattsmouth Sporting Club have been improving the time since the first of the month. They report the chickens not so plentiful as last season, yet they are numerous enough to make hunting interesting.

☞The local of the *Republican* says Little Mac of the *Herald*, was "booted" recently by the proprietor of the Durant House. Mac comes out in a card saying he was not "booted" and don't intend to be—if he can prevent it.

☞We learn that Gen Sherman is to be in Omaha to-day. He will probably adopt active measures for the protection of the frontier against Indians. He has sent a messenger to Lincoln City for Gov. Butler to meet him in Omaha.

☞The *Republican* has discovered a "mare's nest" in our statements that Plattsmouth was two miles nearer Lincoln than any other river town, and that our road was five miles shorter than any other. Roads do not always run upon a direct line. Plattsmouth is two miles nearer Lincoln than any other river town, on an air line, and five miles nearer by the traveled road.

☞A load of new wheat flour, from Dean's Mills at Ashland, arrived in this city last Thursday. Salt Creek Valley cannot be beat for wheat growing; and Mr Dean has one of the best mills in the State.

☞The wheat crop throughout the State is pretty generally stacked, and in prime condition. We doubt if the best of Millers will be able to discriminate between Nebraska Spring wheat and Fall wheat.

☞See ordinance against carrying concealed weapons. The practice of carrying weapons has become so common in this western country that it is high time people were forced to more civilized practices—at least the city dads appear to be of that opinion.

☞Loads of lumber and other building materials are leaving town for the west almost every day. If you want to see how fast a country can settle up, just go from this place to Lincoln, by way of Ashland, about once every two or three months.

☞Mr. Wm. Archer, arrived in this city last Sunday with a drove of 275 horses direct from California. They left Stockton on the first of March, and are bound for the eastern part of Iowa, where the drove will be sold out.

☞We call the attention of the police to the fact that Pant. A. Loon, of this city is seen "tight" upon our street daily—awful tight.—*Republican Local.*

We think a "loon" must have "panted" for some time after getting off the above.

☞A fellow named Hegan, a guest at the Cincinnati House, Nebraska City, attacked one of the proprietors a few days since, and has been lodged in jail. He carried two revolvers constantly, and had threatened the lives of several different persons.

☞Many housewives who have been using Soda for years, have become satisfied that D. B. De Land & Co's Best Chemical Saleratus is better for all purposes than Soda, and therefore connot be induced to use Soda or any other brand of Saleratus.

☞Located in the prosperous town of Ashland, thirty miles west from Plattsmouth, can be found one of the most enterprising men in Nebraska. We refer to J. J. Woodrow, who has one of the best assorted stocks of Boots, Shoes, Leather and Findings of any man in the interior of the State. He manufactures harness repairs boots and shoes, and can sell warranted work at as low figures as any store in Nebraska.

☞Commissioners Gillespie and Kennard arrived on the Lacy yesterday morning, and started immediately for Lincoln City, where they were to meet Gov. Butler and perfect the location of the Capital and other public buildings. The city will be surveyed and platted, and the lots advertised for sale at the earliest day possible.

☞A man giving his name as Robert W. Hacher was arrested last Saturday by Deputy Sheriff Fairfield on the charge of robbing the store of Mr. Palmerton, at Ashland. He was held until yesterday, when, no one appearing against him, he was brought before Judge Marshall on a *habeas corpus* and released from custody.

☞A correspondent of the *News*, writing from Saline county, says a number of settlers have already arrived in his locality, and "others will follow as soon as a well established grocery can be permanently located." It is unnecessary to state that Saline county gives a heavy Democratic majority, which this correspondent is trying to increase.

☞It has been pretty generally supposed that the last years crop of corn and wheat was all bought up and shipped last fall and early in the spring. This is a mistake. There are yet considerable quantities of both wheat and corn in the country. We know of a farmer within three miles of this city, who sold 1,000 bushels of corn no longer ago than last Monday, and there are several others who have smaller amounts.

☞See advertisement in another column of "Beyond the Mississippi," by Albert D. Richardson, author of "The Field, Dungeon and Escape." Mr. Richardson is too well known as a writer to require any particular mention of his present work. The title of the book and the author's well known ability is sufficient recommend to every western man.

☞One of the party who were out repairing the telegraph line at the time of the Plum Creek massacre, was taken out on the prairie by the Indians and skinned alive, scalped, and then killed by a blow with a tomahawk. If the "peace commissioners" had happened along about that time, the Indians might have been prevailed upon to forego this pleasure, by giving them a few guns and a quantity of ammunition.

CAMP MEETING NOTICE.—There will, Providence permitting, be a camp meeting held (beginning August 16th, at 11 o'clock a. m.) in the grove of Mr Linch, at Mount Pleasant, Cass county. Plattsmouth Station, Rock Bluffs, Mount Pleasant and Nebraska City unite in this meeting, which will render in one of great interest. Friends and ministers of adjoining circuits and stations are respectfully invited to attend. The meeting is expected to continue for a week.

LECTURE.

Prof. HAYDEN, State Geologist, will deliver a lecture at the Court-House, on *Friday Evening, 16th inst.*, at 7 1-2 o'clock.

☞Base Ball Clubs appear to be all the rage now. The Omaha Club is making a tour through western Iowa, playing the various clubs through that region, and propose visiting Nebraska City before returning. What has become of the Plattsmouth Club? We used to have some excellent players here.

☞Parker & Parmele's coaches are now making regular trips to Lincoln City, through from Plattsmouth in one day. It is well worth the stage fare to pass through the country and see the improvements being made between this city and Lincoln. You will find a thriving town at Ashland, and between that and Lincoln is one of the finest farming countries in the world.

A Mistaken Idea Corrected.

Mrs. Wm. R. Remble, of Middlebury, Vt., under date of July 7, 1866, writes: "I wish to speak a word for your machine. Before using it I was strongly impressed with the idea that a "double-threaded" machine must be superior; but, after having used your machine two and a half years, I am prepared to say that—I would not exchange the Wilcox & Gibbs for any 'double thread' I have ever seen."

THE NEBRASKA
"COMMONWEALTH."

The undersigned having made arrangements for establishing a Republican paper at Lincoln, the Capital of the State, have the honor to announce to the public that the materials for a first-class publishing and job office have been ordered and will be ready for business in a short time.

The "COMMONWEALTH" will labor for the early and rapid development of the resources of our Interior counties and the State generally, by the influx of hardy immigrants, and for the immediate construction of the iron highways of commerce, to make a market for the first grain growing section of the Union. As an exponent of Republicanism it will sustain the policy adopted by the Congressional majority, in obedience to the mandates of the men who carried the flag from the "River to the Sea." But while faithful to the principles of the Republican party, we shall freely consider and discuss the great questions of the day as they present themselves, in all candor and with such ability as we may possess.

Subscription price $2. per annum in advance.

The "*Commonwealth*" will be issued at the earliest practicable day.

Flouring AND WOOL-CARDING.

Ho! for Salt Creek, where you can kill two birds with one stone, get your Grain Ground and Wool Carded at the same time; the machinery for both is in perfect order. We use the Patent Machine Cards, which were run enough last year to establish their superiority over the old kind, as all who used them can testify. The superiority of Mr. S. Twiss as a Carder is well known, and his services are still retained for the benefit of the public. With the above advantages we flatter ourselves that we can make it to the advantage of all who want work in our line to come this way. D. DEAN, *Proprietor.*
