

The Nebraska Herald.

LOCAL NEWS.

The M. E. Conference commences its session at Peru to-day. Trains on the U. P. R. R. have been slow bound for several days. Much of the early sown wheat in this county is up and looking finely. Nine yards of prints for one dollar at Clark & Plummer's. Lumber is sold in this city cheaper than at any other point on the Missouri river in Nebraska. The B. & M. R. Railroad engineers have been surveying between this city and Glenwood during the past few days. The B. & M. R. R. Co. are making preparations to finish their road through to this city at the earliest date possible. They begin to "see it." Ladies call and see our new stock of dress goods and trimmings. C. & P's. Everton Doom, of the firm of Doom, Bro. & Co., left for the east yesterday to purchase goods. There were four steam boats at this place at the same hour last Monday evening, all bound up the river. If you want to buy Boots, Ladies and Childrens Shoes, call at the new Boot and Shoe Store, one door west of Wm. Stadelmann's Clothing Store. Ladies call and see our new stock of dress goods and trimmings. C. & P's. There were four steam boats at this place at the same hour last Monday evening, all bound up the river. If you want to buy Boots, Ladies and Childrens Shoes, call at the new Boot and Shoe Store, one door west of Wm. Stadelmann's Clothing Store. Ladies call and see our new stock of dress goods and trimmings. C. & P's. There were four steam boats at this place at the same hour last Monday evening, all bound up the river. If you want to buy Boots, Ladies and Childrens Shoes, call at the new Boot and Shoe Store, one door west of Wm. Stadelmann's Clothing Store. Ladies call and see our new stock of dress goods and trimmings. C. & P's.

Ladies will find the latest style hoop skirts at C. & P's. We are in receipt of Demore's Young America. This excellent little magazine continues a great favorite of the juveniles. Its stories, colored pictures, and apt way of conveying most useful instruction, render it exceedingly attractive, as well as a real help in the work of education. Price \$1.50 per year, with a premium. Publishing Office, 473 Broadway, New York City. Send for a circular. The largest stock of cheap hard ware to be found in this city is at C. & P's. Some friend has sent us a "new map of Nebraska," which shows that this State is located in one corner of Nebraska City. Upon the back of the map, in pencil, is a request that we hang it up in our office. It is done—the thing is pasted up solid, and we invite the geographers of the State to call and examine it. We are sorry the "feller" that got it up was ashamed to put his name on it. He would be a valuable acquisition to Barnum or prole desiring correct information in regard to Nebraska. To the Farmers.—We are receiving the largest stock of Agricultural Implements ever brought to this city, comprising everything needed in that line from a jack knife to a self raker. We pay special attention to this branch of trade and ask you to call and see our stock. We purchase direct from first hands and are able and willing to sell at prices that defy competition. Clark & Plummer. Mr. L. G. Todd, of Mt. Pleasant, has perfected his arrangements for the extensive manufacture of Cheese. He commences under the most favorable auspices. He has secured the services of an old experienced "Western Reserve" Cheese Manufacturer, and has all the latest improvements in machinery used. We see no reason why he should not succeed. He has a large two story building erected for the purpose of drying and curing, and expects to be able to supply this part of the country with cheese. We hope our merchants will bear in mind that home manufactures should always be supported. If you want Fence Wire at Factory prices go to Clark & Plummer's. Doom, Bro. & Co. have been making various little improvements in and about their store, none of which are very extensive taken alone, but taken together they show a desire to have everything neat and tidy about them. They have torn up the old sidewalk and had new brick put down, done a little excavating, painted their store front, and fixed things up generally. These small improvements are what make up a magnificent whole. C. P. are selling every thing in their line cheaper than they have been sold in the market since the war. The Teaching of Experience. After the experience of more than twelve years, and a careful examination of more than forty different machines: having used in my family five different kinds, making the "lock," "double loop," "single loop," and "twisted loop" stitches—the last for nearly four years, the first for nearly twelve, and the others for nearly six years—I desire to present to your readers the teaching of my experience, viz:—There are many kinds of sewing machines that are not worth the room they occupy—a few that do good service for those who have the ability to manage and to keep them in order; and but one that is always in order, always ready for service, and that always gives satisfaction. This machine uses a single thread, makes the twisted loop stitch, and never fails in making it. It is called Willcox & Gibbs Sewing Machine, and is superior in simplicity, durability, ease of management, certainty of operation and the beauty of its work, to any other that I have seen. The work done by this Machine has shown greater strength and durability than that done by machines making any other kind of stitch.—S. T. Fowler, in the Phrenological Journal. The place to buy you Queensware cheap is at C. & P's. The question of Manufacturing in Nebraska is becoming one of considerable importance. We see Mills and Machine shops springing up in different parts of the State, and every one of them is meeting with the greatest success. About a year and a half ago Mr. C. E. Forgy concluded to open a plow manufacturing in this city. He started on a small capital, and without the means necessary to make his business generally known except by actual experiment with his productions. The first year of course, his sales were small, though probably equal to his facilities for manufacturing, but just as soon as his plows were used by a few farmers in each locality the orders commenced flowing in faster than he could fill them; and to-day he can sell more plows in Cass County alone than he can manufacture. He has testimonials from the leading farmers all over this State, and from many in Kansas, Missouri and Iowa. "He makes the best plows ever stuck into Nebraska soil," is the universal testimony of those who have used his manufacture. We understand he intends putting in steam works this season, and otherwise preparing to meet the great demand for his plows. Wall paper and window shades in great variety at C. & P's.

DIED, At his home in Cass County Nebraska, March 18th, 1868, in the Sixty fifth year of his age, HON. SAMUEL EIKENBARY. The deceased was one of the oldest settlers of Cass County, having removed from Iowa to this State (then Territory) in the fall of 1856, where he resided up to the time of his death. In March, 1860 he was elected to the Constitutional Convention, and in the fall of 1861 was a member of the Territorial Legislature. By his death the community has lost an honorable, upright, public-spirited citizen, liberal almost to a fault; his bereaved family a kind husband, and an affectionate father; the world a true, consistent Christian. His name will live green in the memory of all who knew him. NOTICE. J. J. Woodrow, of Ashland, is closing out his stock of goods at cost. He is selling boots, shoes, leather, harnessware, fags, and everything and anything he has at very low figures. He also offers his house and lot in Ashland very cheap. All persons knowing themselves indebted to him are requested to call and settle immediately. m 25f. FOR RENT. A good dwelling house, with stable, &c. &c. mar5f J. E. Doom. NOTICE. All persons indebted to the undersigned will please call on Herrman Herold, at the old stand, and settle immediately. mar5 C. G. Herold. NOTICE. All persons owing us will please call and settle as we want to close up our last years business. jan2f SIMPSON, MICKELWAT & Co. Dissolution of Copartnership. The firm of Black, Buttery & Co., is this day dissolved by mutual consent. Those indebted to us are requested to call on Wm. Black, at the old stand, and pay up at once. G. H. BLACK, J. H. BUTTERY, M. L. WHITE. March 15th 1868.—m 263 w. From 15 to 20 Acres OF CORN PLANTED IN A DAY, By using the VANDIVER CORN-PLANTER, A Great Improvement on TWO WHEELED PLANTERS. Having greatly improved this Planter for 1868, the makers substantially say and will warrant the Vandiver Corn-Planter to be the best and cheapest planter of Corn, Broom Corn, Sorghum, Beans and Potatoes, not to the farmer. A simple trial of this machine is all that is asked to prove what is asserted. Among many other decided advantages of this Planter over others, the following are guaranteed. 1st. It runs on four wheels, consequently is LIGHTER OF DRAFT than any other Corn Planter. 2d. The depth of planting is regulated by the extra wheels forward, from two to six inches deep, as desired, perfectly and with certainty. 3d. With two horses and only one man it will plant from 15 to 20 ACRES OF CORN A DAY, covering perfectly. 4th. It will drop the corn scattered in the hill, so it can be thinned out when it comes up. One great fault with Planters is their failure to do this. 5th. It will plant the toughest prairie sod, the roughest or foulest land. 6th. This Planter has separate and distinct coverings which never fail to cover the Corn, forming a ridge which is pressed by concave wheels equally upon all sides, making it the only Planter that is a positive coverer. For further particulars, call, or address D. B. McMECHAN, No. 106 MAIN ST. - NEBRASKA CITY. NEW ARRANGEMENTS! James O'Neill DEALER IN DRY GOODS, GROCERIES, HARDWARE, QUEENSWARE, HATS, CAPS, BOOTS, SHOES. FARM PRODUCE. And everything needed by the FARMER MECHANIC.
