PUBLIC LANDS.

ED. HEROLD.—Are your readers aware that there are nearly two entire townships of No. 1. land in the south-west part of this county, open to settlement by pre-emption or taken as homesteads.

The Opinion says that the Burlington and Mo. River Railroad is coming through Glenwood is now fully established. The Engineer Corps have been working in the Keg Creek Valley a number of days during the past week.

Brick Pomeroy says of the claim of the Chicago Times that Seymour's and Pendleton's financial policies are alike: "Governor Seymour comes out square for paying the bonds in full, and in gold. There is no denying that. If Mr. Pendleton's plan means that then it is a great humbug, and he and his friends are working up a popularity for him on false pretenses."

Fourth Year.

With this issue we commence the fourth year of the Herald. How well we have succeeded in filling the bill of what the people expected of a newspaper in Plattsmouth, we leave to be answered by our readers; assuring them that, to the extent of our ability and the means afforded us we have labored for what we conceived to be their best interests.

Be it remembered that it is upon the people we depend for success, and to them we look for approval or condemnation of our efforts. To those who feel an interest in the welfare of the Herald, we would say that we believe no paper in the State has had a more permanent, steady growth. We have depended upon the masses, and they have given their assent to our general policy by an increase of our subscription list and advertising patronage.

THE FEW VS. THE MANY.

There are men who treat politics as a marketable article—who act upon the principle that it is all barter and sale, and that the man who can bid highest, can secure the highest office; who appear to believe that all the people are for, or all the rights they have in the political affairs of our country, is to vote and work for the man who will make them the greatest promise.

GOV. SEYMOUR.

Ex-Gov. Horatio Seymour has published a letter pointedly contradicting what he terms "a silly falsehood, put out by the Ohio State Journal, that I am not a candidate for President because there is proof that, in 1864, I was in confidential correspondence with the Rebel Commissioners in Canada."

OHIO.

The various city elections which took place throughout Ohio last Monday, shows large Republican gains. In the city of Cleveland the gain was over one thousand. The Cops may rejoice over Connecticut, but they will at the same time weep over Ohio and Connecticut and Michigan.

CONNECTICUT AND MICHIGAN.

We advise our Democratic friends to derive all the comfort they can from the Connecticut election. She is reported to have gone Democratic by about 2,000—a small gain. It may also be of some comfort to them to know that Michigan has decided that a black skin is sufficient reason for refusing the ballot to a man.

THE B. & M. R.

Every energy appears to be used at the present time to hasten the completion of this line of road to Plattsmouth. At a meeting of the stock holders of the C. B. & Q. Road, on the 21 inst., an appropriation of \$1,200,000 was made for this purpose.

HO! FOR THE WEST!

Next week some forty or fifty frugal and thrifty B-heman families of this city will emigrate to the far west, purposing to colonize in Nebraska under the provisions of the Homestead act.

PROBATE NOTICE.

Restoration of lands on even sections along the line of the U. P. R. R., to actual owner. By order of the Secretary of the Interior, the lands withdrawn from sale under the Secretary's order of December 25th, 1867, along the line of the U. P. R. R., are hereby offered for sale on and after the 5th day of May 1868.

PROBATE NOTICE.

Notice is hereby given that B. Sprinkle has made application to be appointed guardian to Edgar C. Lewis, minor heir of C. Lewis, deceased, late of Plattsmouth, Cass County, Nebraska. The Court has appointed Thursday, the 25th day of April, to hear and determine the same.

Medical Association—and that the Convention at Omaha next May is for that purpose.

We heartily wish them success, and assure them that the community at large will feel much interest in their labors. The Society adjourned to meet again at Rock Bluffs, on the 21st Monday in June next, at 2 p. m. As their deliberations are open to the public we hope as many of our citizens as can, will attend.

SCRATCHING.

The above caption does not refer to the "scratching" of the human body, neither to the term as applied to the game of billiards; but to that pernicious practice which some Republicans have of going into convention and pledging themselves to abide by and support the nominees thereof, and on election day to "scratch" a portion of these same nominees.

IMPEACHMENT TRIAL.

The impeachment trial has been making fair progress during the past week. A large amount of documentary evidence has been submitted on the part of the prosecution, and a number of witnesses examined to prove the conspiracy to take forcible possession of the War Office and to defeat the execution of the reconstruction laws, also to prove the correctness of the reported speeches of Johnson while "swinging around the circle" with Nasby.

CONNECTICUT.

It is not in such an awful shape, if she did go Democratic. Both branches of the Legislature are largely Republican, which gives a true blue Radical in the Senate.

REMEMBER.

The Precinct Conventions next Saturday. Let Republicans turn out—all of them. No one should stay at home. If you do not attend the primary meetings, and choose delegates who will fully and fairly represent your wishes, you must not be disappointed if your wishes go unrepresented.

THE TWO MOSES.

The New Orleans Tribune gives the following capital contrast of the two Moses, of whom Andrew is the latest specimen: The true Moses was the meekest of men; our Moses is the most mulish—The true Moses was a man of prayer; our Moses is a man of oaths. The true Moses was slow of speech, and had his brother for a mouthpiece; our Moses unfortunately speaks for himself.
