

LOCAL NEWS.

The Republican Club meets to-night.

There is to be another public sale of lots in Lincoln commencing on the 9th day of June next.

Holy Communion will be administered at St. Luke's Church this evening at 7 o'clock.

The Brownville Journal proposes devoting a column to marriage notices. Well now; that's business.

We notice that John Tutt, Esq., is making substantial improvements on his property on Second street, south of Main.

The "scissors" man was in town last Monday with the same grand stone he had when we were a boy.

E. A. Wigmore left for the east last Saturday, for the purpose of laying in a large stock of goods.

EASTER SUNDAY—Services at 11 a. m. and 5 p. m. Rev. Mr. Betts will preach his last sermon as Rector of St. Luke's at the 5 o'clock service.

Col. Hiram Rhodes and R. Patrick are the delegates from Johnson County in the Republican State convention.

The Commissioners' Court was in session last Monday and Tuesday, at which time the Assessors of the different precincts made their returns.

We hope our friends throughout the county will send in the names of the delegates elected next Saturday, at as early an hour as possible.

See advertisement of lands for sale by U. W. Wise. His list embraces some very fine tracts, and those desiring to purchase will do well to examine them.

Don't fail to attend the Republican Club to-night.

There were 33,476.54 acres of land taken by homestead, pre-emption and entry in the Nemaha District during the month of March.

The Republican primary meetings in Nemaha County were held last Saturday, and the County Convention is to be held next Saturday.

We have received the first number of the Chicago Commercial Index, a large ten column paper, devoted to the commercial interests of that city.

Bishop Clarkson will preach in St. Luke's Church on Good Friday (to-morrow) at 10:30 a. m. He will also administer the rite of Confirmation.

E. T. Duke & Co., of this city, sold four tons of fence wire to Cass County farmers in one day last week. This looks like improvement, considering the number of houses that sell wire.

We learn that Jacob Dawson, Esq., sold two lots in Lincoln last week for \$300 each. Mr. Dawson contemplates issuing the first number of his new paper soon.

See "Public Notice" from the U. S. Land Office, in another column. This will be good news for the settler, and Nebraska will now fill up with greater rapidity than ever.

Hon. S. M. Rich has retired from the editorial chair of the Brownville Journal, and J. W. Blackburn, Esq., takes his place. The Journal will continue to be undeniably radical.

It commenced to snow about 5 o'clock yesterday evening, and it came down for about one hour like mid-winter. Wonder if it didn't set close on the young grasshoppers?

Our former townsman, O. M. Carter, Esq., has opened a Store and Tin Shop at Columbus, in this State. Carter is a thorough business man, and the people of Columbus and vicinity will find him as "straight as a string."

Rev. Geo. C. Betts goes to Omaha next week to take charge of Trinity Chapel. We are sorry that Mr. Betts is to leave us, but doubt not he will find in Omaha a field commensurate with his talents.

We would like to see a full turnout of the Boys in Blue at our primary conventions. They proved their principles by noble service in the field, and we want their advice in the councils of the nation they have saved.

See new advertisement of O. F. Johnson & Co. They will be found opposite Clark & Plummers, where they keep a fine assortment of everything in their line. Mr. Johnson is a druggist of long experience, and they keep none but the purest drugs.

Messrs. T. Ashton, J. E. Lamaster, L. Cook, John Roberts, Judge Wolph, Geo. Lee and R. M. Rolfe are the delegates from Otoe county in the Republican State Convention—a delegation of sound, substantial men, as we know from personal acquaintance with them.

To those persons who desire correct information in regard to this city, we would say, examine the advertising columns of the Herald. We have a set of business men who are determined to extend their trade and who know how to do it. These are the kind of men who always sell cheap, and who do more to build up a city than a ten-acre field full of old fogies.

Club meeting at the Court House to-night.

We have seen at the County Clerk's office, some of the finest specimens of mapping to be found in the state. We refer to the county and precinct maps made for the use of the County by Alfred L. Brown, Esq. Draftsman in the Surveyor General's Office in this city. Maxwell & Chapman, also, have one of the County maps.

The delegates from Douglas county to the Republican State Convention are Gen. S. A. Strickland, John B. Furay, F. Metz, Joseph Fox, Geo. R. Smith, J. B. Bailey, John M. Howard and A. R. Haal. The alternates are H. Gray, Geo. W. Homan, Philip Metz, Louis A. Walker, Fred. Krug, John Smiley, J. C. Corwin and H. L. Seward.

W. L. Thomas, Esq., has made arrangements to have the services of Mr. J. H. Reno at his Photograph Gallery for one week, only, commencing Monday, April 12th. We would advise those who wish fine photographs to call on him during the week. Reno is making some very fine Photo's, and his new style Stereoscopic Photograph is just the thing for family groups.

Doom, Bro. & Co. have entered largely into the Agricultural Implement business. They propose to make this a specialty, which enables them to furnish everything in the line at the very lowest figures. Their experience and extensive acquaintance with the farming interests of Nebraska enables them to select such implements as are best adapted to the wants of the country. See their new advertisement.

It is pretty generally known that there is a large and flourishing Lodge of Good Templars in this city, with a membership of nearly two hundred. But it is not generally known that among that noble band of men and women who are laboring for the benefit of the poor, self-oppressed drunkard and his family, there is only one man who votes the Democratic ticket. The Order is open to all who desire to join it and live according to its precepts. Comment is unnecessary.

We are pleased to learn that Mr. A. B. Smith of this city, has finally succeeded in getting a hearing before the Commissioner of Patents, and that his application for a patent on his improvement in carriage and wagon wheels has been granted. The patent will be issued in a few days. We have, as before stated, examined the model, and do not hesitate to pronounce Mr. Smith's improvement one of great importance; being simple, cheap and durable, and essentially does away with the re-setting of tires and loose spokes.

BEICHT'S LEXICON FOR ALL.—The popular lexicon that people suffering from dyspepsia or predisposed to that disease, should not eat biscuit, has grown out of the fact that the common Saleratus has been used in the making of such biscuit. And it is right, the article is mischievous. But light and healthy biscuit, such as dyspeptic people may eat with impunity and with positive benefit, are made from D. B. De Land & Co.'s Best Chemical Saleratus. Physicians admit this.

As Nebraska is pre-eminently an agricultural State, and especially a wheat-growing State, anything which tends to throw light upon that subject must ever be of importance to the public. Our readers will remember that we noticed the fact that A. B. Taylor, Esq., sowed 50 acres of wheat in February last. This was considered unusually early, most farmers predicted that he would have to sow the ground again. Mr. Taylor informs us that he never had a better "stand" of wheat than that 50 acres is now. It was sown on the 17th day of February, and after it had sprouted and a large portion of it was through the ground the weather turned extremely cold—mercury down to 10 deg. below zero. Mr. Taylor says the cold did not injure a single grain, but that it all grew just the same as though the weather had been more moderate. He thinks the earlier in February wheat can be sown the better. There has been a great many persons to see this wheat since it was up, and we doubt not the experiment of Mr. Taylor will do much toward solving the question in regard to the time to sow wheat. Those interested will do well to call and see it, and talk with Mr. Taylor, whom they will find well posted in all matters pertaining to agricultural interests.

EXHIBITION and CONCERT. The Ladies of the M. E. Church "Aid Society" will have their first monthly exhibition and concert at the Court House Hall on Wednesday evening, April 15th, 1865. Doors open at 7 o'clock p. m. Admission free, 25 cents.

But One Thread. As the public already know, the "Best Sewing Machine" uses only one thread. This gives it many important advantages; two of which is described in the published "Decisions" of the Judges at the great "Island Park Trial," in these words: "It uses but one thread; and thus avoids the necessity for complicated machinery—which is required for two threads." It sews directly from the spool; which makes it unnecessary to re-wind the thread, and adjust it in a shuttle. To these they add thirty-three other reasons why the Willcox & Gibbs is "The Best"—"Report of Grand Trial."

At the Court House this evening.

3000 Good Apple Trees, and numerous varieties of Nursery Trees ready for delivery at my Nursery. Also One Thousand SUGAR MAPLE TREES. Those who have engaged Napier, will please call and get them. Trees which I have sown for, will be here and ready for delivery the last week in March. Osage Orange will be ready for delivery the first week in April. Ready, March 15, 1865. W. S. WEST.

MARRIED. At the Lutheran Parsonage, April 23, by the bride's father, Mr. PETER VALLEY and Miss AMELIA E. CUTLER. The printers were remembered, and the happy couple have their best wishes. April 1st, by A. Carmichael, Esq., at the house of John Canby, Mr. ALLEN CANBY and Miss ELIZA JANE COOK, all of Cass county Nebraska.

From 15 to 20 Acres OF CORN PLANTED IN A DAY, By using the VANDIVER CORN-PLANTER, A Great Improvement on TWO WHEELED PLANTERS.

Having greatly improved this Planter for 1865, the makers unhesitatingly say and will warrant the Vandiver Corn-Planter to be the best and cheapest planter of Corn, Broom Corn, Sorghum, Beans and Peas now offered the farmer. A simple trial of this machine will all that is asked to prove what is asserted. Among other desired advantages of this Planter over others, the following is guaranteed. 1st. It runs on four wheels, consequently it is LIGHTER OF DRAFT than any other Corn-Planter. 2d. The depth of planting is regulated by the extra wheels forward, from two to six inches deep, as desired, perfectly and with certainty. 3d. With two horses and only one man it will plant from 15 to 20 ACRES OF CORN A DAY, covering perfectly. 4th. It will drop the corn scattered in the hill, so it can be thinned out when it comes up. One great fault with Planters is their failure to do this. 5th. It will plant the toughest prairie sod, the roughest or foulest land. 6th. This Planter has separate and distinct covers which never fail to cover the Corn, forming a ridge which is pressed by concave wheels equally upon all sides, making it tight, and thus insuring a positive cover.

For further particulars, call, or address D. B. McMECHAN, NO. 106 MAIN ST., NEBRASKA CITY. REED, BEARDSLEY & REED, Real Estate Agents, WEEPING WATER, NEBRASKA.
