NATIONAL REPUBLICAN PLATFOM.

1st. We congratulate the country upon the as-sured success of the reconstruction policy of Congress, as evidenced by the adoption in the majority of the States lately in rebellion, of constitutions securing equal civil and political rights to all, and regard it as the duty of the government to sustain those constitutions, and prevent the people of such States from being remitted to a State of anarchy or military

rule.
2d. The guaranty by Congress of equal suffrage 2d. The guaranty by Congress of equal sunrage to all loyal men in the South was demanded by every consideration of public safety—of gratitude—of justice—and must be maintained, while the question of suffrage in all the loyal States properly belongs to the people of those States.

3d we denounce all forms of repudiation as a national cross and the national honor requires the

so we denotance all forms of repairation as a national crime, and the national honor requires the payment of the public indebtedness in the utmost good faith to our creditors at home and abroad—Not only according to the letter, but the spirit of the laws under which it was contracted.

4th. It is due to the labor of the nation that the taxation of the nation should be equalized and reduced a residue as the national faith will negmit. duced as rapidly as the national faith will permit.

5th. The national debt, contracted as it has been for the preservation of the Union, for all time to come, should be extended over a fair period for re-demption; and it is the duty of Congress to reduce the interest thereon whenever it can honestly be

done.

6th. That the best policy to diminish our burden of debt is to so improve our credit that capitalists will seek to loan us money at lower rates of interest than we now pay, and must continue to pay so long as repudiation, partial or total, ep.n or covert is threatened or suspected.

7th. The government of the United States should be administered with the strictest economy; and the corruptions which have been so shamefully nursed and fostered by Andrew Johnson call loudly for rad-

cal reform.

Sih. We processed to deplore the untimely and tragic death of Abraham Lincoln, and regret the accession of Andrew Johnson to the Presidency, who has acted treacherously to the people who elected him and the cause he was pledged to support; has usurped high legislative and judicial fu ctions and has refused to execute the laws; has used his high office to induce other officers to ignore and violate

the laws; has employed his executive powers to render insecure the property, peace, liberty and life of the citzen; has abn ed the pardoning power; has denounced the national legislature as unconstitutional; has persistently and corruptly resisted, by every means in his power, every proper attempt at the reconstruction of the States lately in rebellion; has perverted the public patronage into an engine of wholesale corruption; and has been justly impeached for high crimes and misdemeanors, and properly pronounced guilty thereof by the vote of 35 Senators;

3th. The doctrine of Great British and other Sth. The doctrine of Great Britain and other

Sth. The doctrine of Great Britain and other European powers, that because a man is once a subject he is always so, must be resisted at every hazard by the United States as a rene of the feudal times, not authorized by the law of nations, and as war with our national honor and independence. Naturalized citiz us are entitled to be protected in all their rights of citizen of the United States, native or naturalized, must be liable to atrest and imprisonment by any foreign power, for acts done or words spoken in this country; and, if so arrested and imprisoned, it is the duty of the government to interfere in his behalf.

10th: Of all who were faithful in the trials of the late war, there were none entitled to more especial honor than the brave soldiers and seamen who endured the hardships of campaign and cruise, and imperilled their lives in the service of the country. The bountles and pensions provided by law for these brave defenders of the nation are obligations never to be forgotton. The widows and orphans of the gallant dead are the wards of the people—a sacred legacy bequeathed to the nation's protecting care.

11th, Foreign emigration, which in the past has added so much to the wealth, develops ent of resources, and increase of power to this nation—the assylum of the oppressed of all nations—should be fostered and encouraged by a liberal and just policy. 12th, This convention declares its sympathy with all the oppressed peoples which are strugging for their rights.

13th, That we recognize the great principles laid down in the Declaration of Independence as the true

13th, That we recognize the great principles laid down in the Declaration of independence as the true foundation of democratic government, and we hall with gladness every effort toward making those

principles a living reality on every foot of American soil

14th, That we highly commend the spirit of magnaimity and forgiveness with which men who nave served in the rebellion have now frankly and hon, estly co-operpted with us in restoring the peace of the country, and are reconstructed. They are received back into the Union of the loyal people. We favor the removal of the restrictions imposed upon the late rebels as soon as the spirit of rebellion has died out.

BINGHAM AND BUTLER,

The two master minds of the impeachment trial, are talked of as prosecutors of Jeff Davis. A bill has been introduced in the House instructing the Secretary of war to procure their services. If they make as good a case against Davis as they did against Johnson it will take several "scade" to clear him. Probably more than it did to clear

BUCHANAN DEAD.

A telegram from Lancaster Pennslyvannia, dated June 1st, says: "Ex-President James Buchanan died at Wheatland this morning in the 77th year of his age" Just this, and nothing more. By his imbecility and his truckling to the slave power, James Buchanan earned the condemnation of all good American citizens, and with the above brief notice he passes from the minds of the people.

Has it been since the copperhead press of the country saw no particular objection to Gen. Grant as a Presidential candidate, provided they could man age to get him to run on their ticket? and how long will it be before they will be heaving dirt (their native element) at Chief Justice Chase, whom they are now anxious to drag down to their level and place upon a platform got up by such men as Brick Pomeroy & Co. ?

DEATH OF KIT CARSON.

Carson was sixty-five years old, and leaves four sons and a daughter, all under fifteen years of ago. Democratic Consistency

Is being manifested at the present time in the endeavor to nominate Chief Justice Chase as the Copperhead condidate for President. All the vile excrescense which copperhead hate could manufacture has been heaped upon Mr. Chase, and all men who thought as he did on the slavery question, for the last ten years, and yet we find the copperhead party on the point of saying we will take Mr. Chase as our Presidential candidate if he will only be the means of leading us to the flesh pots we so much covet. Just think of it. What kind of arguments would be used by copperhead orators to secure votes for Mr. Chase. They would get up and tell you he had always been in favor of negro suffrage, had always been opposed to secession, and was one of the principle actors in carrying on the abolition crusade against the democratic war; and that their only object in nominating him was that he might be their stepping stone to plunder. It faithfully, and labor to make it one of would be rather an uphill business for Is the watchword of the democratic Brick Pomeroy and J.
