

LOCAL NEWS.

Gen. Hitchcock came down from Omaha yesterday.

Gen. Sherman has instructed Sheridan to persuade the Indians in Kansas and drive them from the country.

Farmers having wheat had better sell it and buy their fencing wire and staples at E. T. Duke & Co.'s, while they are selling so low.

There will be a Grand Rally of Republicans at Lincoln on the 16th of September. The finest speakers of the State will be there.

We understand Porter is advertised to read his "letter" to the people of North Platte, Query—will he tell them up there that he will, if elected, use his influence in favor of Cass County?

Porter said, in his speech here on Monday the 17th, that he could not be elected except he got Republican votes. He might have added: "Good Lord, on what a slender thread."

Don't forget that E. T. Duke & Co. can supply you with anything in the Hardware line cheaper than can be bought elsewhere.

The Dorrington Bros have their new thrumbrace coach in the hands of the trimmer, and expect to have it on the road about the 10th of next month.

The Ladies of the Presbyterian Church will hold their first fall Sociable at the residence of Mrs. T. K. Hanna on Tuesday evening next. Friends of the Church are requested to take notice.

The Republicans of Cass are "up and doing." A Grant and Colfax Club was organized at Stocking's School House last evening, and rousing speeches were made.

Our Democratic friends are very wrathful—and justly so—because of the cutting of the hayrads to their flag. They take it much harder than they did when the old flag was being lowered all over the South.

Gen. Livingston and Hon. J. E. Doorn spoke before the Grant and Colfax Club of this city last Thursday evening. Their speeches were full of argument, and we only wish there had been more democrats there to hear them.

Our Democratic friends who are "running the party" in this city appear to be afraid to let their followers turn out to hear Republican speeches. They take special pains to keep them away—at least it looks that way.

Capt. Henry Kuhl has opened the store corner of 3rd and Main streets, formerly occupied by J. N. Wise. We saw crowds of people around there, and hope his business talents may win him lots of customers.

The crossing on the Bridge over Main Street needs the attention of the City dads. In wet weather one is in danger of being spilled into the mire where our worthies have provided a wallowing place for aristocratic pigs.

Blacksmiths, why are you all complaining of the scarcity of bar iron, when E. T. Duke & Co. have a large supply of all sizes and kinds, at about St. Louis prices.

The grasshoppers have nearly all left this part of the country again, and the farmers are not mad in the least about it. It is not certain whether this flying plague has gone for the season or whether their absence is temporary.

Messrs. Wolfe and Dilley, of Rock Bluffs, will address the Grant and Colfax Club at the Court House this evening. They have each carried a musket in the service of their country, and have a right to speak for her. Turn out and hear them.

Look out for copperhead rascality. They have commenced already by organizing bogus precincts, for temporary employees along the U. P. R. R. to vote in. Watch every corner, and when you see attempts at rascality report immediately.

Capt. Wm. McCarty, the first proprietor of the Platte Valley House, is on a visit to this city to see his son, G. McCarty, Esq., and other friends and acquaintances. He, like all other sensible men, is for Grant and Colfax.

The Ladies of the Parish Aid Society are requested to meet at the residence of E. B. Buttery, Esq., on Friday, 23. inst., at 5 p. m., for the purpose of completing arrangements for the Christmas Festival to be held Christmas eve.

By order of the President.

Just one left, of the celebrated Walter A. Wood prize Mowers—the only Mower that received the Grand Gold Medal Prize at the French Exposition, held last year at Paris—for sale by E. T. Duke & Co.

Mr. Joel Parcel, of Oronopolis, offers a large quantity of valuable property for sale, consisting of horses, cows, farm implements and household furniture. He intends going east on a projected visit, and will dispose of said property at public sale on Friday the 11th of Sept., at his residence. This will be a splendid opportunity for persons desiring any property of this kind. The terms of sale are six months time with good security on all amounts over \$10.

Cash paid for Wheat by L. L. HOLBROOK, aug. 25-26.

Please take notice that E. T. Duke & Co. are just in receipt of a heavy invoice of Cooking, Parlor and Box Stoves, of all the latest patterns. Call and see them.

Sheriff Johnson informs us that James Wishart—one of the prisoners held by him on the charge of horse stealing—has secured the necessary bail and been set at liberty. He is required to appear again to-morrow for further examination.

New Goods. First installment of the season. Clark & Plummer are receiving a fresh stock of Dry Goods, Notions, Hats, Caps, Boots, Shoes &c., which they are offering at prices that defy competition.

A list of appointments had been arranged for G. W. Ambrose, Esq., to speak throughout the South Platte, and they may have received publicity in some portions of the State ere this. On the day of the first appointment we received word from Mr. Ambrose that he would be unable to fill them, in consequence of the sudden death of a near relative.

Let every Republican go and see the registrar and have his name enrolled as soon as the books are opened. Don't put this all important matter off from day to day, but make it your business to register, as it is your solemn duty to vote down a party that threatens war again as they threatened it in 1860.

Porter is making a heavy bid for Republican votes in this county as a local candidate, and does not hesitate to assure the people of this county that it will be to their "interest" to elect him. Does Porter tell the people of Otoe and Nemaha counties that he will, if elected, discriminate in favor of Cass county?

A couple of "fallen angels" were brought before Recorder Dorrington yesterday—and, by the way, their appearance indicated a pretty heavy "fall." Pleading poverty the Recorder decided it would be more advantageous to the morals and finances of the city to set them across the river than to fine them, and that programme was carried out.

J. C. Cowin, Esq., candidate for District Attorney, was in the city last week. He spoke before the immense Republican gathering at Ashland last Saturday. Cowin fought for his country during the late rebellion, and like all other good soldiers, feels the necessity of saving the country from another bloody war, such as is threatened by Blair and his followers.

At the last meeting of the Grant and Colfax club in this city, it was determined to recruit a company of "Tannery," and it only took a few minutes to raise 100, and the uniforms are expected here in a few days. These tanner organizations are striking terror to the hearts of Democracy. They hate the tanners uniforms almost as much as they disliked to see the "army blue" a few years ago.

A mass meeting of the Republicans of Nebraska will take place next Saturday, 20th inst., at Omaha. This will probably be the largest gathering of men ever had in the State. Let every man go and see what the patriotic people can do when aroused. Democracy stands a good show to be buried forever beneath the avalanche of intelligent voters in this State.

Since our last issue we have learned from a reliable source that the contract of Messrs. Wolfe, Carpenter & Co., for grading the B. & M. R. R., is to the river opposite this city, instead of to the C. B. & St. Joe R. R., as reported last week. We presume the intention of the contractors is to commence work on this end of the road at an early day, as they are advertising for a large force of hands and teams.

Helman's hope has at last been realized—at least for a few moments. He said about two years ago, in a public speech in this city, that he "hoped to see the day when the American flag would float side by side with the Democratic flag." We understand they were both adrift for a time in Hamburg on Saturday the 15th inst. Helman is said to be a candidate for Presidential elector from this State, on the democratic ticket.

One of the Democratic leaders of this city said a few days since, while talking to a considerable crowd of men: "Jeff Davis is a friend of ours and we are friends of Jeff Davis." He was speaking of and for the Democratic party, and we have not a shadow of doubt that he spoke the truth, so far as it applies to the leaders of the party. Will war democrats remain blind to the designs of the leaders?

We give a large portion of our space this week to the letter of Judge Pearson, of North Carolina. The Judge treats our political affairs candidly, and as every American citizen should. He does not claim to be a Republican, but thinks the only way to prevent another war is to elect Grant. Read it, Democrats who love your country, and see if his reasoning is not good. We do not expect those democrats who are in favor of war to heed it, but there are many who are opposed to more bloodshed, and to these we appeal.

There will be a Camp Meeting in Rev. J. T. Cannon's Grove, near Union Post Office, between Plattsmouth and Nebraska City, commencing on Thursday night, the 27th inst. A general attendance of preachers and people is solicited.

Will Omaha and Nebraska City papers please copy? T. B. LEMMON, P. E. Plattsmouth, Aug. 21st, 1858.

See card of Parmele & Kershaw, dealers in lumber. They have one of the largest and best stocks ever brought to Nebraska.

It has ceased to be a wonder why the rush has been so great for E. T. Duke & Co.'s Tin Ware. It is manufactured by themselves and is not "Shop" work, made only to sell. "That's what's the matter."

Hon. T. M. Marquette is now filling a list of appointments north of Platte. He will speak before the Grant and Colfax Club of this city next Thursday evening (one week from to-night.) Turn out and hear him, as it may be the last opportunity during the campaign. He will make a thorough campaign and may not be able to speak more than once at any one place.

The Republicans of Salt Creek precinct organized a Grant and Colfax Club last Monday evening, and the fires of Liberty are burning brightly in that locality. Speeches were made by Mayor Pottenger and A. L. Sprague, Esq., of this city. We learn that the Republicans were out in force, and manifested a determination to do all they could for the cause. Such is, in fact, the news from all parts of the county.

Some of our Democratic friends are endeavoring to make party capital out of the fact that the hayrads to their flag were cut last Sunday night, and are asserting that the act is endorsed by many Republicans. This is all a mistake, gentlemen. No Republican endorses such action, and there is fair reason to believe that the hayrads were cut by mischievous boys—no man would do a thing of this kind, notwithstanding the flag was raised as a Democratic flag, and not as an American flag.

The Otoe county Democratic committee met one day last week and commenced to "doctor" their county ticket by stuffing off such withered branches and "dead issues" as appeared to be weighing the party down and making it unseemly to the public eye. The first stroke caused the head of the great J. Sterling to roll off, and his name was taken from the prominent position it occupied at the head of the county ticket, as Candidate for the State Senate.

Well, we do not see that it makes any material difference whether his head rolls in the dust now or after the 13th of October. The only difference is that now he is slaughtered in the house of his friends, and in October the "Rads" would have done the business for them.

Mr. Magee, the gentleman who repaired the steam ferry boat at this place last fall, arrived yesterday with the necessary tackle to raise the old wreck. The City Council have entered into an arrangement with Mr. Magee whereby he takes possession of the ferry for the terms of five years, and is to put in a large and powerful steam ferry boat as soon as the ice breaks next spring. He will raise the old boat and use it this season, and build an entirely new boat during the winter. Mr. Magee is a thorough Ship Carpenter and an old boatman, and will personally superintend the building and running of the boat. He was here last week and made arrangements with the Council, and came back on the Colorado. We formed his acquaintance while here, and think he is just the man Plattsmouth has been looking for during the past year or two.

Sunday night last some miserable scamp cut the hayrads on the Democratic flag pole in this city, and drew them out of the pulley. We have no idea who did it, but all good citizens will join in denouncing the miscreants, whether they are Republicans, or whether they are "patriotic" democrats who still despise the stars and stripes. Whoever it was, we hope they may be found out and receive the just indignation of all citizens who honor the American flag for its worth as an emblem of liberty. We hope no one claiming to be a Republican does this thing; for such things are not in accordance with the principles of the party—which recognize the right of all men to be loyal to the flag of the country if they will. If it was done by some sneaking rebel because of his hatred to the colors which had floated from the pole, the act is none the less execrable. Such acts are not arguments, and upon argument and reason alone should the campaign be conducted by all parties.

DIED. At Weeping Water Falls, on Thursday, August 13th, 1858, Renzaco, wife of James W. COGSWELL in the 64th year of her age.

Silent, Swift, and Irresistible. "It is the simplest."—"It is the best made."—"It is the least liable to get out of order."—"It runs the stillest."—"It runs the easiest."—"It runs the fastest."—"It has a device to prevent the wheel running backwards."—"It requires the least mechanical skill to use it." These are a few of the thirty "Decisions" rendered by the Judges at the celebrated "Grand Trial at Island Park," in favor of the Wilcox & Gibbs Sewing Machine.

We have two of the celebrated John H. Manny's Combined Reamer & Mower left, which we offer to the farmers of Cass County, for the very low price of \$160, and warrant the same to do as much and as good work as any machine made.

A few of the Celebrated Garden City Selby Cultivators and Hay Rakes on hand yet at a very cheap price.
