

LOCAL NEWS.

Tanners will meet in front of Court House Saturday next at 7 p. m. Every man is wanted By order of CAPTAIN.

Court sets in Bellevue next Monday.

All kinds of Cooking, Parlor & Box Stoves at E. T. Duke & Co's 1t.

Gen. Hitchcock paid our city a short visit last Monday.

See appointments of Senator Tipton and Hon T. M. Marquett

Everton Doom, Esq., of the firm of Doom, Bro. & Co., left for Missouri last week on business.

Wm. Stadelmann, Esq., starts for the East in a few days to lay in a heavy stock of goods.

Mr. Thompson left for Omaha with his herd of California horses a few days ago.

Hon. A. B. Fuller passed through this city last Tuesday on his way to Michigan to attend the death bed of his mother.

A fine assortment of Cross Cut Saws of best make, just received by E. T. Duke & Co.

Gen. Strickland will join Senator Thayer at Nebraska city, and be with him until after the meeting at this city on the 19th.

E. A. Wiggens, of the "New York Store," arrived at home last Monday, and their new goods are now coming by every train.

There will be a big Republican gathering at Ashland on Friday the 18th inst. Senator Thayer, Gen. Strickland, and other noted speakers will be present.

Messrs. Stevenson, McLennan, McCracken, Scofield and Shambaugh, Attorneys from Nebraska City, have been in town during the last week attending Court.

The person who left a ladies' portfolio, containing a small amount of change, on the counter of Vallery & Ruffner's store, last week can have the same by calling at the store.

Do not forget the big rally in this city on Saturday the 19th. We hope to see large delegations from all of the adjoining counties. Turn out, and make modern Democracy quake.

Lost.—On Tuesday afternoon last, somewhere between Plattsmouth and Rock Bluffs, on the main traveled road, a lady's hand satchel. The finder will be suitably rewarded by leaving it at the Herald office.

We learn that Mr. Porter, Democratic Candidate for Governor, had the misfortune to break his fine carriage (upon which he pays no government tax) all to pieces recently, on an unexciting tour north of Platte.

W. A. Patterson, Esq., Principal of the Plattsmouth Graded School, has received the appointment of County Superintendent of Common Schools for this county, and those desiring to become applicants for certificates as teachers are requested to call on Saturdays of each week.

In four of the wagons loaded for the Democratic meeting at Rock Bluffs last Tuesday there were only eight voters, the balance of the load being composed of boys and women. At that rate how many wagon loads would it take to give Seymour and Blair a majority in Cass county.

Another hundred Tanners uniforms arrived last Monday. We propose having Tanners enough in Cass County to tan all the Democratic hides (political) that can be mustered in the State. Remember that this is the "home" of a "troucing Republican vote" he is going to get.

There will be a social hop at the City Hall to-morrow (Friday) evening, under the management of the Johnson Bros. They furnish the best music west of the Missouri river, and know how to manage a dance to the satisfaction of all parties concerned. Come, and pass a pleasant evening.

Call at E. T. Duke & Co's and see the new patent Cook Stove they have, with patent galvanized reservoir, for hot water.

Tanners are all the rage now. Companies are being organized in nearly every precinct in this county. Weeping Water is a glorious Republican locality—furnishing a company of nearly one hundred Tanners. Keep the ball rolling.

A friend writing to us from North Platte says that in localities where Mr. Marquett was not known, all that was necessary to draw the people together for ten or fifteen miles around was to tell them he was the little man who skinned Morton so badly two years ago, during their joint debate.

It will be observed that one column on the fourth page of the Herald is devoted to the cause of Temperance. We have placed this column under the exclusive control of the Good Templars Lodge of this City, and an editorial committee has been appointed by the Lodge. All communications should be addressed to the Good Templars Lodge in this city. We hope our Temperance friends will take pains to make this column interesting, and that it may accomplish much good.

Porter came down from his North Platte Caravan looking very much chaffed. His large Republican vote—which he says he must have in order to be elected—has dwindled down to a great large "0." and we hear of Democrat all over the State who declare loudly against him. Well, Porter, we "feel for you," and shall continue to do so.

It must have sounded to the Democracy like the bursting of a bomb in their camp last Saturday night to hear that old war horse—Conrad Rippe—peal forth cheer after cheer for Grant and Colfax. Mr. Rippe cannot go Seymour and Blair, and has declared publicly for Grant and Colfax. He is a German by birth, and despises the men who would dishonor his adopted country.

Three more German Democrats came out last week and joined the Grant and Colfax Club in this City. In order that our copperhead friends may not accuse us of misrepresentation we give their names: John Erecht, Simon Obernally and Wedomeky. We hear of others who are coming.

"Where ignorance is bliss 'tis folly to be wise" may be true in many cases, but to be ignorant of the fact that E. T. Duke & Co are selling articles in their line lower than any one else in town is a great loss to those who have to buy.

Senator Thayer, Judge Mason, Gen. Strickland, Hon. John I. Rodick, and a number of other talented speakers will be here on the 19th. Turn out Democrats, and hear whether or not our speakers tell the truth. Give both sides a careful hearing, and candidly consider what you hear.

Judge Lake arrived last Monday and opened the Fall Term of District Court. The Civil Docket will hardly be cleared at this term, owing to the full Criminal Docket to be gone through. The Judge thinks a special term will be necessary in this county. Proceedings on the Criminal Docket will probably commence to day.

Just as the Johnson Bros were starting for Rock Bluffs last Tuesday evening, to play for a dance, one of the breast straps gave way, and a nice little runaway occurred. The occupants of the carriage were pitched out, but none injured seriously. The carriage (which belonged to Mr. Wm. L. Thomas) was broken some, but not badly.

Orange Plants are scarce in all the States, but in great demand. They will all be sold this fall so that none can be had in the spring. They can be had this fall by applying in season to W. S. West.

A lively Republican meeting was held at Stockings School House in Orapahos precinct last week, and addresses were made by Messrs. Sprague and Erwin. Parties who were in attendance say they handled the issues before the people in a masterly manner, and that many Democrats who were in attendance went away feeling that the platform adopted at New York was an uncomfortable thing to stand on.

The Democrats of Plattsmouth precinct met on Saturday the 5th and elected the following delegates to attend the Democratic County Convention to be held on the 12th: W. Mickelwait, J. N. Wise, S. F. Cooper, W. Winterstein, Dr. J. Black, W. Murray, R. G. Doom, John Cummins, J. W. Haines, W. E. Donelan, F. Lenthoff, A. Lazenby, John Hohlshub, A. G. Barnes.

The telegraph informs us that the contract has been let for building the Railroad bridge at Omaha, and the Omaha papers claim the transfers are to be made on the west side of the river. We hope this is so, as it makes our "ox bow" connection just the thing for the B. & M. R. R., and for the St. Louis, Chillicothe and Omaha road. It will give them a connection with Omaha and the Pacific Road much nearer than to go by the way of Council Bluffs.

We learn that out of the five officers of the day at the Democratic meeting at Rock Bluffs last Tuesday, four of them were "carpet baggers" from Missouri—recent importations to run the Democratic machine in Nebraska. This class of men, who are now "raising the roots" of Democracy all over the land, will not trust such men as believe in the old Jeffersonian theory that "Government derives its just powers from the consent of the governed."

Richard P. Ford, who has been confined in our county jail and in the Otoe county jail for about two years, was brought into court yesterday, and on the representation of the Prosecuting Attorney that he had no testimony against him, was discharged from custody. It seems strange that this could not have been done at the last term of court, and nearly a year of incarceration saved the prisoner, and a heavy expense saved the county.

Who can beat it? Mr. R. E. Pile threshed last Friday for Mr. John Adams, in this county, from 9 o'clock a. m. to sundown, 1300 bushels of oats, and had only about two thirds of a set of hands to get the grain to the machine. Our informant says that the oats poured from the Machine as fast as two men could take them away with wash tubs, and that the whole lot—1800 bushels—could have been threshed during the day with a full set of hands. We believe this is the greatest amount of grain threshed in the same length of time that we ever heard of. Has any body heard of any better work.

The Plattsmouth Tanners met at the Court House last Friday night, and elected the following officers: Capt.—Jos. W. Johnson. 1st. Lieut.—W. L. Wells. 2d. Lieut.—C. Wilcox. Adjt.—A. Schlegle.

Senator Tipton addressed a large and enthusiastic audience at the Court House in this city last Saturday evening. The Senator made some telling points, which brought forth cheer after cheer and caused many a Tanners cap to circle in the air. Only short notice was had of his intention to speak, but the hall was filled to its utmost capacity. The Plattsmouth Tanners were out in force, and paraded the Streets singing patriotic songs. Modern Democracy was compelled to hide its gasty countenance, and the city seemed filled with loyalty.

ALL PERSONS knowing themselves indebted to me will please call and pay up immediately. A word to the wise, etc. Sept. 10th. C. E. FORGY.

Call at E. T. Duke & Co's and buy what hardware you want for building purposes, such as Door Locks, Latches, Hinges &c. Nobody can undersell them.

Col. Thos. Patterson, of Rock Bluffs, called on us this week for his paper, stating that he had not received it through the post office at that place. The Herald is always mailed on time to every subscriber, and any delay in their receipt is attributable to the post office or post routes. We have heard complaints from the Rock Bluffs post office different times, and conclude there is bad management some where in connection with it. We hope it may be remedied, as there is no greater annoyance than unnecessary delay in the receipt of mail matter time was when the Rock Bluffs Post office was managed different.

Hon. T. M. Marquett, Candidate for Presidential Elector on the Republican ticket, returned from his northern tour last Wednesday where he has been doing excellent service for his country. He addressed the Grant and Colfax Club of this city last Tuesday evening. His speech was one of those sound, logical, argumentative kind which always carries conviction to the minds of the hearers, and one which must be heard to be appreciated. We have said upon former occasions, and reiterate the statement, that in our opinion Mr. Marquett is one of the most convincing and soul stirring speakers in the west. His appointments throughout the South Platte country will commence next week, and we predict large audiences wherever he goes.

It has been claimed by some of our Democratic friends that the Vallerys could control the entire German vote of this locality, but it don't look much like they "owned" the Germans of this county when you see such staunch and industrial men as Conrad Rippe harrasing for Grant and Colfax and swinging his Tanners cap in the air. Have "the Vallerys" lost their grip? The Germans of this locality are beginning to see our political affairs in their true light, and reason for themselves on the best mode of preserving a free government and maintaining our national honor and credit. Hurrah for Grant and Colfax!

The reaction is here—not the one talked of by Democrats last year, but its counterpart. We occasionally see an item in a copperhead paper telling about some single Republican in another State who has concluded to go for Seymour and Blair. Those Republicans who are to vote for Seymour and Blair are like the milk sickness in Indiana—they are just a little way ahead. But right here in Plattsmouth we can show you at least a half dozen live men who have always been Democrats, but who now declare boldly for Grant and Colfax, and give evidence of their loyalty by coming out in our Tanners procession in full uniform. Among the number we mention one who is not unknown to Democratic politicians in Nebraska—Conrad Rippe.

Waste of Money, Time and Patience A lady who had used a Willcox & Gibbs Sewing machine for several years, was induced to purchase a "double thread" one; but a very short trial of it satisfied her that it is simply a waste of money, time and patience, to bother with a two-threaded machine; Mr. J. P. Bogardus, of Jeffersonville, N. Y., referring to that case, writes: "That lady is a dress maker and tailors, and does quite a business. A short time ago, she was induced to buy a two-threaded machine; but she has now got her old machine back again, and offers her 'double thread'—for sale!"

We have two of the celebrated John H. Manny's Combined Reaper & Mower left, which we offer to the farmers of Cass County, for the very low price of \$160, and warrant the same to do as much and as good work as any machine made.

ADJOURNED SALE OF LOTS AT LINCOLN The sale of the State lots at Lincoln is adjourned till the 17th day of September, at which time there will be offered all the lots unsold in the old town site of Lancaster, which includes the "Odd Numbered" Blocks in and around the University Place and Market Square. Also two hundred or more unsold lots in the neighborhood of Lincoln Park, which will include some of the most desirable lots in the city. This will be the last offer of lots at the Capital, and persons desiring to purchase will note the fact.

The Capital building is nearly completed. The Salt Works are in active operation. The U. S. Land Office has been removed from Nebraska City to Lincoln. The country is being rapidly developed, and the city is building up with a rapidity that will soon make it the interior town of the State.

Daily Stages run in connection with the Railroad from Nebraska City and Plattsmouth, and parties from Omaha can take a daily stage via Plattsmouth and arrive same day.
