GRDINANCE.

An ordinance to provide for the paving of the alde walks on Mills Street from Fourth to Sixth Birset in the sity of Plattanenth East h. Self Credenaed, By the Mayor and City Council of the city of latamenth, that the experie

school lands within them are appraisthose hitherto organized, and lands valued at \$7 an acre and over, are sold-those rated under seven, are to be kept until the price is brought up to that figure. If the provisions of this law are rigidly adhered to, the current demands of our schools, will be met by the interest upon montes derived from current sales, and in the end, or within twenty-five years, we predict, our school fund will amount to at least ten millions of dollars.

The entire land grant by the United States to Nebraska, is as follows: For erection of State 12,800 acres. House, For erection of Peniten-32,000 . uary, For erection of Univer-56,060 sity, For erection of Agricul-90,000 . tural College, 56,060 ... Saline lands,

Interal Improvements, 500,000 ... Common schools, (State) 2.643.080 " as admitted,

Total, 3,381,000 " Nebraska presents the last chance to obtain any of Uncle Sam's Agricul are occupied. Now, lands are cheap -but the price will present a constant increase in the future, and not many years will elapse ere "free lands for the landless,' will become only a record in history.

To the emigrant we offer no advice ure for a postal telegraphic system ; as to the point where he should locate. the proposition for an amendment to Every acre of land we have described the Constitution providing for uniform is good for something; and we do not know of a county in the State where, if he 'sticks his stake' right, he will not be abundantly rewarded for the Mansion; bill for increasing the salatrouble and expense of coming.

We append a list of persons in different parts of the State, who can give immigrants or knowledge-seekers in formation.
