

LOCAL NEWS.

T.K. Hanna arrived in the city last Tuesday evening.

Read State news to be found on second page.

WANTED, AGENTS—MALE OR FEMALE—See Foot & Clark's advertisement.

Remember that O. F. Johnson & Co. have all styles of Valentines.

We refer our readers to an article on Nebraska, in another column, written by Bayard Taylor.

The bill introduced in our legislature going away with the death penalty was defeated by a fair majority.

See advertisement of "The Life and Epistles of St. Paul," in another column.

If you want to get a pretty Valentine, go to O. F. Johnson & Co's.

A white and black checked shawl was left at the Herald office about a month ago, which the owner can get by calling for.

Some unmitigated scoundrel stole the neck-yoke and double tree of Dell Johnson's wagon. The hand of justice is reaching for the villain.

We learn from the Nebraska City Chronicle, that D. J. McCann, Esq., is about to erect a new banking house on a lot recently purchased by him.

Rocheater, New York fired fifty two guns in honor of the election of Mr. Fenton, ex-Governor of New York, to the United States Senate for the next ensuing six years.

SINGING SCHOOL

L. F. Johnson will give his first lesson in Vocal Music in the basement of St. Luke's Church, on Monday evening next, February 8th. All are invited to attend the first night, as the lesson is free.

If you want to perpetrate a "goak," go to O. F. Johnson & Co., and get a sweet—Valentine.

We refer our readers to an article on the first page, headed "From the Far West," taken from Brick Pomroy's Democratic. It speaks very highly of our flourishing city and its surrounding country, also of Capt. Murphy's Colony scheme. It is worth saving.

One of our skylarks, got a little too near the edge of an air hole opposite our city, and broke through, but escaped with a good ducking. We advise our young friends to keep a sharp look out for artificial air-holes.

We learn that the B. & M. R. R. Company reject the proposition of our County Commissioners, and express a desire to run the road where they please. Mr. Hochstetter has asked them for a proposition.—Nebraska City Press

The above indicates which way the wind blows.

O. F. Johnson & Co. have a large stock of Valentines.

We have before us a speech of Hon. John A. Logan, on the Civil Service Bill. This bill provides for a life tenure of all civil officers of the Government.

ATTENTION, GOD TEMPLARS—Our G. W. See, will be with us on next Tuesday night, and it is hoped a full attendance of members will be had.

A resident of Burlington, Iowa, having had sanded sugar sold him, inserted in the paper the following: "Notice—I bought a grocer in this village a quantity of sugar, from which I obtained one pound of sand. If the rascol who cheated me will send to my address seven pounds of good sugar, I will be satisfied, if not, I shall expose him."

Call at O. F. Johnson & Co's., and examine their large stock of Valentines.

Dooms' tell us that they will have to order another ear load of Weir's Walking Cultivator as the one hundred they received last week are nearly all engaged. That speaks well for Weir's Plow. It is said they are the best Cultivators made beyond a doubt.

A MALIGNANT JOKE.—This morning received a special dispatch from Plattsmouth, Neb., informing us that the firm of Tootie, Hanna & Clark, bankers, had failed. Upon inquiring among our bankers we were informed that there was no foundation in fact for the rumor, but that a person, who ought to be wheeled out of the country, had bought up all their checks and presented them without previous notice.
