HERD LAW.

We print to-day what is called a herd law. It was not the act which was generally termed the herd law, and, in fact, we are at a loss to know just how this act ever became a law, unless by the same process as the section line road law.

RAILROAD TO LINCOLN.

A correspondent of the Lincoln Commonwealth argues in favor of giving \$3,000 per mile, in county bonds, for each mile of road built in Lancaster county to each Railroad that would build to that city.

Let them submit a proposition to give that company a specific amount of bonds if the company will agree to complete the road within a specified time. We think this would be the best way, both for the people and the company.

We clip the following from the Weeping Water correspondence of the Omaha Republican. It is dated, March 22d, and signed "J. S."
